One of the recruiters visiting us this fall, the Mutual Life of Canada, has asked us to pass on the type of person they are looking for. "The kind of person with independence, drive and ambition it takes to become a successful Life Insurance agent." They are asking graduates who feel they are that kind of person to leave their names with us and an interview will be set up for October 7th.

As promised last week, here is a tentative list of recruiters who will be visiting our campus this fall. They will be recruiting Seniors from all faculties and to facilitate things for you, we are noting next to the date the preferred discipline they wish to recruit. Please feel comfortable to drop in to our centre about this or about any other employment needs you might have. Your name cannot be left at our office for these recruiters if your UCPA Application Form and/or resumé have not been completed.
