Not a Dominion Convention.

There is great dissatisfaction in Montreal, as Quebec province wants to have a finger in the pie.

MATRIMONIAL.—Mr. L. E. Shaw, watchmaker and jeweler, of Souris, and Miss Sarah McKinnon, of the same place, were married in this city on Wednesday last. The ceremony was performed by Rev. James Carruthers. THE EXAMINER congratulates the happy couple.

FUNERAL NOTICE.—The members of the different Companies of the Fire Department are requested to meet (in uniform) at the City building to-morrow, (Sunday) at 2.30 o'clock sharp, to attend the funeral of the late Robert Crabbe. By order of the Chief Engineer.
WHO IS HE?—Says the St. John Sun: John Crane, a P. E. Island man, boarding with John Moore of Harris Street, North End, has suddenly skipped out for Boston. He relieved Herbert Harris, a young man boarding at the same house, of \$127, and was on his way to the Hub before the robbery was discovered.

AN ISLANDER DROWNED.—A Gloucester, Mass., despatch says that the schr. William A. Daisley, of that city, before reported as overdue, has been given up for lost by her owners, with all on board. She sailed for Fortune Bay, Nov. 24, and has not been heard from since. John McIsaac, of this island, was one of the crew.

ABOLITION OF JURIES.—At the January session of the Supreme Court which met at Dorchester, N. B., on Tuesday the grand jury made a presentment on the subject of the abolition of grand juries, favoring that movement. Judge Tuck in discharging the jury stated that their presentment was made at a most opportune time, as the Minister of Justice had addressed inquiries to all the Judges asking their opinion on the question.

HONORING THE DEAD.—A notable instance of the loyalty of members of the Church of England to the memory of their eloquent divine, Canon Liddon, is instanced by the fact that the promoters of the memorial have already received £10,000 of the £30,000 asked for, and there is every prospect that the whole of the sum asked for will be made up. The memorial fund to Cardinal Newman, another much admired Englishman, has not been so successful, and part of the original scheme has been abandoned, the remaining features being the erection of a statue and the improvement of the Oratory Schools.

BACILLUS VIRUS. Dr. Baynes says, has fully come up to his expectations. In the seven cases tried by him it has resulted exactly as he was led to expect from his London correspondence. It has uniformly acted as a quieting, restful feeling, with more or less drowsiness and freedom from distressing coughs. The second administration acts in the same manner, only the favorable symptoms are to her more marked. There has been no untoward symptoms in any of his cases, even in one of advanced tubercular disease, where even the joints, as well as the lungs and larynx, were rich in tubercular deposit. In this case the Doctor did not expect any favorable results—it was more experimental than curative—but he was agreeably disappointed to find it acted in this case with comparatively gratifying results.
