Appointed Director Canada-Wide Survey Of Law Profession

Following his recent visit to Prince Edward Island, the Hon. C. P. McTague, K.C., director of the Survey of the Legal Profession in Canada, has announced the appointment of Mr. John P. Nicholson, barrister, of Charlottetown, as Provincial director for the Province of Prince Edward Island. Mr. Nicholson will advise on the direction of the Survey, with particular reference to the local situation in this Province.

The Survey of the Legal Profession is an independent body, established by the Canadian Bar Association to inquire into the status of the legal profession as it is today, and to make recommendations as to how it may better serve the interests of the public.

The Survey will be conducted under six main heads: statistics on the number, distribution and earnings of Canadian barristers; legal service, including the question whether it is adequate in rural areas or within the reach of low-income people; the courts; legal education and ethical standards; lawyers' professional associations, and, finally, the public relations and duties of the lawyer as a citizen.

From the public point of view, perhaps the major theme of the survey is the last of the six listed above. In the general scheme for the inquiry, this heading "the lawyer and the public", has these subdivisions: lawyers in the Legislature, etc.; community leadership; responsibility of the lawyer to the public.

6-Year Sentence For Manslaughter

LIVERPOOL, N. S., June 20 — (CP)—Fred Cunningham, 45, a woodsman from nearby Milton, today was sentenced to six years in penitentiary as one of the most sensational cases in this south shore area of Nova Scotia came to a close.

He was found guilty of manslaughter by a Nova Scotia Supreme Court jury yesterday in connection with the death of his 71-year-old neighbor, Charles Martin, last December.

During the trial a statement made by Cunningham at the time of his arrest which said he consumed a gallon of applejack and a quart of wine before going to Martin's one-room home was admitted as evidence. The elderly man's body was found near the house after he and the woodsman left it to go for a walk.

Huge Hailstones Reported In Ontario

FORT FRANCES, Ont., June 20 — (CP) — Residents of Burris, 20 miles northwest of here, reported today that hailstones "nine and 10 inches in circumference" fell last night in a brief, fierce storm.

Mrs. M. Galloway said in a letter to radio station CKFI here that the stones would not go into a quart fruit jar.

C. Benson, Fort Frances commercial traveller, reported the stones smashed farmhouse and automobile windows, and dented radiator hoods.

BIRTHS, MARRIAGES DEATHS

50c Per Insertion

BIRTHS

CHANDLER—At the P. E. Island Hospital on June 19, to Mr. and Mrs. Bruce C. Chandler (nee Velda Walker) a daughter, Sandra Grace, weight 6 lbs. 1 oz.

Peters, Rothesay, N.B.; Dr. Daniel Murray, Tatamagouche, N. S.; Dr. S. W. Williamson, Yarmouth, N. S.; Dr. N. S. Fraser, St. John's, Nfld.

Yugoslavia Charges Frontier Violations

BELGRADE, June 20 —(Reuters) — Yugoslavia tonight protested formally to Bulgaria that Bulgarian troops "for the second time in four days" crossed the frontier and fired on a Yugoslav guard's position.

The note of protest alleged that 20 Bulgarian troops crossed the border "in fighting formation" the night of June 16-17 and advanced on a Yugoslav border guard's hut about 100 yards inside Yugoslav territory.

When they were observed, the note said, the Bulgarians broke up into two groups, one of which retreated while the other lay in ambush. Later two other small groups of Bulgarians advanced on the hut and opened fire with tommy-guns.

Italy's rice-fields produce about two tons of rice per acre.

Jury Finds No Bill Against Ch'town Lawyer

The Grand Jury yesterday returned "No true bill" in the bill of indictment preferred against Mr. N. W. Lowther, K.C., alleging misappropriation of trust funds and uttering of a forged document. The Grand Jury's return means that they consider that the Crown has not made out a case against the accused which would warrant his being put on trial.

Chief Justice Thane A. Campbell presided at the opening of the Queen's County Assizes at which only one bill of indictment was preferred to the Grand Jury. His Lordship noted that by Act of the last session of the Legislature Grand Juries have been relieved of the duty of appointing constables and fence viewers, these appointments being now made by the Judge. Going on to instruct them in the matter of inspecting public buildings the Chief Justice voiced appreciation of the recently completed redecoration of the courtroom, 12 years after its last painting. The Minister of Public Works, he said, had well ignored the erroneous theory that the law should be administered amid dusty books and grimy courtrooms. The report of the High Sheriff showed that since the January sittings 116 prisoners had been confined in the Queen's County Jail, almost all of them for offences connected with intoxicating liquor. It is by checking minor offences, stressed the Chief Justice, that the commission of major crimes is prevented. The total number is rather less than for the corresponding period during the last few years. At present there are 21 prisoners.

Reviews Indictment

"There is only one bill of indictment being presented to you," the Grand Jury were told. "That indictment, charging two counts, criminal misappropriation of funds by a trustee and uttering of a forged document, is distressing in that the accused is a member of the bar of the Court. The accused was trustee under the will of Mrs. M. Matilda Wright of Summerside and is accused of converting $4000 of the funds of that estate to an improper use, also with unlawfully uttering a forged document knowing it to have been forged, the document being a paid cheque for $4000 originally made out to "Jennie Gallant or N. W. Lowther", allegedly altered to "Prov. Treas."

The Chief Justice went on to review the evidence taken on preliminary enquiry indicating that there had been an error of $4000 in the accounts of the estate as approved by decree May 4, 1949 which left a bank balance of that amount and reduced the residue by that amount. The residue was left, one-half to the trustees of Trinity United Church, Summerside, for home missions, and one-half divided equally between the Educational Society and Superannuation Fund of that church. Cheques were then made out to all parties with claims under the order including one to Jennie Gallant for $4000.

About May 26 the accused had his co-executor, Mr. Cyrus B. Morris, sign another cheque for the same amount made out in the name of "Jennie Gallant or N. W. Lowther". The second cheque appeared to have been placed on deposit with the Provincial Treasurer in the accused's name, and was seen later at the bank by Mr. Morris and again in the possession of the accused, on the latter occasion the name being apparently altered from Jennie Gallant to "Prov. Treas."

The Chief Justice charged that the evidence was technically sufficient for them to prefer an indictment and that they should bring in a "true bill" if they found that the intention of the accused was dishonest. His Lordship went on to discuss the accounts of the estate as passed and what purported to be a copy of an amended decree of the Probate Court showing an additional $4000 payable to the United Church and which had been forwarded to the church treasurer together with a cheque for that amount. No such decree was issued by the Probate Court. The Grand Jury were to hear the Crown's witnesses for themselves, however, and not take the facts from the Chief Justice. They were to decide whether there had been any attempt to defraud. The accused was to remain at liberty on bail bond until the finding of the jury.

Returned For Instructions

The Grand Jury went out and twice returned for instructions, His Lordship advising them that they should interview all the Crown's witnesses and that there was no question of giving the accused the benefit of a reasonable doubt. That consideration would only be for the petty jury if the case should go on to trial.

The Grand Jury came in at 4:25 P. M. and returned "No bill".

Counsel for the Crown were the Hon. Walter E. Darby, K. C. and Mr. J. P. Nicholson, for the accused, Messrs. W. E. Bentley, K. C. and D. L. Mathieson, K. C.

Following were the Grand Jurors:

Messrs Lloyd Carleton, Charlottetown; John Cameron, Clyde River; William McCarron, Southport; Ivan Redmond, Lake Verde; Irvin Tweedy, Vernon River; Wendall Wood, Central Royalty; Kelsie J. Burhoe, Charlottetown; W. R. McNeill, Charlottetown; Wilfred Stretch, Long Creek; Earl Foster, Central Royalty; Maurice Bradley, Kelly's Cross.

Would Place Ban On Purchase Of U. S. Ships

OTTAWA, June 20—(CP) — The Federal Government is seeking power to ban the importation of United States-built ships into Canada, Transport Minister Chevrier disclosed today to the Commons shipping committee.

At the same time, he told the committee the Government is not planning to change conditions for registering British ships in Canada, which enables them to participate in Dominion coastal traffic.

Power to prevent the import of U. S. ships would be vested in the Transport Minister under a new clause in the Canada Shipping Act, which was still under study by the committee when it adjourned until tomorrow.

Mr. Chevrier told the committee it was aimed particularly against the purchase by Canadians of old United States vessels for use largely on the Great Lakes and also on some parts of the coasts.

He indicated also it might be used to cover, as well, new vessels built in the U. S., though under present conditions no new tonnage was being constructed there for Canadian operators.

Mr. Chevrier said a large number of old vessels had been bought in the U. S. by Canadian companies, and his Department now had no power to prevent their being operated under Canadian registry

The new clause will give him discretionary power to refuse Canadian registry.

Jaycees Hold Annual Smoker

The Junior Chamber of Commerce had one of the times of the year last night when they held their annual smoker at Sandy's Restaurant, Marshfield with a large number of guests present.

Starting off the evening at 6.45 was a chicken dinner at which Mr. Vernon Hennessey presided. This was followed by toasts to the King, the guests and to the Junior Chamber itself.

The chairman Mr. Hennessey made the toast to the King. The toast to the guests was made by Mr. Robert Younker and responded to by Hon. J. W. Arsenault, Provincial Secretary. Mr. B. Graham Rogers made the toast to the Chamber and Mr. Robert Morris, Junior Chamber president, responded.

Mr. Arsenault pointed out that the former serious exodus of people from the Province appeared over and that the young people were realizing that the Province had an agricultural future. He noted that the Province had made advancements along the agricultural line and stated that with these improvements followed up in an intensive manner the Province could possibly sustain a population of 500,000.

Mr. B. Graham Rogers, Liaison Officer from the Board of Trade to the Junior Chamber brought the best wishes of the Board president, Lt.-Col F. J. Storey. He described the Province as a surplus food producing section that was surrounded by food importing areas. With proper transportation and inspection before shipment, we should be able to sell everything we can produce, particularly in the new mineral developing areas of North Quebec and Labrador, he stated.

Following the dinner the group took part in a sing song and variety programme which lasted more than an hour and a half. The party was concluded with an evenings dancing and fun at Dalvay.

AIMED AT AID

Continued from page 1

position spokesmen urged Federal assistance to those who could not earn a livelihood. said he had met a delegation from the Canadian Association of Incurables a few weeks ago.

One could not help but notice their disability, the social claim they had on those in the Government and others. He took second place to none in his desire to see something done for these people, but "I do not recognize it as our problem alone"

Hopes For Conference

The Provinces and the municipalities had some responsibility. He hoped a conference with the Provinces on the question of incurables would be held at the earliest possible moment.

Participants in the health debate included Dr. W. G. Blair (PC—Lanark); M. J. Coldwell. C.C.F leader; Solon Low, Social Credit leader; Donald Fleming (PC—Toronto Eglinton); E. D. Fulton (PC—Kamloops); W. J. Major (L—Glengarry) and Stanley Knowles (CCF—Winnipeg North Centre).

Dr. Blair and Mr. Coldwell called for an expansion in research activities. Mr. Low stressed the need for higher nutrition standards and said foods grown in depleted soil lacked essential elements. Mr. Major said something should be done to enable farmers to revitalize their soil.

Mr. Fleming and Mr. Fulton criticized the Health Department's expenditures on publicity. Mr. Knowles called for an early start on a health insurance program.

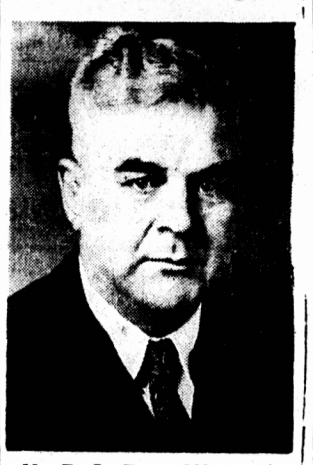
Sale of Annuities Drops

Before turning to Health Department estimates, members completed study of the estimates of the Labor Department. Labor Minister Mitchell disclosed that sales of Government annuities have dropped 50 per cent since their interest rate was cut from four to three per cent a couple of years ago.

Mr. Mitchell also said that unemployment in Canada totalled 239,800 on June 8. This compared with a May 18 figure of 306,000 persons registered for work with National Employment Service. The June 8 total was down 198,000 from the March peak of unemployment.

Replying to Opposition comment during the health debate, Mr. Martin defended the publicity appropriation and said no pamphlet or film was put out by the Department without prior consultation with the Provinces to avoid duplication of services.

Superior Holstein Bull Club Meeting



Mr. R. L. Burge, M.L.A., Five Houses (above), was re-elected President of the Prince Edward Island Superior Holstein Bull Club at the annual meeting of the Club held in the Exhibition buildings yesterday afternoon following the Holstein Association meeting.

Mr. Ira Lewis, York was elected Vice-President of the Club and Mr. Cecil J. Stewart of Hampshire was again re-elected Secretary.

Mr. James MacLean and Hudson Lowther of Carleton were elected directors for Prince County. Three directors were elected for Queen's. Messrs. R. Chappell, York; Cecil Stewart and Ira Lewis. Messrs. R. L. Burge and C. MacDonald were elected for Kings.

The meeting decided that they would exchange their Prince and Queens County bulls according to their County bull program. The Association at present has one bull in each County for service. Further changes will be decided by the directors.

The sire, Bond Prince Haven, is stabled by Mr. Allson Profitt of Freetown in Prince County while the sire Glanafton Grandee is kept by Mr. Robert Chappell in Queens. Mr. Douglas Aitken stables the sire, Seaside Rag Apple Marquis in Kings County.

At the beginning of the meeting Mr. Burge commended the Government and all others who aided in promoting training for the 21 young men of the Province at the Graham Scientific Breeding School last winter.

Butter Stocks Show Increase

OTTAWA, June 20 — (CP)— Canada's butter stocks are nearly 5,000,000 pounds greater than they were a year ago.

The Bureau of Statistics reported today that stocks of creamery butter in nine Canadian cities totalled 26,273,000 pounds June 16 as compared with 21,397,000 on the corresponding date a year ago.

Increased holdings were recorded in every centre except Montreal and Toronto.

Stocks were as follows, with totals for last year in brackets: Quebec, 970,000 (539,000) pounds, Toronto, 5,313,000 (5,603,000); Winnipeg, 8,573,000 (3,149,000); Regina, 844,000 (452,000); Saskatoon, 369,000 (323,000); Edmonton, 2,477,000 (1,294,000); Calgary, 1,43,000 (821,000).

HONGKONG, June 20—(AP)— An authoritative source said today there are indications the Chinese Communists soon may accept Britain's offer of full diplomatic recognition.

SCHUMAN CALLS

Continued from page 1

to a successful end."

Paolo Taviana, chief of the Italian delegation, said his country will press for quick establishment of a supra-national authority as a first step in raising Western Europe's steel and coal production and bettering living standards.

Schuman Urges Speed

Turning to his German colleagues, Schuman declared it is his desire "to associate in the common and permanent work of peace two nations which for centuries have fought one another in bloody conflicts."

He urged delegates not to succumb to the "habitual slowness of international transactions" in considering an objective "as new and as vast" as this.

He proposed that the conference concentrate on drafting a treaty, subject to ratification by various governments and parliaments. The treaty would "define in general outline" the nature, operations, and powers of the proposed coal-steel authority and means of appeal from its decisions. Technical details should be left for later conventions.

Outlining objectives of his plan, he said it calls for a "more-intensive and more-economic production and a market greater and more accessible." Dumping and discrimination must stop, he added.

BREAK AND ENTRY

Continued from page 1

back to the store at which the City Police had arrived. He was promptly placed in custody suffering from a slightly cut forehead and elbow, injuries which he received while breaking through the door.

Actually the man was first sighted on the roof of the building by a passerby who notified the City Police. He was leaving the store, however, as the police arrived on the scene.

The man, police report, gained his entrance to the store from a skylight. He climbed onto a roof top on Richmond Street and proceeded along the roofs to the hardware store. En route he was forced to use a ladder in gaining access to different roof tops.

Ironically, the man was told by Sgt. Gus Dowling that he would probably be arrested before the night was over about an hour and a half before he was actually placed in custody. Sgt. Dowling was talking to the man on Hughes Corner when the burglar told the police officer that he was all through with "that kind of business" and the Sergeant made his doubtful reply.

A little while later he visited the Police Station and spoke to the police officers. On both occasions he was wearing a clean white shirt. When he was caught he was wearing a dark sweater and dirt-stained brown jacket, a strategic move, police believe, to offset suspicion in the event he were sighted, but not caught.

NEW HOLSTEIN

Continued from page 1

males, designed to increase the establishment of more purebred herds, was formulated by the breeders. Any person who purchases his first female purebred Holstein will receive a bonus. The animal must be the first purchased for the owners farm and may be any age.

The bull bonus policy will be the same as that of last year which was $150 for XX bulls and $100 for the purchase of R.O.P. bulls out of good record cows.

The Association will divide the Provincial Government bonus equally between the bonusing of purebred females and bulls this year. Formerly the majority of the money was spent on bulls but the breeders believe that they have enough sires available.

The Association also advocated a Provincial Field Day in late September or October for calf, swine, and poultry clubs. They pointed out that the Dominion Government had voted $500 annually for the holding of such a field day several years but that this province had never taken advantage of the grant.

Pledges Government Support

They asked Hon. C. C. Baker, Minister of Agriculture for Provincial Government assistance in such a project and Mr. Baker replied that they would receive Government support.

Mr. H. J. Kenedy promised the use of the Exhibition Buildings and it was decided that the secretary would find out the opinion of the other associations and contact the Department of Agriculture.

Presided over by Mr. Hudson Lowther, Carleton, the meeting got underway at 10.30 a. m. and continued until nearly 4 p. m. with time out for luncheon in the city. The president, Mr. Robert Chappell of York was unable to attend due to illness.

The directors of the Association for King's County were re-appointed. They are Messrs. Lincoln Dewar and Douglas Aitken. Queens County directors are Messrs. Granville Buntain, Ira Lewis and William Beers, Mill River. Messrs. Lloyd Waugh, Wilmot Valley and Hudson Lowther were appointed for Prince.

Mr. W. A. Hodge of Quebec was nominated as judge for the Ayrshire Winter Fair. Mr. H. J. Kennedy of Southport was named alternate judge. The directors of the Association will select the judges for the Charlottetown Exhibition.

Exhibition Grant

The Association grant to the Charlottetown Exhibition was fixed for the same amount as last year, $6.00 for all Holsteins shown over two years and $4.00 for all Junior Holsteins. A bonus of $25.00 will be paid for each Holstein shown at the Alberton Exhibition.

The Association will pay $25.00 per head on the first purchase of a purebred calf for a calf club it was decided. They will also donate prize money for calf club winners. Club calves taking first place in competitions will be awarded $5.00, second place calves will get $4.00, third place, $3.00, fourth place, $2.00 and fifth place, $1.00.

Hon. C. C. Baker, Minister of Agriculture attended part of the meeting in the afternoon. The breeders questioned the Minister about the Provincial Government grant and it was advocated that the Holstein society should receive a larger share of the grant as they did a much larger volume of business than other breeds.

Mr. Baker replied, that he believed the Canadian Holstein Association was one of the richest in Canada and that the Island Association received nice grants from the parent body.

In reply to questions he stated that $9,000 had been set aside in the estimates for cattle extensions this year. He pointed out that there might be some necessity for setting up a policy for graded bulls, and if this policy were instituted, the purebred associations might get less money than at present. Last year they received $833. Mr. Baker also thought that the Association should tell the Government how they planned to spend their money.

LONDON, June 20—(CP)—Sir Stafford Cripps tonight announced a relaxation in restrictions on funds British emigrants to Canada are allowed to withdraw from the United Kingdom. The Chancellor of the Exchequer said emigrants who can make out a good case will be allowed to draw more of their allowances during the first year. They now are allowed 1,000 pounds (about $3,100) a year for a four-year period.

Grand Chapter Of Eastern Star Meets

KENTVILLE, N. S., June 20 — (CP)—Delegates to the annual session of the Grand Chapter of Nova Scotia Order of the Eastern Star began to arrive here tonight. Some 500 delegates from the Province and Prince Edward Island are expected to attend the three-day session, which gets underway here tomorrow.

Chapters from Hantsport, Kentville, Windsor and Middleton will be hosts to the visiting delegates. Tomorrow practice for officers, committee members, choir and pages will take place. The delegates tomorrow night will be welcomed at the Masonic home in Windsor by H. M. Standish, Grand Master of Masons in Nova Scotia.

Canadian Seed Growers To Meet

FREDERICTON, June 20—(CP)—Directors of the Canadian Seed Growers Association meeting here today discussed hybrid corn and the Association's educational policy. The three-day annual convention will get underway tomorrow.

Dr. F. Dimmock of the Central Experimental Farm, Ottawa, led the discussions on hybrid corn. W. T. Wiener of Ottawa, secretary-treasurer, said membership of the Association has passed the 10,000 mark. Association president H. P. wright of Calgary, Alta., presided at the directors' meeting. Vice-President W. H. Baumorough of Vernon, B. C. was also present. More than 100 seed growers from all parts of Canada are expected to attend the three-day meeting.

YARMOUTH, Norfolk, England, June 20—(Reuters)—A cloudburst today blocked the Yarmouth-Norwich road and flooded a wide area of countryside at nearby Caister within a few minutes. Haystacks were swept 100 yards by the rush of water. Houses were flooded waist-deep.

HOLMAN STORE NEWS

— G. H. M. —

Good Old "Picnic Time" is here again and you'll want to look over your PICNIC EQUIPMENT with an eye to replacements, additions and renewals.
