

# The Good and the Bad Appear In Panther Week-End

## JOCK TALK

Last week we heaped praise on the Lady Panthers basketball team and claimed that their 13-0 record was, by far, the best ever attained by any team from UPEI...much to our surprise we find that we were in error inasmuch as the Barbara Mullaly coached team of 1970-71 had a 15-0 record as they won the Maritime Intercollegiate Intermediate title with an unblemished record. Stars of the team were Rosemary King and Lynn Crosby and, we note from the record book, the statistician was Betsy Epperly, now Dr. Epperly of the English Department. We assume, from this, that the girls advanced to their championship without splitting an infinitive nor dangling a participle. Our present Pantherettes matched the enviable record of their predecessors this past weekend as they also went to 15-0 with a 62-41 victory over Mount Allison and outscored Moncton 65-31. In the first game Cathy Chandler was our high scorer with 14 and in the Moncton game Mary Jane Ready shone with 18. These wins clinch the league title for our girls although they have more to play...the next two with Saint Thomas here this weekend. We'd like to comment that the girls played Moncton Prior to the Panther-Saint Mary's game and we think this is a great idea. Most of the overflowing crowd that cheered the girls on to victory remained to watch the Panthers play and we are sure that the large and loud supporting audience helped our boys in their good showing.

The basketball Panthers had two GOOD games over the weekend although the result was a split. The loss 85-74 with Saint Mary's (rated #2 in Canada) was much closer than the score indicates and we led by 6 well on in the

second half. Most fans were eager to see two of Canada's best college players on the same court and both hometown Larry McGhee and SMU's Mickey Fox put on a brilliant display that left proponents of both certain that their man is the better. Larry, we think, is the most spectacular player ever to appear on our floor. He can twist, turn and, we think, could dribble through a crowded subway car without touching a person! His defensive play is a pleasure to watch and he can certainly put the ball in the basket. Mickey Fox is, of course, an outstanding player and it was he, with his team trailing, who spearheaded the rally that brought them victory in the closing moments of the game. Critics may say he doesn't carry the ball enough but why carry it when he can put it through the hoop from almost any conceivable angle or point? Fox scored 28 points and Larry 25. In the Mount Allison game, which we won 89-80, the margin of play was much greater than the score indicates as Coach Kevin Feighrey, with a comfortable lead, inserted his bench players for experience. The spectators were very pleased with his move as they were impressed with the hustle of these hard working players who seldom receive the credit they deserve. Although they watched much of the second half from comfortable sideline seats, McGhee was high scorer with 33, followed by Ken Salter's 24. Salter, "Big John" Guilford and Jude Kelly all played well in both games. Next game here will be with St. F.X. (Canada's #4) over whom we earned a 1 point victory on their home floor earlier in the season. According to our recollection, X has been in no less than 4 one-pointers this season, winning the other 3 so they must have an exciting team. Game time is 2:00 on Saturday.

In hockey, although we split in 2 "Away" games, the news is BAD. In a very peculiar game, from a penalty standpoint, we beat out Mount Allison 7-4 being shorthanded 7 times in the first two periods, 6 in the second alone, and still gave

up but one shorthanded goal as Howie Murnie shone brilliantly in the net. Shane Turner potted 2 goals while singles went to Rory Beck, Ken Burton, Brian Cameron, Mike Selleck and Gary Trainor. David Cameron further advanced his league scoring lead with 2 assists. On Sunday the Panthers carried their 6 game winning streak into Moncton where it was brought to an abrupt halt as Les Aigles Bleu, recently on the rampage, handed our heroes a 6-4 trimming, after we had struggled to a 4-4 deadlock, only to have them succeed on two breakaways. Our goal scorers were Ken Burton, Gary Trainor, Shane Turner and Larry Arsenault. Much worse than the defeat, however, was an injury to our outstanding player, league leading scorer David Cameron who sustained an injured knee that, optimistically, will sideline him for 2-3 weeks, pessimistically, will put him out for

the season. David is undergoing tests at the hospital at the moment to determine how serious the injury may be. Donny Morrison rotund raconteur of the Guardian, comments that coincidence is being carried too far. Last year we went into Moncton with a winning streak only to have it broken, both years we had beaten Mt. A. the night before by 3 goals. In both years we scored 4 goals. Both years David Cameron's left leg was injured. Both years the same referee and, in both instances there was no penalty. It should also be noted that, in both years, David was leading the league scoring race. Perhaps we should try for a change in the schedule next year. The team hits the road again this weekend with games at U.N.B. on Saturday and Sunday. We are still in the playoff picture with a hope for second spot and a home playoff schedule. The standings and remaining opponents:

St. Mary's	11-1-1	Dal (3)	St. F.X. (2)	Acadia (2)
Dalhousie	8-5-0	Acadia (2)	St. F.X. (2)	SMU (3)
Acadia	7-5-1	SMU (2)	St. F.X. (3)	Dal (2)
St. F.X.	6-6-1	SMU (2)	Dal (2)	Acadia (3)
U.P.E.I.	6-6-1	UNB (4)	Moncton (2)	Mt. A. (1)
Moncton	4-7-2	Mt. A. (3)	UPEI (2)	UNB (3)
Mt. Allison	4-9-1	Monc. (3)	UNB (2)	UPEI (1)
U.N.B.	2-9-1	UPEI (4)	Mt. A. (2)	Monc. (2)
