The boy's face, chest and arm were severely burned. Fortunately the injuries are not serious in either case. The accident was the result of their clothes taking fire.—Moncton Times.

SAD DROWNING ACCIDENT.—The Summerside correspondent of the Guardian says: A sad drowning accident occurred on Tuesday at Egmont Bay. Mr. Joachim M. Arsenault went out alone to overhaul his lobster traps. Shortly afterwards the boat was seen drifting and on search being made by a party on the shore it was found that the occupant was gone. It is supposed that he fell overboard while examining the traps. Mr. Arsenault was about 32 years of age and unmarried. The body has not yet been recovered.

NEW ATHLETIC GROUNDS.—The citizens meeting called for last evening to consider the forming of an Athletic Association though not very largely attended was a most enthusiastic one. Mr. Donald Nicholson was appointed chairman and Mr. A. E. Arsenault secretary. Mr. Ings explained the object of the association which is the encouragement of all kinds of sport by providing suitable grounds to hold the same. Grounds at the head of Prince Street have been secured. This will be enclosed by a ten foot fence, a quarter mile banked track built, a base ball, foot ball and cricket field and tennis courts provided. A grand stand will also be built in which shower baths and training quarters will be fitted up. The amount of stock required is \$2,000, divided in \$10 shares. We understand that half the required amount is already subscribed. All young men are asked to subscribe as it is principally for their benefit.

We know the great cures by Hood's Sarsaparilla are genuine because the people themselves write about them.

The Home Comfort Range Co. have removed their headquarters from Summerside to Charlottetown where they will be located for the next three months. The manager, Mr. W. M. Braeshear is a gentleman of more than ordinary business ability and has earned the good will of all with whom he came in contact by his courtesy and promptness. It speaks well not only for the quality of the "Home Comfort Range" but for the ability of the salesmen that they were able to dispose of 200 ranges in the six weeks they have been in Prince County. These they have sold to some of our foremost farmers and judging from the testimonials which have come from time to time appeared in the columns of the Farmer the purchasers are well satisfied with them. All the transactions of these men will appear to have been conducted honorably and above board. Personally we know nothing of the qualities of these ranges as we did not purchase one but judging from testimonials above referred to and the transactions we have had at this office with the manager, Mr. Braeshear, we are of the opinion that the range is all it is represented to be. We wish the company success in Queen's County.—Summerside Farmer. 26
