

PROVINCIAL ELECTION!

Liberal-Conservative Candidates for the City:

HON. NEIL MCLEOD, PATRICK BLAKE, ESQ.

THE DAILY EXAMINER.

JUNE 2, 1886.

Preparing for the Election.

The Patriot calls out, "Liberals, be prepared"; and declares that a Provincial Election is impending.

There are a few simple questions to be borne in mind: 1. Have the Government done well, or have they done ill?

2. Is it probable that by turning them out of office and putting their opponents in, the affairs of the Province will be better administered?

3. Is it better at once to re-impose the levies of the Tax Act than to collect the debts due the Province?

Still Trying-in Vain!

The Patriot, we observe, is still trying to shirk the taxation issue, and says: "By the policy recently adopted at Ottawa of granting aid to railways wholly within Provinces, a departure is being made which gives this Island a strong claim for re-adjustment of its debt account."

It has been and is the policy of the Government to press this "strong claim." We are informed that so long ago as 1884 they agreed upon a Minute of Council respecting it, and if permitted to retain office they will, no doubt, continue to press it, judiciously and energetically, in such a way as to procure its recognition by the Dominion—as they pressed the claim for a refund of the money expended upon Dominion Piers.

We are indebted to E. L. Lydiard, Esq., for the following statement of the exports of produce for May, from Queen's and King's Counties:

Table with columns for commodity (Potatoes, Oats, Pork and Beef, etc.), quantity, and value. Total value for May is \$249,449.

California carries on a large business in sea shells, which are gathered on its coast and shipped to Europe. One firm has a contract to ship forty tons of shells every sixty days.

The total value of the fisheries in Canada last year was \$17,722,973, and of this amount \$4,005,431 was for New Brunswick.

Temperance Convention.

IMPORTANT RESOLUTIONS—TEMPERANCE MEN DETERMINED TO STAND ON PRINCIPLE IRRESPECTIVE OF PARTY.

A CONVENTION of temperance electors of Queen's County was held in Templar's Hall, yesterday, for the purpose of considering what political action they would take in the approaching local election.

After considerable discussion on the advisability of bringing out Prohibition Candidates in the several Electoral Districts, the following resolutions were unanimously adopted:

Whereas, The experience of the past has convinced us that moral suasion alone is inadequate to stay the evils of intemperance, and that the liquor traffic is not only a moral, but also a political evil, and requires moral and political action to subvert it.

And Whereas, The electors of the several Electoral Districts of this Province will soon be asked to elect two persons to represent them in the next General Legislative Assembly of this Province, and as it is desirable that the said Assembly shall be composed of members favorable to temperance legislation and its enforcement.

Therefore Resolved, That we respectfully and urgently recommend our temperance friends to take the following political action in the approaching local elections:—

- First: That they attend their party conventions and vote for no man who will not pledge himself in writing, that if elected he will use his influence and vote to secure the better enforcement of the "Canada Temperance Act"; advise the appointment of temperance men to enforce temperance laws, and use his influence with the Dominion Parliament with the view of giving to each Province power to vote for the adoption of a law prohibiting within its own limits the manufacture and importation of intoxicating liquors, (except for absolutely necessary purposes), that the same may be decided by a majority vote of the electors, and at a special election.

Second—If both parties nominate men who are thus pledged, and the candidates are equally reliable, then we can vote within party lines; if, however, either refuses to pledge, then let us support, regardless of party lines, the men who favor our views.

Third—If neither party nominates reliable men willing to pledge themselves, then let us unite and nominate Independent Prohibition Candidates.

Committees were appointed for each Electoral District of the County, to interview the candidates already in the field or who shall offer, and get their assent in writing, for publication, to the foregoing resolutions, and in the event of the candidates not assenting, then to organize their District and nominate an Independent Prohibition Candidate.

Ordered that the proceedings of the Convention be published in the several newspapers.

The Convention adjourned to meet again on Nomination Day.

Condemned a Cowardly Assault.

At a mass meeting of the citizens of Arredondo, Florida, and surrounding country assembled recently, the following resolutions were unanimously adopted:

Resolved, That it is the sense and wish of the citizens here assembled to give public expression to the deep indignation which the community feels at the cowardly conduct of George H. Sutherland, in recently making a craven assault upon the Rev. C. W. Dutcher, a minister of the gospel, while alone and unprotected and suffering from an illness, while he (Sutherland) was protected from a counter assault, or even from being resisted by a pistol in the hands of an accomplice, while such minister was upon an errand of ministerial duties.

That we hereby express our unqualified condemnation of the conduct of the said George W. Sutherland, and denounce it as cowardly and brutal and well calculated to reflect seriously upon the good order and peace-loving dispositions of the people of this community; be it

Further Resolved, That a copy of these resolutions be forwarded to the Gainesville and Jacksonville papers for publication.

(Signed) W. P. WATNEY, Secretary.

Rev. Mr. Dutcher is well known here, having been stationed on the Island for several years.

Presentation and Address.

In view of the interesting event which we chronicle elsewhere, a committee of the Choir of the Prince Street Methodist Brick Church waited last evening upon Miss Morris, and presented her with an ornamental flower stand in silver and gold, accompanied by the following

ADDRESS: DEAR MISS MORRIS,—Representing the Choir of the Methodist Brick Church, over which, for a number of years, you have presided as Leader and Organist, we have great pleasure in presenting you with this small memento of our sincere affection and esteem.

Your ability, and the invariable cheerfulness which you have manifested toward those associated with you in this important part of church work, have always been an inspiration to us; and of the hours spent together we shall have many pleasant memories.

We congratulate you on the auspicious event of to-morrow, and trust that the flowers crowning the Epergne which we have the pleasure of presenting you, in their beauty and fragrance may be emblematic of your life in the years to come.

On behalf of the Choir, J. R. DAVISON, KATIE KNIGHT, H. W. FINDLAY, Committee.

Canadian Fishermen Abroad.

An interesting fact, brought out by the recent fishery troubles, is the large proportion of Canadians to be found in the American fishing fleets. Captain Anderson, the smuggler, who raised such a row at Aspy Bay a few years ago, was a Canadian; Capt. Kinney, who was seized at Digby the other day, is also a Canadian; and two-thirds of all the crews of the United States fishing vessels are Canadians.

Cardigan District.

A MEETING of the Liberal-Conservative electors of the above District will be held in the several polling divisions, to instruct delegates in a choice of candidates on TUESDAY, 8th JUNE, at 6 p. m., as follows:—

- Dundas—Court House.
Goffs—DeGros Marsh School House.
Head of Cardigan—Cardigan Bridge School House.
Pummers—Rosenath School House.
13 Mile Brook—Baldwin's Road School House.

And, on WEDNESDAY, the 9th JUNE, at 6 p. m., a Convention of Delegates will be held at Cardigan Bridge, to reflect the sentiments of the various sections regarding the representation of the District.

A full attendance is expected at these meetings. JOHN McDUGALL, Vice President for Cardigan District. June 2, 1886—dy & wky

FACTS ABOUT FERTILIZERS.

THE most economical Fertilizers the farmer can buy are those which furnish the largest quantity of

Actual, Available Plant Food, (Ammonia, Phosphoric Acid and Potash) for the money invested.

The high grade Fertilizers sold by the subscriber, considering the large percentages of the different elements of Plant Food they contain, are by far the cheapest in the market.
