

VOITURE MYSTERIEUSE

Paterson, N. J., 18—Un étrange événement vient de causer tout une sensation, dans un petit village situé à l'ouest de Sandy Hill.

Jennie Burnsley, une jeune fille qui demeure au No 90 de la rue Louis, passait dans un endroit isolé pour se rendre chez elle, à 9 heures du soir, lorsqu'elle entendit le roulement d'une voiture. Ce fait était étrange, vu qu'il y a un chemin bien pavé près de là et que l'endroit où passait le véhicule est inégal et parsemé d'excavations. La voiture, traînée par un cheval blanc, se dirigeait vers un banc de sable situé en face de la demeure de Mlle Burnsley. Celle-ci s'approcha pour avertir le cocher du danger qu'il courait de tomber dans une excavation et elle aperçut deux hommes dans la voiture. L'un portait une boîte sur ses genoux, et l'autre tenait une pioche. Mlle Burnsley, soupçonnant que les deux individus allaient enterrer la boîte en question, dans laquelle il y avait peut-être un cadavre eut peur et courut raconter à son père ce qu'elle avait vu. Celui-ci, qui avait aperçu de loin la voiture conduite par le cheval blanc, alla prévenir le constable McElhatton et partit avec lui pour faire des recherches.

Des gamins qui avaient vu la voiture s'arrêter à un certain endroit, puis reparti à fond de train au bout de quelques temps, montrèrent à un de ces hommes l'endroit où le véhicule avait stationné. On constata que le sable avait été remué, mais on eut beau creuser, on ne découvrit pas la boîte que Mlle Burnsley avait vue.

Ces bancs de sable, dit-on, ont déjà servi à plusieurs criminels pour faire disparaître des cadavres.

Il y a six mois, des enfants qui s'amusaient à y creuser, ont découvert le corps d'un enfant.

La police continue ses recherches.

HOW THE DIPPER SAVED THE FARM

Father was sick and the mortgage on the farm was coming due, I saw in the Christian Advocate where Miss A. M. Fritz of Station A. St. Louis, Mo. would send a sample combination dipper for 18 two cent stamps, and I ordered one. I saw the dipper could be used as a fruit jar filler, a plain dipper; a fine strainer; a funnel; a strainer funnel; a sick room warming pan and a pint measure. These eight different uses makes a dipper much a necessary article that I went to work with it and it sells at very near every house. And in four months I paid off the mortgage. I think I can clear as much as \$200 a month. If you need work you can do well by giving this a trial. Miss A. M. Fritz, Station A. St. Louis, Mo., will send you a sample for 18 two cent stamps—write at once.

THE NEW HOOK SPOON FREE TO ALL

I read in the Christian Standard that Miss A. M. Fritz, Station A., St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten-2-cent stamps. I sent for one and found it is useful that I showed it to my friends, and made \$13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten-3-cent stamps to Miss Fritz. This is a splendid way to make money around home.

Very truly, Jeannette S.

Pastor of Hopkins Memorial Church, Great Barrington, Mass.  
"I regard the remedy as an excellent tonic and a most valuable family medicine."

**M**OST people hardly realize that headaches and dyspepsia, and forty other miseries or more, all come from one cause, and that taking a separate remedy for each symptom is like picking the leaves off an obnoxious tree instead of striking at the root. Headache, or sluggishness, or disordered stomach, or constipation, or offensive breath—show that either the stomach or bowels, or the liver, are not doing their natural work, and Ripans Tablets go to the root of all these difficulties and many others at once, by immediately correcting the stomach and gently stimulating the liver and bowels to healthy action.

These Tablets are the accurate prescription of a regular physician; they are a perfectly harmless, simple remedy, as mild, yet certain, as nature itself. To people of sedentary ways, professional and business men; and particularly to women, these Tablets insure a regular habit, comfortable digestion, and a clear head; preventing many a serious illness with its long train of suffering and expense.

**Lay the axe to the root of the tree.**

In the largest hospitals in the world, presided over by the most skillful of living physicians, the ingredients of these tablets are prescribed daily more than twice as often as any and all other prescriptions put together, and in three cases out of four where a physician is called, his prescription will be substantially the same, but the cost will be much greater, and the compound prepared by the local druggists is likely to be inferior and far less convenient in form.

As the two most important processes of life (assimilation of food and elimination of waste) depend almost entirely upon the stomach, liver and bowels; their healthy action, as maintained by these tablets, dispels a long list of ailments, including headaches, indigestion, dyspepsia, biliousness, constipation, rush of blood to the head, dizziness, fluttering of the heart, sluggishness, poor sleep, loss of appetite, depression, heartburn, nausea, bad taste in the mouth, pain in the stomach or abdomen, female complaints, catarrh, jaundice, sallow skin and skin eruptions.

A box of Ripans Tablets (price 50 cents) contains six small vial-packet vials, each vial holds six tablets (36 in all) and each tablet is an exact dose. Sold by druggists, or sent by mail on receipt of price by

MARRY THIS GIRL QUICK

I saw in your paper that a 13 year old boy made \$1.25 the first hour he worked selling the Perfection Metal Tip Lampwick. I ordered a sample and went to work and the first week I cleared \$10, the second week I cleared \$15. I expect to run up to \$25 a week in the near future, as the Perfection Metal Tip Lampwick makes such a beautiful white light and does away with smoky chimneys and bad odor and saves oil, it is easy to sell. If you wish to try it send 13 two cent stamps to Miss A. M. Fritz, Station A. St. Louis, Mo., and she will send you sample out fit, this is a good way to make money around home.

MAKE YOUR OWN LANTERN

Your home is incomplete without it, and the price is within reach of all. I ordered one for my own use—and it was so handy and convenient I went to taking orders for them and sold 51 in one day making over \$5 clear. It gives a beautiful white light, chimneys never break from heat, it is always clean and ready. Francis Casey, St. Louis, Mo., will send sample for 13 two cent stamps, write for one. I got my start from him.
