SPECIAL DESPATCHES TO THE EXAMINER.

THE FISHERIES QUESTION.

THE PRESIDENT'S COMMUNICATION.

NEW BILL OFFERED.

WASHINGTON, Aug. 23.

President Cleveland submitted a communication to Congress this afternoon regarding the fishery question, saying that the Senate having defeated the treaty submitted, it only remained for him to try and make other arrangements relative to the question. While he deplored the circumstances, he felt it his duty to recommend retaliation as far as it would benefit and not be to the disadvantage of the American people, and this can best be done by enforcing article 33 of the treaty of 1871, which allows the governments of both countries to receive goods to be forwarded to other countries free of duty in bond if entered at the ports of New York, Boston and Portland in the United States, and other ports stipulated in the British Provinces. In 1886 the government received notice that fishermen would no longer be allowed to ship fish in bond free through Canadian Provinces, and it had been enforced ever since greatly to the detriment of the American people.

WASHINGTON, Aug. 23.

The following bill was offered to-day:—"An Act to empower the President more effectually to carry out the purposes of the Act entitled an Act to authorize the President to protect and defend the rights of American fishermen, American traders and other vessels in certain cases and for other purposes approved March 3rd, 1887, and to authorize the President to protect American interests against unjust discrimination in the use of canals in the British dominions of North America."

Be it enacted etc., that whenever the President may deem it his duty to exercise any of the powers given him by the act, entitled an act to protect and defend the rights of American fishing vessels, etc., it shall be lawful for the President, in his discretion by proclamation to that effect, to suspend the whole, or in part, the transportation of goods, wares and merchandise imported or exported from any foreign country, except Canada, in bond, and without payment of duty to or from the British Dominions of North America across the territory of the United States. Whenever the President shall be satisfied that there is any discrimination whatever in the use of Welland Canal, St. Lawrence River Canals, Chantilly Canal or either of them whether by taxes, drawbacks, refunds of tolls or otherwise, which is or may be detrimental to the interests of the United States or any of its citizens, it shall be lawful for the President in his discretion to issue a proclamation to that effect, whereupon there shall be collected a toll of 20 cents per ton upon every foreign vessel and cargo passing through either the Sault St. Marie Canal or St. Clair Flats Canal, and the Secretary may authorise and direct any customs officers to collect tolls levied under this Act. The President, when satisfied that such discrimination has ceased, may issue a proclamation to that effect in his discretion, whereupon the tolls levied under this Act shall no longer be collected. The Secretary of the Treasury is authorized to make any regulations needful to carry this Act into effect.

Another Canoeing Disaster.

TORONTO, Aug. 23.

Word has been received here of the drowning at Knowlton Landing yesterday of Miss Ella Archibald, daughter of Mr. Archibald, baker, of this city, and W. Hilton, also of this city. They were engaged to be married. They were in a canoe which capsized.

The Parnell-"Times" Suit.

LONDON, Aug. 23.

Scotch lawyers report that it will be easy to delay the trial of Parnell's action against the *Times* until after the commission of inquiry has made its report, which is expected will be submitted to Parliament in the early part of the session of 1889.

Gambler Shot.

TORONTO, Aug. 23.

Constable Chagnon shot a gambler named Herkey at the Belford race-course to-day while trying to affect his arrest. The shot will likely prove fatal. Chagnon was arrested.

Mr. Waldie's Election.

OTTAWA, Aug. 23.

Waldie's return in Halton was wholly due to the unholy alliance between the liquor sellers and the Grit committee. His return is likely to be protested.

Mr. Schreiber's Return.

OTTAWA, Aug. 23.

Mr. Collingwood Schreiber is expected back early next week. He denies that he has been offered a position on the Canadian Pacific Railway.

Weather Bulletin.

TORONTO, August 24—10 a. m.
