SERIOUS RIOTING IN HINDOOSTAN.

Rioters Increasing and Trouble Spreading.

THEY HAVE SECURED QUANTITY OF ARMS AND AMMUNITION,

And are Committing Outrages and Burning Houses.

[SPECIAL TO THE EXAMINER.]

BOMBAY, June 21.—The riots in Southern India have reached serious proportions, and the disturbance has spread as far as Travancore.

In dealing with the rioters at this place the police were overpowered and were severely beaten and forced to retire.

The rioters have seized a number of guns and have secured a quantity of ammunition, and have now become a dangerous force to reckon with. They are cutting off the ears of their opponents for the sake of obtaining their earrings with the least trouble, and are burning houses and committing various outrages.

About four hundred and fifty houses have been burned at Sambavadgaria.

Troops have been called out and are now patrolling the disturbed districts.

TRAGEDY AT SUMMERSIDE

Four Little Girls Surrounded by the Tide and Drowned.

Summerside was visited by an awful tragedy yesterday afternoon. Four little girls, the eldest aged 11 and the youngest 6, were drowned within a mile of, and in sight of their own homes. Five little girls had gone out clam digging. Their names were, Bell May Fraser, Laura, Aggie and Janie Gallant and Daisy Perry. They had wandered along the bars about the shore and before they noticed it the water came in and surrounded them. They all started to try to wade to the shore, but only one, Aggie Gallant, succeeded, and before friends were able to get to the scene the other four perished. The bar was immediately dragged and at half-past seven three of the bodies were found.

The body of Daisy Perry, six years old, up to one o'clock to-day had not been found. As the catastrophe was so palpably an accident, no inquest will be held.

Guns for South Africa.

LONDON, June 20.—The Cape Town correspondent of the Daily Mail says: "The Government has forwarded a battery of heavy guns to Kimberly for the defence of the diamond fields. There is great activity in the Cape imperial command and munitions of war are being sent in large quantities."

PLAN OF CAMPAIGN

How General Joubert Would Act in the Event of War.

LONDON, June 20.—The St. James Gazette claims to have received from an absolutely reliable source at Pretoria, the plan of the campaign which will be followed by General Joubert commander-in-chief of the Boers, in the event of war between the Transvaal and Great Britain.

General Joubert's forces will consist of 20,000 men, armed with Mauser rifles, in addition to 46 quick-firing guns, and 1,000 artillerymen, most of them drawn from the German and Dutch armies.

With these troops and help expected from the Orange Free State, Joubert expects to take the offensive immediately after the declaration of war, enter the Orange Free State and march on Kimberley, the British diamond mining centre in West Griqualand which forms four of the seventy divisions of Cape Colony. Kimberley is about 100 miles northwest of Bloemfontein. In his march on Kimberley, Joubert will have the railroad as far as available and expects to capture the town with small loss, blowing up De Beers' diamond mine. Simultaneously, it is added, the railroad from Cape Town to Bulawayo will be destroyed by Boer sympathizers and agents in Cape Colony, who will also destroy the Port Elizabeth-Pretoria line, south of Bloemfontein, to prevent British troops from using it. Immediately after Kimberley is captured, General Joubert will advance on Cape Town, capital of Cape Colony, through western provinces, where the Dutch predominate and are expected to join the Boers. Joubert calculates he will be master of Cape Town a fortnight after the declaration of war, and that he will then be able to dictate terms of peace.

GRADING AND INSPECTION OF APPLES.

The Fruit Grower's Association of Ontario is calling upon the Federal Government to adopt regulations for the grading and inspection of apples, and with the view of bringing pressure to bear from this Province have asked our Fruit Growers' Association to endorse the following resolution:

To the Honorable Minister of Agriculture, Ottawa,—

Whereas, it is well known that fraudulent packing of apples for export is a very prevalent evil which is yearly bringing discredit upon the name of our Dominion and ruining the English market for our Canadian apples.

Whereas, as a matter of fact, Canadian apples are the finest in the world, and will bring the very highest prices in the English markets, if confidence in the packing can be sustained.

Whereas, we believe that about eighty-five per cent of the apples grown in Ontario that are shipped to Great Britain are purchased, graded, packed and shipped by dealers, and, as it is to their interest, as well as the interest of all concerned, that a reliable brand should be established.

Therefore, Resolved, that this Association do humbly pray that you will provide some remedy for the same.

We would suggest that certain marks or numbers be adopted to indicate certain grades and sizes of apples, and that it be made a misdemeanor for anyone to stamp these marks or numbers upon the outside of his packages unless the contents of the packages are in accordance therewith; that the name and address of the owner and shipper be always required on either the inside or outside of closed packages intended for export; and that an inspector be appointed with power to open any packages and, if found fraudulent to have the grade marks removed, and to expose the offender; and we further suggest that the terms used for grading be "No 1" and "A No 1s, No 1 to include sound apples reasonably free from worm holes, scabs or other blemishes and to be not less than 2 1/2 inches in diameter, and grade A No 1 the same, with apples not less than 2 1/4 inches in diameter.

In order to obtain the approval of the Prince Edward Island Association without calling a meeting, members thereof are requested to authorize the secretary, Mr. Peter McCourt, Charlottetown, by postal card, to attach their names to this resolution and forward it to headquarters.

IN THE HOUSE OF COMMONS

At Bethune's Change of Party

DISCUSSED FOR TWO HOURS BY THE MEMBERS.

The Doctor Explains why he Went Over to the Government.

[SPECIAL TO THE EXAMINER.]

OTTAWA, June 21.—In the House yesterday, two hours discussion took place over the case of Dr. Bethune, M. P., for Victoria, C. B., who has changed sides and now supports the party he was elected to oppose and over the patronage of Victoria.

Dr. Bethune in explaining his change said he went to the other side of the house because he liked it better than the other, and his change was satisfactory to the majority of the people in the country.

Mr. Bethune observed that the Government policy did not differ from the principles he had advocated in his campaign. (Opposition) laughter. Sir Charles Tupper on the close of the discussion observed that he had not supposed it to be a matter of great consequence and he was willing to leave Dr. Bethune to the judgment of the electors whom he had betrayed.
