ON THE BIKE.—The Journal Examiner bicycle relay race which began at San Francisco on noon August 25th, ended in front of the Journal office on Park Row, New York, at 3.29.04.15 on Monday afternoon, Sept. 7th. The actual time for the race was 13 days, 29 minutes, 41.5 seconds. The achievement is a remarkable one, both as regards the speed made and the number of enthusiastic wheelmen who were ready to inconvenience themselves to show what they and their muscle-propelled vehicles were capable of. The prize for perseverance is, however, likely to remain with the gold-seeking argonauts of 1849 and the early 50's; as they took as many months sometimes as the wheelmen have taken days, but they did their work on their feet, and such roads as they needed they made as they went along. And their prize was a nation.

AN APPEAL. To the People of Canada in Favor of the Society Amateurs Fabriquants of the Town of Tignish, Prince Edward Island. A great calamity has befallen the once pretty and rising town of Tignish. On Sunday, the 30th August last, a fire accidentally broke out, which in a few hours destroyed over two-thirds of the entire town, comprising stores, hotels, dwelling and workshops. The fire was irresistible from the start, because of the very strong wind that carried it forward in its work of destruction, and so uncontrollable did it become in its mad career that some of the burning buildings were carried by the breeze to a distance of over two miles, where farm houses and other buildings were in danger of becoming ignited. Indeed fire was found to have started in many places, even at that great distance. In this, as has always been the case with the consequences to the inhabitants of Tignish are disastrous, and we fear irreparable. What should, however, appeal most forcibly to the sympathy of the public in connection with this case is the pitiable condition of so many families who have been almost ruined and rendered homeless. Families have been divided and scattered here and there among the farmers and others of the surrounding settlement. This has been found to be necessary in order to provide shelter for so many people who have lost their homes, and it is to all these that a Relief Committee has been formed here, who have undertaken the task of appealing to the charity and sympathy, not only to the people of this province, but also of the inhabitants of the chief cities of the Dominion. As was well expressed by one of the speakers at our meeting last evening:—"It is our turn now, but it may be theirs some day."

The committee of seven appointed at that meeting have chosen for President and Treasurer, the Rev. Duval M. Macdonald, the parish priest of Tignish, who will thankfully receive any contributions that may be sent him to help the poor sufferers in their sore distress. If in money, these remittances should be forwarded to the President either by registered letter or the office order, and they shall be duly and promptly acknowledged. It is our intention to make a special appeal to the mayors of the chief cities, to solicit co-operation of the principal newspapers, and to interest in our good work as many private citizens as possible. With this imperfect statement we think our case is sufficiently intelligible, and trust that it may receive, at the hands of all good and charitable people, the consideration it deserves. (Sgd.) DUVAL M. MACDONALD, President and Treasurer. F. J. BUOTE, Secretary. S. F. PERRY, J. DORION, M. D., J. W. GREEN, PATRICK KENNEDY, JOHN HACKETT, Committee. Tignish, Prince Edward Island, Sept. 3rd, 1896. If anything else but cash is forwarded please have it marked (For Relief Committee) as this will enable us to obtain reduced rates on transportation.

GUARDIAN-TEMPERANCE. Sir,—Now that another election is on foot, the temperance question is being revived, and as usual, for party purposes. To-day's Guardian gives a pen-sketch of Mr. Campbell's attitude in the legislature when the "Liquor Regulation Act" was before them. A discourse upon the Guardian's treatment of Dr. Jenkins, the introducer of this act, when contesting for a seat in the Commons against an ex-President of the Charlotetown Club, would make interesting reading for to-morrow's issue. If some of their past inconsistencies can only be smoothed over they will be further able to manipulate this popular machine to their party's advantage. L. P. TANTON.
