

Will Seek Nomination At Liberal Convention Today

A dark horse in the person of J. O. C. Campbell, Q. C. will be one of those offering for nomination at the Queens County Liberal Nominating convention today, it was learned last evening. Mr. Campbell said that he had been approached by a delegation and had acceded to their request that he let his name go before the convention in the Community Center.

Other sure starters in the race for nomination are Ernest D. Reid, Roland MacDonald and J. J. Mustard.

However Liberal circles in the city were buzzing with speculation last night that there would be a number of other names proposed to the convention, although there was nothing definite as to who might be offering, in addition to Messrs Campbell, Reid, MacDonald and Mustard.

Late last evening P. R. McCormac, president of the association, said he could not tell until today whether the convention will be held as scheduled, or whether it would be postponed owing to

MR. CAMPBELL

difficult travelling conditions in the country. A definite announcement would be made by radio this forenoon, he said.

Nfld. Stiffens Bill To Force Store Closing

ST. JOHN'S, Nfld. (CP) — A bill to provide stiffer fines for merchants who break the St. John's Shops Closing Act moved slowly through committee stage in the legislature Friday and now is ready for third reading.

The four Progressive Conservative opposition members raised objections and introduced several amendments but they were easily defeated by 15 of the 32 Liberals that remained in their seats.

The bill was introduced the last week in January by Premier Smallwood. The move would not have been taken, he said, if "certain outlaws" had not met and "conspired to break the law," which was passed in 1942 but enforced for the first time Feb. 1, 1958.

He said if the merchants had gone about their plans quietly and opened their stores on Saturday "without any conspiracy" things would have been better. But the government would not stand idle while others were out plotting to break the law.

13 STORES CHARGED

The law was defied by about 20 large stores and 13 of them have been charged. A decision on the first case is expected Feb. 21.

The premier's bill would increase the fines to \$200, \$1,000 and \$5,000 from the present range of \$25 to \$100.

The premier scored the opposition for changing their stand on the matter. They had voted for the principle of the bill and agreed when it was first introduced that stern measures should be taken to see that the law is upheld. Now they were objecting to the severity of the fines.

Curling Finals To Appear On Unique Window Display

Citizens during the curling finals will have an opportunity of obtaining first hand information on the school boy bonspiel being held at the Sports Arena next week.

Eatons have given over one of their windows for this purpose. A large map of Canada with the home towns of competing teams will be indicated by small electric lights and twice a day the lights will be changed to indicate the wins any team may have.

A white light simply means no games won; a red light on the other hand means a win.

The whole setting arranged by Mr. Blakney of the window display staff of Eatons lends itself well to the curling atmosphere which will no doubt prevail in the City throughout the week.

The floor has been laid out to simulate the ice surface of a curling rink. On the walls are the coats of arms of all provinces and the personnel of each team are plainly printed on separate curling stones.

Pictures, trophies and curling medals go to round out the most attractive scene which reflects great credit on the creative ability of the one preparing it.

TO TORONTO

Mr. Roland Taylor of "Taylors Jewellers Limited" is leaving today to attend the Canadian Jewellers Association Convention in Toronto. While there he will also visit the Spring Gift Show.

Hope To Have Most Roads In Province Open By Tonight

Heavy ground drifts all day yesterday hampered the work of the snow plows to open Island highways but it was learned from the plow dispatcher's office in Charlottetown that they hoped to have mostly all main roads, including city roads, open by tonight if no new storm or high winds developed.

The drifting conditions were particularly bad in the Western area of the Province it was reported. It was all that the plow operators could do to keep the main highway open between Summerside and Borden through the day. Even the Trans Canada highway between Craupaud and Borden gave the plow operators trouble to keep traffic moving, the plow dispatcher stated.

Cases Heard By Magistrate

In Queen's County Magistrate's Court yesterday afternoon before Magistrate Gilbert A. Gaudet further evidence was heard in the case of a Charlottetown resident charged with possession of stolen goods, a television set, and was remanded until Monday February 17th.

A resident of Charlottetown, convicted of having in his possession a quantity of wash suitable for the manufacture of spirits was fined \$100 and costs or three months in jail.

A resident of East Royalty convicted of driving while his licence was cancelled was fined \$50 and costs or 30 days.

A resident of Parkdale was fined \$10 and costs or 10 days for failing to register his motor vehicle for the current year.

A resident of North Rustico was remanded until Wednesday February 19th on a charge of being intoxicated in a public place.

Alan Holman Named APEC Vice-President For P. E. I.

Mr. Alan Holman has been elected Vice-President for P.E.I. of the Atlantic Province Economic Council. He succeeded Dr. Frank MacKinnon who recently vacated the post to become President of APEC.

At the directors' meeting which named Mr. Holman three others were elected to the Island Board: Mr. Clyde MacLagan, president of the Summerside Board of Trade and Manager of the Bank of Nova Scotia in Summerside; Lt.-Col. David Stewart, who this week completed his term of office as Mayor of Charlottetown; and Mr. Arnold Wightman of Montague, who has been prominent in the work of the

Maritime and provincial Junior Chamber of Commerce.

In commenting on the new appointments, Dr. MacKinnon said: "I am delighted with Mr. Holman's election. He has been with APEC from the beginning, he has had long experience in Board of Trade work, and he brings a wealth of experience and judgement to our deliberations. As for the three new directors, they are outstanding representatives of our business community."

It was also announced following the meeting that over a hundred new Island members had joined APEC in recent weeks, including eighty-four from Summerside alone.

St. Dunstan's Debaters In Unanimous Win From U. N. B.

St. Dunstan's University debating team won a unanimous decision last night over University of New Brunswick Law School in St. Dunstan's gymnasium auditorium. The Saints had the negative of the resolution "That polygamy is more suited to modern social conditions than monogamy."

Members of the winning team were Gil Collins of Winnipeg and Howard McConnell, Aylmer, Ontario.

There was sharp criticism from the judges on the choice of subject which they said was unworthy of this type of debating.

However K.A. Parker one of the judges, complimented the Maritime Universities on the excellent standard of their debates in recent years and expressed appreciation for the fine type of intellectual entertainment St. Dun-

stans and other universities in the Maritime Intercollegiate Debating League have brought to this area.

Other judges were Lt.-Col. Arthur Peake and Major Frank MacMillan.

Don MacDougall, member of last year's Canadian Intercollegiate Championship team, presided. Last night's result left the St. Dunstan's team with a win and a loss in the first two debates of the season. Their team lost to University of New Brunswick in Fredericton on a split decision on Thursday night.

Funeral Held Of John Bassett

MONTREAL (CP) — In a brief, simple ceremony, final tribute was paid Friday to John Bassett, chairman of the board of the Gazette Printing Company, Ltd. Mr. Bassett died Wednesday night in his 73rd year.

About 800 persons attended the funeral service in the Presbyterian Church of St. Andrew and St. Paul. Among them were scores of friends and business associates — leading figures from government, business, finance, education and the press.

Burial was at Knowlton, in Quebec's Eastern Townships. The cemetery is near the summer home of the man who, at the time of his death, was chancellor of Bishop's University at Lennoxville, Que.

At the funeral service the church choir sang "Fight the Good Fight" and Dr. R. J. Berlis, pastor of St. Andrew and St. Paul, recited passages from Bunyan's "Pilgrim's Progress."

The funeral cortege was led by Mr. Bassett's son, John Bassett, publisher of the Toronto Telegram.

Honorary pallbearers were: J. W. McConnell, R. H. McMaster, Premier Maurice Duplessis, John David Eaton, Gratton O'Leary, John H. Molson, James Muir, Gordon R. Ball, N. R. Crump, Samuel Bronfman, Ross Clarkson, W. A. Mather, Allan Bronfman, W. W. Ogilvie, Mr. Justice William Mitchell, A. O. Mackay, Charles H. Peters, Ivan Saunders and J. S. Miller.

Window Display Draws Attention

Attracting more than usual attention is the display window of Eaton's store which has been arranged to emphasize the importance that electrical appliances play in the life of the community.

In keeping with National Electrical Week the scene shows a model hydro plant with lines running out to a model community, factories etc.

From these are connecting lines to the various types of electrical equipment that are commonly used in the home. It is an object lesson for both young and old told in a very attractive and understandable manner.
