Letter From Mr. P. P. Gillis.

SIR,—In reference to the Souris races I consider it was not fair not to allow pacers, as it was a free-for-all. It is done all through the States. I tried hard to get my pacer in, but was debarred, on account, I presume, of the reasons set forth in the following letter:—

P. P. Gillis, Esq., Charlottetown.

DEAR SIR,—Your letter came to hand some days ago, and I had to await our regular committee meeting before replying to you. We have made the time 2 35, but concluded that we cannot allow pacers in said race. We have already entered Elmo, Blackbird and Minnie Gray for this race, and I am very sorry that your horse is barred by being a pacer. Dr. Strickland says he will match his horse Elmo against your pacer after the last race is over, if you wish. We will be much pleased to have your horse Parnell here, and also your pacer, if we can arrange a special race for him.

Yours truly,
GEO. B. MCEACHERN.

As Dr. Strickland is anxious to match my pacer I will match him on any track on the Island for any sum that he will name after the Souris races, for I consider that after he will have trotted three fast heats there it would not be fair for him to tackle the pacer.

P. P. Gillis.

Always the Same.

SIR,—As your correspondent who signs himself "Catholic" evidently holds little or nothing of the Catholic faith, I do not think it necessary to notice his remarks, further than to say that if he is in search of truth and has a little common sense and humility, he may yet learn that God's truth, "The Faith once for all delivered to the Saints," must be the same at all times—if God is Truth.

Charges Against Haggart

The Tarte-McGreevy Reports.

OTTAWA, Sept. 23.

In the House of Commons yesterday, Lister preferred charges against Hon. Mr. Haggart, Postmaster-General, of having been interested in the contract for the construction of Section B of the C. P. R., while a member of the House, and that the contractors subscribed largely to political purposes—Lister will to-day move that these charges be investigated by special committee which the Government will probably resist. It is twelve years since the affair accurred. It has already been the subject of inquiry. Haggart has twice already denied the truth of the charges, and they will keep very well for six months till next session.

The debate on the Tarte-McGreevy report was continued by Coatsworth who spoke three hours in favor of adopting the majority report.

Davies followed, moving in amendment the adoption of the minority report.

Dickey made a magnificient reply to Davies and Amyot moved the adjournment of the debate at half-past one.

The Strike at Ottawa.

OTTAWA, Sept. 23.

The mill men's strike continues, with a probability of concessions. The strikers are receiving liberal support.

Weather Bulletin.

TORONTO, Sept. 22.—10 a. m.

Light to moderate winds; fine and warm.

Telegraphic News.

NEW YORK, Sept 21.—A special from Rome announces that England, Italy, Germany and the United States have decided to have a naval demonstration in Chinese waters, and that the command of the combined fleet will be given to the Duke of Genoa. This, it is said, will result in the non-intervention of France and Russia.

ST. JOHN, Nfld., Sept. 21.—The bank fishing this year will not wind up well. Several vessels of late have been making poor trips. The shore fishing on the whole has been good, and the Labrador fishery the best for many years. Had the populace of Labrador recovered from the epidemic of grip in time to take advantage of the plentitude of fish the catch would be unprecedented. The sea harvest on the whole will be very good. Of course this will be denied by parties interested in keeping up the price of fish in foreign markets, for they invariably represent the fisheries as poor and resent the publication of favorable accounts as calculated to depress prices.

BERMUDA, Sept 21.—A terrible storm has been raging here since yesterday morning, doing a great deal of damage locally. Many large trees have been blown down, the telephone and telegraph systems are demoralized, and it is feared that the hurricane will prove disastrous to shipping off the coast. The barometer is down to 29.19, and the storm centre, which is now about 100 miles east of the island, is moving towards the Nova Scotia coast. If the gale continues to rage with its present severity, you can look out for a rough experience when it strikes Canada. No reports of loss of life or disasters to shipping have yet been received, but these are looked for as soon as the gale subsides.

News Notes.

In a recent interview Hippolyte expressed his great desire for peace, and claimed that Hayti was favorable to his rule.

Secretary Blaine's physician reports that his patient is greatly improved and will be able to resume his duties in October.

The London Times characterises America's position in the Behring Sea dispute as preposterous. A correspondent in the same journal claims that there is not the slightest fear of the seal being exterminated.

MARRIED.

At the Mission Church, Boston, on the 16th September, by the Rev. M. J. Carduke, C. S. S. R., Daniel F. McDonald, to Miss Eliza Cahill, both of Charlottetown.

DIED.

At his father's residence, Upper Belle Creek, on the 14th inst, of hemorrhage of the lungs, Daniel McKenzie, in the 29th year of his age, leaving an aged father, three brothers and five sisters to mourn the loss of a dutiful son and kind brother. Deceased was the eldest son of Roderick McKenzie, and grandson of the late Alexander McDonald of Valleyfield.

AGENTS WANTED!—"Life of Sir John A. Macdonald," by Col. J. P. Macpherson. In the dark days of 1873-78, Col. J. Pennington Macpherson, nephew of the late Premier, proposed to him to write the story of his life. He consented, and gave assistance by letters to persons in possession of the necessary information respecting his public life, since which time the work has steadily proceeded. Owing to the author's connection and intimacy with his uncle, he is in a position to give many interesting facts which no other writer could, and much fuller information regarding the events with which Sir John was so closely connected.
