UNTIL ACUSTION TONE CARE OF MY HEARING STRAIN

I just didn't hear clearly, couldn't seem to understand spoken words. They made me feel, blurred, fuzzy. I had to strain to hear.

People thought I was deaf. But then Acustion took care of my hearing. I was pleased at how clearly I could hear again—without strain or doubt! I haven't heard this well in years.

You're never so close as when you're there

There's a new booklet that tells all about Acustion and what you can do about it. It's FREE. No obligation. Write for it.
