Newspaper Strike Takes Toll; Retail Sales Cut 75 Per Cent

NEW YORK (AP)—The newspapers strike here has caused telephone and mail order sales in downtown department stores to drop 75 per cent below normal the National Retail Merchants Association said.

Edward Engle, sales promotion manager for the association, blamed the drop for much of a general sales loss. General sales last month were eight per cent below normal, he said.

"The full impact of the strike," he said, "is being felt especially now in this period of clothing sales, introduction of fashion merchandise, furniture sales and storewide clearances."

Engle said that despite the increased use of direct mail, radio, stop- gap newspapers and other measures, the stores have been unable to achieve "volume results formerly obtained from newspaper advertising."

The New York printers are seeking an 18 - a - week wage increase over two years plus fringe benefits the publishers estimated would increase the cost of a new contract by a total of $27 a week per man. The newspapers offered a $10 two-year weekly package.

In Cleveland, where two dailies are closed by five striking unions, federal mediators sat in on negotiations between publishers and printers. A spokesman said "nothing significant developed."

QUIZ

Your right - hand opponent deals and bids One Diamond, both sides vulnerable. What would you now bid with each of the following five hands?

1. ♠AQ863 ♥KJ72 ♦Q874 ♣5
2. ♠KJ843 ♥AKQ852 ♦7 ♣A6
3. ♠AK8543 ♥9 ♦AJ62 ♣AJ
4. ♠KQJ10952 ♥6 ♦53 ♣K85
5. ♠AQ7 ♥Q84 ♦KJ5 ♣KQ92

1. Pass. It is too dangerous to overcall with a heart or a spade on a four- card suit, especially in view of the vulnerability. It would also be foolhardy to double for takeout, since partner might respond in clubs and then the fat would really be in the fire. A double would be in order if the opening bid were a club, but against the actual diamond bid, the best thing to do is pass.

2. Double. The hand is much too good for a simple overcall of one heart, which would be the normal bid to make without the king of spades and ace of clubs. Overcalls in the one level generally denote less than opening-bid strength.

The double is preferred to a jump bid of two hearts because of the possibility that partner has spade length. Partner may have four or five spades and be short of hearts, in which case spades would be the better trump suit. It would be a good gamble to go directly to four spades if partner responded in that suit.

3. Two spades. Whenever a takeout double is made, there is a presumption that the doubler has adequate support for at least two of the three remaining suits. But in this case we have support for only one suit, spades, and a double would therefore be out of tune. The best way of showing the power of the hand, and its one-sidedness, is to jump-overcall to two spades. The jump is not forcing, but it is highly invitational.

4. Three spades. This is a preemptive bid, pure and simple, and is not to be confused with an overcall of two spades, which would show a very good hand. It shows the same type of hand on which you would open the bidding with three spades as dealer.

The chief purpose of the bid is to eat up bidding space so that the opponents will have less room in which to send messages back and forth. The jump overcall shows six or seven probable playing tricks, but relatively poor defense.

5. One notrump. This is a much more illuminating bid than a double, which strongly implies distributional values as well as a wide range of high-card values. The notrump overcall is very precise. It shows 16 to 18 points, notrump distribution, and well-divided strength. It is equivalent to an opening bid of one notrump by dealer.
