I AM A MAN

"I have been treated by doctors, who had long lists of so-called cured patients, but they could not reach my case, and hope had been murdered in me by fair promises, but on first application of your magical appliance, hope and confidence came flooding in stronger than the combined powers of the four winds. I knew then that you would cure me, and now that I am a man and well again, I cannot thank you sufficiently for the cure. So again I say, use my name as reference whenever you wish. You nor any one else cannot use words too strong to express my sentiments in favor of so wonderful a treatment as that given by you."
