JOHN P. MOTT'S CHOCOLATE, BROMA AND OTHER COCOA PREPARATIONS APPROVED OF AND RECOMMENDED FOR MORE THAN A QUARTER OF A CENTURY BY THE MOST EMINENT PHYSICIANS OF BRITISH NORTH AMERICA.—To those who desire the best productions of Cocoa free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles manufactured by himself. His Broma, owing to the peculiar process of manufacture, by which the oil of the nut is completely neutralized, while all its virtues are retained, affords, as well to the robust as to invalids, and those whose digestion is impaired, a delicate and salutary beverage. That its value as an easily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

JOHN P. MOTT.

Having tried the Broma made by Mr John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated; and that, from the facility with which it may be prepared and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food

AUCTION SALES
OF
PUBLIC LANDS!

THE Commissioner of Public Lands will, on THURSDAY, the 8th day of June next, at 10 o'clock, a. m., on the spot, offer for Sale, at Public Auction, by the lot, the whole of Cascumpec Point, comprising about 250 acres of excellent land, laid off for a town and subdivided into 180 Lots, containing an area varying from two roods to three acres each. According to the plan of the same to be seen at the Office and at the office of the Hon. G. W. Howlan, Alberton.

Purchasers will find in this property a valuable investment; it being situated in the harbor of Cascumpec, surrounded with good water privileges, and in the immediate vicinity of the terminus of the trunk line of railway to be constructed through this Island. It is eligibly situated for business, and, judging from the rapid growth of Alberton and the further contemplated facilities of communication, it is destined, ere long, to become a town of considerable importance.
