ORANGE BLOSSOMS.

September is always looked upon as one of the months of the year when the joyful ring of marriage bells is heard throughout the land. This morning a happy company consisting of the immediate relatives of the contracting parties gathered at the residence of William Wyatt, Esq., Hillborough street, to witness the marriage of his daughter, Matilda J., to Dr. R. Erace Shaw. The ceremony took place at seven o'clock, and the nuptial knot was appropriately tied by Rev. T. F. Fullerton.

The bride looked exceedingly pretty and was dressed in a travelling suit of cadet blue broadcloth (tailor made) with hat to match. She was attended by her sister, Miss Lizzie Wyatt, as bridesmaid, while Mr. David Shaw, brother of the groom, discharged the duties of best man.

The room in which the ceremony took place (as well as the dining room) was profusely decorated with exquisite flowers and evergreens. After the service the party sat down to a sumptuous breakfast, which for beauty of arrangement it would be difficult to equal.

Dr. and Mrs. Shaw left by the express at 8.45, on a trip to Montreal, after which they intend visiting some relatives on the Island, and are expected to be "at home" in about three weeks time.

The bride was one of the most popular and energetic young ladies in the city. She has been for some years past a teacher in Upper Prince Street School, where she was highly esteemed both by her associate teachers and the scholars. She was also an active member of Zion Church. It is indeed seldom that such a magnificent display of useful and expensive presents are brought together as those bestowed upon Miss Wyatt, and this is the best criterion of the popular regard in which she was held.

A large number assembled at the station to offer congratulations and wish the happy couple years of joy and prosperity, in which THE EXAMINER heartily joins.

After their honeymoon Dr. Shaw intends locating and practising his profession in this city.

THE MIRACLE OF THE NINETEENTH CENTURY.

Many persons regard the result of the education and training now given to young blind persons as the miracle of the 19th century. That those who are deprived of sight can be taught to read and write and cipher with facility, play the piano, clarionette, cornet and other instruments with ease and skill, and make baskets, brushes and other useful articles, may seem a miracle to some persons; those who visited the School for the Blind at Halifax, who have seen for themselves the earnest intelligent teachers and the bright interested pupils, realize that this school was the outcome of the practical common sense of the 19th century. They go away feeling that the school is doing a grand and noble work and that they have witnessed and heard an entertainment which would have done credit to boys and girls possessed of perfect sight. Has the reader of the paragraph ever visited the School for the Blind at Halifax? If not by all means avail yourself of the first opportunity to do so. A free daily concert will be given at 4.30 p. m. during the continuance of the Provincial Exhibition, and this should give persons from all parts of this province an opportunity of attending at least one of those most enjoyable entertainments.

Local and Other Items.

GERMAN BAND.—A German band, consisting of six pieces, is doing the city.

THE BERTINO.—The wrecked bark Bertino was sold at auction yesterday. She brought \$610. Mr Lantalam, of St John, was the purchaser.

ISLAND APPLES.—Our enterprising farmer-citizen, John Newson, has delivered the first shipment of P E I apples for the British market, via the direct boat.

THEATRICAL.—Prof. Semon and company pleased a large audience at the Opera House last evening. Prof Semon's sleight-of-hand tricks were novel and pleasing, and as a ventriloquist he is unsurpassed. The marionette minstrels were by far the finest of the kind ever seen in the city.—St. John Daily Sun.

ACCIDENTALLY INJURED.—Mr Thomas Clarke, fireman on the western train, was accidentally hurt at Hunter River yesterday afternoon. Whilst taking water at that place Mr Clarke slipped and fell between the tank and the tender of his engine, sustaining injuries to his back and other parts of his body. He was unconscious for about fifteen minutes.

AQUATIC.—D Nicholson, Esq., C C, has given a beautiful clock for a first prize in the boat races to take place next Monday. This is commendable, as such will encourage the management to get up sports in this line on a large scale for next summer. The course will, as at the last race, be inside the harbor and within view of the wharves and park, and the boats will carry flags by which they may be known while in the races.

PROHIBITION MEETINGS.—Sept 22nd at Stanhope, addressed by Rev Mr Corey, J E B McCready and D A McKinnon, Esqs. Sept 22nd, at Bradalbane—David Laird, Esq, Rev Kirby and Silas Hodgson.

Sept 23rd, at North Granville—Geo E Full, Esq, Principal Duncan.

Sept 26th, at Fredericton—Rev Mr Corey, Mr McCready and Mr Enman.

Sept 27th, at Fort Augustus—Hon D Farquharson, Mr J T Mellish and Mr Silas Hodgson.

FIRE AT MONCTON.—The Moncton Times says: Shortly after 15 o'clock yesterday afternoon Lea's mill had a narrow escape from destruction. If the fire had not been discovered promptly there is no doubt the mill would have been destroyed. The flames originated in the rear of the building and were caused by a boy not connected with the mill carelessly smoking cigarettes. A woman residing south of the mill noticed the fire and acquainted Mr. Lea just in time for his men to extinguish it without the assistance of the department, which, however, responded to the alarm.

GOOD READING CHEAP.—We have made arrangements (see advt.) whereby we are enabled to offer the Montreal FAMILY HERALD AND WEEKLY STAR in connection with THE WEEKLY EXAMINER for a trial subscription of TWENTY CENTS. This is a splendid chance to secure the best local news as furnished by THE WEEKLY EXAMINER and the best weekly family news in Canada at a low price. This offer is only good until October. The two papers will make an exceptionally good combination to have addressed to your friends abroad even if you do not yourself require them.

A FREAK.—On Monday Mr C R Dickie, Muddy Creek, picked from one of his crab apple trees a handsome bunch of blossoms with which he presented us. On the same tree is an abundance of ripened fruit. Mr Dickie says that last week one of his neighbors gathered a nice lot of wild strawberries something very unusual for September, and in the garden of another neighbor is a gooseberry bush, laden with ripening fruit and blossoms. Mr Dickie reports that his cranberry crop was badly damaged by frost last week. He has now about seven acres of cranberries in bearing and is about fencing in four acres more.—Summerside Journal.

LAYING OF THE CORNER STONE.—The corner stone of the new Roman Catholic Church at Tracadie was laid yesterday by Bishop McDonald. The ceremonies opened with a Solemn High Mass, Rev. I. R. A. McDonald being celebrant, Rev. Father Hughes (Pau'ist) Deacon, Rev. Dr. Campbell, as Sub-deacon. Rev. Father Arseneault was master of ceremonies. The oration was delivered by Rev. Dr. Campbell. The attractive and well loaded dinner and tea tables supplied the wants of the inner man. The good ladies of Tracadie eclipsed their former efforts in the attention paid their guests while at table. The dancing booths and games were well patronized. The sale of the cakes was brisk and prices realized were fair. The League of the Cross Band furnished choice music. We have not heard the amount realized but a goodly sum must have been received towards the erection of the handsome new church. We congratulate Father Hogan and the parishioners on their success.
