THE MARKETS.

OATS.

A Liverpool letter of the 24th says that
"there is but little disposition to operate
with Prince Edward Island oats. Buyers are
frightened of their condition. 20s. 3d. is now
the best price obtainable for the continent.
For arrivals off the coast in good condition
we expect 21s. may be had, and we advise
Island shippers, and others, if they can so
manage it, to let oats come across before
selling. We have sold no cargoes yet, and
can get no bids over 20s. 3d."

The Boston market for eggs on the 28th
was firm, and the supply equal to the
demand. Choice eastern and Vermont com-
manded 14 to 15 cents per dozen. Canada
fresh stock the same, while P. E. Island
eggs brought from 14 to 14½ cents.

A few potatoes continue to be exported
from this Province, but it is expected that
our supply will be totally exhausted in a
short time. A Boston circular of the 28th
ult. says: "The supplies are coming into
that market more liberally and it is quiet,
with a downward tendency. Northern
Roses have been selling at 85 to 90 cents per
bushel. Provinces at 90 cents to \$1, Peer-
less at 75 cents to 80, and Chenanges at 70
to 75 cents." A Baltimore circular of the
28th says: "We note the arrival of a cargo
of 11,000 bushels from Prince Edward
Island, which are slowly jobbing ex vessel.
At the depot the supply is not heavy, but
the demand, owing to the lateness of the
season is inactive with prices easier.
Early Roses are quoted at 75 to 85 cents,
and Peerless at 70 to 80 cents."

In Boston, on the 28th ult., the market
for hay was steady, and sales of choice
eastern and northern took place at from
\$22 to \$23 per ton, and fair to good had
been selling at from \$20 to \$21 per ton.
The receipts for the week in Boston were
182 ca's against 224 last year.

A Galt, Ont., circular of the 27th states
that the flour stocks in that market are very
light, and prices have advanced about five
cents per barrel during the week with
holders very firm. Spring Extra at \$4.90
to \$4.95, and Superior Extra at \$5.00 to
\$5.05. Freight from Galt, Ont., via Bos-
ton, to Charlottetown is 85 cents per barrel.
A Montreal report of the 30th states that
the flour market there remains firm at the
advance, an export inquiry having
been experienced and sales made at
good prices, on the 29th ult. A lot of
six hundred barrels of superior was
sold at \$5.00, 2 carloads of strong bakers
in sacks at \$5.20, and 500 choice extra at
\$5.40. Business reported on Change was
as follows:—100 bbls superior extra, \$5.50;
50 do do spring extra, \$5.35; 75 do strong
bakers \$5.50, and 50, \$5.65; also 600 bbls
superior extra, at \$5.60.

Superior Extra..... \$5.50 @ 5.55
Extra Superfine..... 5.35 @ 5.40
Fancy..... 5.35 @ 0.00
Spring Extra..... 5.35 @ 0.00
Superfine..... 4.90 @ 5.00
Strong Bakers..... 5.60 @ 6.20

Middings..... 4.00 @ 0.00

According to the Cincinnati Price Current
the past week shows but little change in
the relative packing operations in the
West as compared with the preceding
week, but there is a continued decrease
as compared with the corresponding time
last year, the returns indicating a total
at western points of 125,000 for the week
against 120,000 the preceding week, and
200,000 during corresponding time
last year, making a total of 1,155,000 hogs
from March 1 to date, against 1,810,000 a
year ago, or a decrease of 655,000. Values
of hogs have been fully sustained during
the week, and seem likely to hold up well
in the future. Western provisions were
slightly easier on the 30th ult., pork in
Chicago closing at \$16.65 and \$16.67½ June,
\$16 15 July, and lard closed quiet at \$10.
67½ June, \$10.67½ July. The Montreal
Gazette of the 30th says: "We have no par-
ticular change to report in Montreal pro-
visions, which were quiet at about former
prices. Heavy mess pork sells rather
slowly at \$19.75 and \$20.50, and Fair-
banks' lard at 14 to 15c per lb. in pads,
although there are some complaints about
cutting prices. Sales were mentioned on
the 29th and 30th ult., of about 1,000
pails in various lots at 14½ cents. Some
very fine Prince Edward Island lard
has been received in the Montreal market
for sale. Sales of smoked hams were
reported on the 30th ult., at 13 to 13½
for uncurved, and smoked shoulders at
10c to 10½c per lb.

As at present a valuable cargo of live
stock is on passage from this Province to
Great Britain, the following from an Eng-
lish exchange, of the 16th ult., may be
interesting:—The supplies of home fed cat-
tle have been considerably larger this week
both in Edinburgh and Glasgow. Trade
has been about the same as last week, there
being at both markets a large attendance
of English buyers which revived what
would otherwise have been an over-supply.
The markets in the south this week show
little alteration, and prices all over are
pretty nearly uniform, larger supplies be-
ing generally presented. Sheep have also
been about the same number as last
week. For the primer descriptions
prices have been maintained, but in
finished qualities are slightly cheaper.
Lambs, if good quality, sell readily at from
36s to 42s; a large proportion, however,
want finish, and make unsatisfactory prices,
from 26s to 32s. Fat calves continue dear;
fat pigs about the same as last week. For-
eign supplies this week comprised 289 very
useful bullocks from the States, which have
better trade at from \$20 to \$29 a head, or
about 8s 3d per stone. Supplies for next
week consist of 102 States cattle. The

Quebec is due with about 300 from Hal-
ifax, but these will probably be sent south
direct; while the "Buenos Ayren," the
opening ship of the season, from Montreal,
is due at the latter end of next
week with 558 cattle. The recent
unsatisfactory returns have materially
lowered the freights from the States,
while those freight contracts made by Cana-
dian shippers last fall were entered into at
very extravagant prices. In store stock the
supply of cattle in Edinburgh was nearly
exclusively Irish, which, from the extremely
high prices asked, met a slow trade. At
recent sales any well-bred cattle were in
fairly good demand. Grazing hogs have
been plentiful this week, but have com-
manded good sale, and were nearly sold
out. Best beef, 8s 3d. to 9d; secondary,
8s. to 8s. 3d; inferior, 7s to 7s. 6d. per
stone. Best mutton, in the wool 14½;
secondary, 9d. to 9½d; clipped 9d. per lb.

There is trouble in the Reformed Episco-

From all accounts, the successes of the
Boers over the British are proving to have
been swifter which were not without their

Ex Senator Cankin's eyes are now open
to the blunder he committed in resigning,
and it is said he intends withdrawing his

The number of failures throughout the
United States and Canada, reported during
the past week to *Business Week*, was 101,
a decrease of two, as compared with the
record of the preceding week. In the New
England States there were 18 failures, a
decrease of four as compared with the
preceding week; Middle States, 31, an in-
crease of three; Western States, 29, an in-
crease of 10; Southern States, 10, a de-
crease of three; Pacific Coast States and
Territories, 9, an increase of three; Can-
ada, 4, a decrease of 11.

The Monetary Conference at Paris has
proved the failure predicted for it from the
outset. The absence of England from par-
ticipation in the deliberation and the dis-
inclination of Germany to revert to bi-
metallicism, make it impossible that any
practical result can come from the confer-
ence. An adjournment has therefore been
made until June 30th, when the interest-
ing discussions of the delegates will be
continued. Much useful information upon
the complex coinage question will, doubt-
less, proceed from the delegates, but with
England and Germany wedded to mono-
metallicism there is as little hope of the
establishment of the double standard
throughout the world, as there is assurance
that such a result would be advantageous.

Remedy for Hard Times.

Stop spending so much on fine clothes, rich
food and style. Buy good, healthy food,
cheaper and better clothing; get more real
and substantial things of life every way, and
essentially stop the foolish habit of coming
after expensive and quack doctors or using
much of the vile humbug medicine that does
you only harm, and makes the proprietors
rich, but put your trust in the greatest of all
simple pure remedies, Hop Bitters that cure
always at a trifling cost, and you will see bet-
ter times and good health. Try it once. Read
of it in another column.
