

Senior Class Report : Heaven in '77 !

On Jan.13/77 there was a general meeting of the Senior Class. The turnout was VERY dissapointing as only 14 people showed up. The meeting did go on though and a few decisions were reached. The Executive finds it very difficult to get things done as help and support on these activities is very minimal.

In case you are not aware, we (Class of '77) are sponsoring one day at Winter Carnival and the big event of our day is the Carnival Ball. This involves a lot of work most of which happens on the day of the dance when the Confederation Centre must be decorated. In addition, on that day there are other activities which need planning and also people to see that these

activities actually take place.

The Co-Ed dance will be held Friday March 18 and is sponsored by our class. As in any other event like this we need HELP.

If you are interested in helping us with these ; please contact a member of the Executive and let them know. We don't like harping at the same people for everything, so any new helpers would be most welcome.

As you read this article the Marathon Dance is going on. It runs from Thursday Jan 27 noon to Friday Jan 28 at 6 PM. The registration to this point has been poorer than anticipated, however those participating will certainly have fun. Again we are forced with finding people to act as judges and to

run small errands. We have some people lined up to work but need more. It's not too late to get out and help. Drop down to the Panther Lounge and at least support the dance by being a spectator no matter what time it is. Imagine yourself dancing for 10, 20, or 30 hours and how happy you would be to see company. This dance should be the biggest fund raiser of the year for us and the benefits will go to YOU and YOU and YOU.

Following the Marathon Dance there will be a Senior Class Party starting at 9 PM at the Federation of Labour Hall. All Seniors and guests are welcome and we would like to see YOU there.

The next general meeting of the Class of '77 is

to be held Thursday Feb 3/77 at 5:45 PM in the Panther Lounge at this meeting final plans for Senior Day of Carnival as well as Co-Ed will be made as well as other business of the Class.

If you have any questions, comments or suggestions about Senior Class activities please do not hesitate to contact a member of the executive. If writing send in care of Student Union Office.

I trust everyone will show up at the Marathon (if only to watch) and will attend the party after. Also please don't forget the meeting on Thursday Feb.3/77 at 5:45 PM.

Dear Cadre

Is there something you do or don't like on campus? This is the place to complain or encourage. All submissions very much welcomed.

Dear Mr. Editor,

This seems like a cheapie way of looking after my correspondence but I know that all my pen-pals read the Cadre. Besides, what I want to say here should be said before the whole university community.

This past week-end saw the Newman crew here at UPEI host what was a most remarkable meeting of students from all across the Atlantic Provinces. Maybe, one of the UPEI group will report the event in this issue; I'm not sure. In any event, all I want to do here is thank sincerely all of the people involved in making the week-end the success it was. A great deal of work went into the preparing of our program. Many thanks, then, to the members of the Program Committee whom I shall not list by name here. A great deal more work went into the preparations for and the carrying out of the program.

Many thanks, then, to our food people, our entertainment people, our speakers, our musicians, our technicians and our cleaneruppers.

If he didn't under-

stand his job properly, a Chaplain could almost feel sad at seeing a remarkable program run off without a hitch and without his terribly important clerical presence being needed at all.

The Atlantic regional Newman Conference was by students for students. It dealt with a theme which one would hardly think would bring students all the way from St. John's -- "Faith on Campus". Take it from a hardened conference-goer, it was a smashing success thank, Mr. Editor, to those hard-working people whom I wish to address through you. This might sound like a bit of horn-tooting but all of those involved in the Conference have shown the other Maritime universities and (one half-hour later) MUN and WCRC in Newfoundland, that UPEI ers can deliver the goods.

And all of UPEI should know it.

Finally, a thanks to our President who kindly took time out to welcome our guests. Thanks also to Brian and his helpers of Beaver Foods. Thanks to the Students Union who made the Barn available. And thanks to you, Mr. Editor, for printing such a long letter.

Sincerely,
Fr. Bren Megannety,
Chaplaincy, UPEI

To the Cadre:

The basketball game of Saturday past against Acadia proved to be a sorry

example of injustice suffered by university students. A large number of students were left standing outside the door while inside were non-students who had gained admittance on the virtue of an athletic pass so generously distributed by the gym directors.

After paying \$20 athletic fee each student is supposedly entitled to free use of all gym facilities. In many cases however, this right is used only to the extent of watching basketball games in the gym. Once again advance tickets were available from the control room, but how many students were aware of this? One can only hope with the expected crowd for the game Friday night against St.F.X., the majority of the specators will be U.P.E.I. students. I would also like to mention the rudness of some of the non-students.

Dear Cadre,

Your article on the UPEI Photo Club greatly intrigued me. The Photo Club to this date has not accomplished a thing. In conversation with the president of the club I discussed that this is due to the budget not being passed. He as well as the Cadre says that the budget will be discussed at the next Student Council meeting.

Is a budget of \$1,618.95 really necessary to take

pictures for half of a semester? It seems to me that this money would be better spent if the yearbook committee had it and bought their photographs, which are rightly supposed to be supplied by the Photo Club, from private sources as was done last year. In this way the yearbook committee will at least have pictures to cover the full year.

Evelyn Lawrence
Letter to Cadre

For months we've been hearing about the "crises" our student union has been facing. We've heard numerous complaints about the general apathy of our student body. Few of us can see past our small university campus. As we pour back the beer how many times does the thought of our endangered ecology enter our minds? Better yet, how often do our congress representatives hear our voice? We can't really care about starving children in some unheard of land, we have enough on our minds with the poor quality food we are being served at the cafeteria. Haven't we heard this all before? The only time we complain about the steadily increasing crime rate is when our beer gets stolen from the refrigerator. I, being more than guilty, am going to sit down and write a letter, two if I have to. Not only because these problems hit home, but also because I'm beginning to see further then our small "society" at UPEI.
