Will Turn Over Playground To S'ide Tonight

This evening at seven o'clock the Notre Dame Street playground, built and fully equipped by the Summerside Kinsmen and Kinettes Clubs, will be officially turned over to the town of Summerside for the use of the children of the town. Should the weather prove unfavorable the ceremony will take place tomorrow night. The completion of this fine playground marks the second which the Kinsmen and Kinettes have built and equipped, the one at Queen Elizabeth Park being the other. Both these playgrounds are splendidly equipped with the latest and safest type of playground materials. These two projects by the Kinsmen and Kinette Clubs will prove to be of the greatest assets the town possesses in curbing juvenile delinquency. During the ceremonies this evening the Sea Cadet Band, under the direction of Sub. Lt. Gabriel Chaisson, will give a band concert and the general public is cordially invited to be present.

Let's Talk It Over

Now that the election is over, wouldn't it be a good time to get on with the job of reforming our antiquated electoral system? Everyone of any political standing seems to be agreed that the system is, to put it mildly, outdated. The Liberals have nothing to fear from the extension of equal voting privileges to all. Their candidates for assembly seem to have done about as well as those standing for election as councillors.

N. B.-P. E. I. Social Workers Hold Meeting In S'ide

On Saturday, May 28th, a group representing the New Brunswick-Prince Edward Island branch of the Canadian Association of Social Workers met for the first time in Summerside. The branch, which numbers 27 members from the larger cities and centers of the two provinces, was welcomed at the Prince County Welfare Center of the Department of Health and Welfare and the meeting was chaired by the president, Mr. W. A. Macdonald, supervisor of social services in the Department of Veterans Affairs, Saint John, N. B. The regular program of business included discussion of better community services for New Brunswick and P. E. I. with considerable concern expressed on the whole subject of shortage in professional personnel to provide such essential social services as child welfare, mothers allowances, family counselling, direct relief, rehabilitation and administration of disability pension, etc. The special guest of the meeting, Mr. Peter Stanne, secretary of the Family and Child Welfare Division, Canadian Welfare Council, Ottawa, was introduced by the president, Mr. Macdonald. While speaking particularly of his own division, Mr. Stanne led a discussion on the recent government meeting regarding assistance to employable unemployed, in which the social work profession under council leadership played a significant role and gave valuable direction. It was generally recognized that welfare workers in the course of their duties gain intimate knowledge and sobering insight into the demoralizing effect of unemployment on family and community life, and the social dangers as well as the economic aspects of this problem should not be ignored. Interesting reports were received from the chairman of committees on ethics, education, for social work, publicity, membership, etc. It was reported that professional membership in the National Association numbered 1934 against 1925 the previous year, showing very slight gain recorded. A vote of thanks to the P.E.I. membership was tendered before the meeting adjourned.
