The Great American Hair Tonic.
Bogle's celebrated Hypnotic Fluid, for the growth and preservation of the Hair is well known to be without a rival on this continent. Hundreds of imitations have started into an ephemeral existence, since the introduction of this unrivalled Hair restorative, and their doom been sealed, whilst Bogle's Hypnotic Hair Tonic, with its popularity never attested by any other article, goes on "conquering and to conquer."

There is no malady, which can affect the Hair, but can be cured by this incomparable preparation. The ladies it is invaluable; and on children's heads it lays the foundation of a good head of Hair. It is now patronized by Her Majesty the Queen of Great Britain, and commands an extensive sale throughout Europe.

Bogle's Electric Hair Dye converts red or grey Hair to its natural colour, without injury to the scalp, and is applied, literally dying the Hair without staining the skin and leaves the Hair soft and glossy without injuring the roots; it is a decided superiority over any other Hair dyes.

Bogle's Amole Shaving compound renders that who use unpleasant operation (shaving) a decided luxury.

Bogle's Hebections removes Freckles and tan from the face in the shortest possible time, and acknowledged to be the very best article for beautifying the complexion.

To be had, wholesale or retail, of **W. Bogle, 227, Washington Street, Boston, U. S.**

And by all Druggists and perfumers throughout the Continent, which will come with it. We would advise all who have grey hairs to buy it, for it never fails.

No article ever yet invented which will compare with it. We would advise all who have grey hairs to buy it, for it never fails.**
