OUR NEWS BUDGET for OUR SATURDAY SUBSCRIBERS

TUESDAY

A tragic accident by drowning late Sunday afternoon claimed the lives of two brothers, their brother-in-law, and a fourth man, all of Tignish. Dead are Howie Gavin, 36; Walter Gavin 41; Daniel Harper, 35; and Edmund Arsenault, about 45. Three of the men are married and have a total of seventeen children. The tragedy occurred two miles southeast of Tignish about 5:30 Sunday afternoon as the four men were proceeding towards Alberton in the 1949 Ford coach owned by Daniel Harper.

In crossing a small bridge over the Little Tignish River just south of St. Felix School the car plunged through the steel railing on the right hand side and overturned on its hood in water about five or six feet deep, trapping all four occupants inside the two-door vehicle.

Ernest DesRoches, a young lad who lived nearby, happened to be in the vicinity and saw the car go over the bridge. Clarence Gillis another nearby resident, heard the crash and on learning what had happened called a doctor, clergy, and R.C.M.P.

Mr. Nelson Compton, Summerside, R.R. 1, while harvesting his potato crop last week unearthed one of the largest potatoes to be seen in this part of the country in a long time. When weighed the big spud tipped the scales at 2 pounds, 6 ounces and while he admits that this was some potato he claims that another, somewhat larger was found in the same field the same day. However, this one could not be produced as evidence so it must be assumed that that one was one "that got away."

Prize winners in the ninth annual competition of the Prince Edward Island Rural Beautification Society were announced yesterday by President Lieut. Col. E. W. Johnstone and the Board of Directors.

A Prince County competitor again carries off the highest award for home improvement in the Province, the Hon. J. A. Bernard Trophy going to Mr. J. W. Waugh and Son of New Annan. The Waugh's also win the Chief Justice Thane A. Campbell Silver Cup donated for top Prince County competitor and the R. T. Holman Ltd. award of \$125.00.

Other county winners are Mr. George C. MacLean, New Westshore, who receives the Lieut. Col. E. W. Johnstone Silver Cup for Queen's and the R. T. Holman Ltd. award of \$125. and Mr. Thomas Corcoran, Baldwin's Road, winner of the Senator J. A. MacDonald Silver Cup and R. T. Holman Ltd. award of \$125.00.

The residence of Mr. Frank C. Bowness at Seaburn's Shore, across the Wilmet River from Summerside, was completely destroyed by fire which was discovered about 9:15 on Saturday evening.

Mr. Bowness, a veteran of the First World War, lived alone in the house which was formerly the Frank MacKinnon property. Nothing was saved from the fire which consumed the house, furnishings, and all personal effects belonging to Mr. Bowness, who had left the house, about 6:20 to visit Summerside.

There was no insurance on either house or furnishings. The house was located very close to the shore, and only the direction of the strong breeze that fanned the flames towards the harbor water prevented the loss of a nearby cabin belonging to Mr. W. C. Schurman.

The origin of the fire is unknown, as Mr. Bowness left no lights burning and had placed only one stick of wood in the stove before leaving the house.

WEDNESDAY

"More than \$2,000 was collected in additional poll taxes as a result of the City requesting business establishments to furnish a list of their employees to the tax office," said Councillor E. C. Johnstone, Chairman of the Finance Committee at the regular monthly meeting of the City Council last evening. Mayor Stewart presided, all the Councillors being present excepting George Keefe.

"That John Joseph MacKenna came to his death on Sept. 27, 1934.

on the Prince Nova while en-route to Camp Hill Hospital, Halifax, N.S., as a result of head injuries Sept. 15, 1954 at Roy Molyneux's farm, Bradairene, P.E.I. when engaged in fighting with Cecil Molyneux, was the verdict reached last evening by a coroner's jury. The jury was empanelled by coroner Dr. L. E. Prowse, on Sept. 27 and after a brief hearing on that date, adjourned to Oct. 7 when the evidence of seven witnesses was taken, before further adjournment was ordered until last night.

The "Charles MacLean" a general cargo vessel chartered by the Department of Industries and Natural Resources, made its first call at Charlottetown yesterday. It is loading 8,000 bags of potatoes for Seven Islands and other coastal towns of that area. The ship will make another round trip to these ports this fall as well as to Corner Brook, Newfoundland. If this shipping venture proves satisfactory this year it is hoped that a much larger market will be developed for island agricultural products in the Seven Islands and Labrador iron belts. The population which is increasing rapidly in this section of the country, now stands at close to 10,000 people.

Coun. Johnstone felt that there was still a large number of employees to contact for poll tax and suggested that every effort be made to collect from these. At the same time he cautioned the chairmen of the various committees to curtail spending to a minimum. If this year's budget is to be adhered to. Coun. McCormac, chairman of the Street Committee, stated that most of the paving for the year will have been completed within the next few days. He reported that since September, Cumberland Street had been completed as well as the areas on both sides of it between Richmond and Sydney Streets and on the west side between Sydney and Dorchester.

Last night the elected officers of Charlottetown Council, Knights of Columbus, were installed in an impressive ceremony conducted by District Deputy John Cameron of Summerside. Competently assisted by Warden Arthur Clow, also of Summerside, the District Deputy charged each officer with his responsibilities and duties for the ensuing term. The officers installed were as follows: Grand Knight, George W. Cheverly; Deputy Grand Knight, John T. Doyle; Financial Secretary, B. M. Callaghan; Chancellor, Reverend James R. Kelly; Recorder, Arthur F. McInnis; Lecturer, Preston Curley; Warden, Arthur McQuaid; Treasurer, John Butler; Advocate, J. Wilfred Driscoll; Inside Guard, Ivan Monaghan; Outside Guard, Walter Morrissey; Trustee, Clarence McGuigan.

Two cases were added during the past three weeks, which brought the total number in the Province up to 73 for the year thus far. Of the 73 cases reported, eighteen are severe and the others are listed as "mild".

Two of the four deaths attributed to polio took place in Charlottetown, one in Murray Harbour and one in Uigg. By counties the outbreak struck hardest in Queen's, where 49 cases were reported while 18 cases developed in King's and six in Prince.

About 30 egg grading station operators from all three counties met at Summerside last evening and formed an association to be known as "The Prince Edward Island Egg Station Operators Poultry Products Improvement Association". Urban McQuaid of Charlottetown was elected president of the new organization.

One of the objectives of the association is an improvement in the standards and quality of the egg and poultry products being produced in this Province. Considerable concern was expressed by many of the operators regarding the large number of "B" eggs that are being received by the grading stations, and it was felt that a better understanding of consumer demands, and the improved quality of eggs which results from better care and feeding of poultry, together with the marketing of the eggs as soon as possible, would result in the improvement which is desired.

FRIDAY

A resolution based on advice received from the Town Recorder in regard to an application from the Electric Light Department employees requesting union recognition, advised the employees that their request could not be granted because it would, according to the Town Recorder, be contrary to the Summerside Incorporation Act.

Another new building project will shortly be under way in Charlottetown, with the erection of complete new quarters for the Guardian newspaper. The new building will be modern in every respect, and will greatly facilitate the work of newspaper production. The site will be near the present Guardian building, on the opposite side of Prince Street on properties purchased from Dr. Heath McIntyre, Mr. Preston J. Sentner and Mr. Elmer Ritchie. Tenders for clearing the site, receivable up to October 20th, have now been called. An early start will be made on construction and it is hoped to have the new building completed by next summer.

Assurance was given by Mayor Wedge at the regular meeting of the Summerside Town Council last evening that a new auditorium will be provided in Summerside before the re-opening of school next fall. Plans for its construction will be made after the new year, and construction will begin early next spring. The matter of additional class rooms will be taken up again with the School Board, he said, and if extra rooms are needed something will have to be done to provide them. Mayor Wedge made these comments following the reading of letters from the Home and School Association, the Y's Men's Club, and the Community Concert Association expressing the views of their members in regard to the school situation and the need for an auditorium.

Following a meeting of the Government yesterday afternoon, Premier A. W. Matheson announced that since no compromise had

been reached a plebiscite would definitely be taken on November 10 dealing with the marketing of potatoes.

The ballot will read as follows: "(1) Are you in favour of retaining the P. E. Island Marketing Board?—Yes or No? (2) Are you in favour of the P. E. Island Potato Marketing Board operating a compulsory one desk selling agency?—Yes or No?"

VOTERS' QUALIFICATIONS

"Any person who grew at least one acre of potatoes for his own benefit in 1954.

"Must be eighteen years of age, a Canadian citizen and vote once only in the polling division in which he resides.

The necessary proclamation will be issued immediately. The returning officers will be the Sheriffs of each County except Prince. Mr. William L. Delaney, Kensington, Federal returning officer, will officiate in that County due to the illness of the Sheriff.

The returning officers are: Messrs. Edwin Reid, Rollo Bay, (King's); J. L. Beaton, Charlottetown, (Queen's); and William L. Delaney, Kensington, (Prince).
