TELEGRAPHIC NEWS.

[SPECIAL DESPATCHES TO THE EXAMINER.]

Parnell's Famous Speech.

LONDON, Aug. 27. Parnell's recent speech has thoroughly aroused the conservative press. The Times says: "No prudent politician can underestimate the importance of the actions of Irish nationalists. Parnell's programme, continues the Times, may, however, meet with a similar fate which befel Daniel O'Connell at a time when the Irish people were so confident as they are now. Parnell demands a repeal of the union. So the Irish question is no longer a question of local self-government. This might be conceded to by England which will never listen to the separation of Ireland." The Standard says: "Parnell has declared war. It will be a shame and a disaster if English statesmen of both parties fail to battle him." The News takes advantage of the excitement over Irish independence to explain the advantage which a large Liberal majority would be to the country. Liberals, argues the News, are more likely to oppose Parnell's demands than Conservatives.

The Caroline Dispute.

LONDON, Aug. 27. The rumor that Her Majesty, Queen Victoria, will arbitrate on the Caroline dispute between Spain and Germany is not believed here. The Montreal Star a short time after the trial of Riel addressed a circular of inquiry to the leading country papers of the Dominion, requesting a direct opinion for publication upon the Riel sentence, and the justice of executing it. Fifty-four answers were received; forty-one of these answers were from Ontario, of which thirty-two were for hanging, seven thought that his sanity should be enquired into more thoroughly first, and two seem to be against hanging purely on the ground that his offence is political. Five answers are from Quebec, whose country press has not considered it much worth while to favor the Star with their opinion. Of the five, two are for hanging, and three against. Four Nova Scotia papers and one P. E. Island paper want him hanged, while a second P. E. Island paper has no opinion on the subject. One New Brunswick paper and one Northwest paper think the sentence should be carried out. To summarize of the fifty-four answers, forty-one consider that the sentence of death should be executed, seven question the prisoner's sanity, two question the right of hanging, a political offender, three claim prejudice and unfairness in the trial, and one wishes the Government to deal with the case free from suggestion.

The Ursuline convent at Ballytruckle, County Waterford, Ireland, was burned a few days ago. All the inmates escaped.

A PASSENGER CAR CROSSES THE NEW BRIDGE.—The St. John Telegraph reports: The first passenger car crossed the new bridge at the falls yesterday. It was the president's car of the Cincinnati, Indianapolis, St. Louis and Chicago Railway, and is fitted up in the most elaborate style. The passengers who made the trip in the car were President Ingalls, Col. Smith, vice-president of the Baltimore & Ohio, Capt. Anderson and Mr. Galbraith of Cincinnati. The party were bent on pleasure and had come down the Intercolonial in the afternoon, and soon after were shunted across the bridge to Fairville, where they intended to connect with the outgoing western train this morning. The whole party were greatly pleased with the new cantilever bridge.

MONTRÉAL is a city of sore arms as well as sore heads. A despatch of the 22nd says, there must have been 60,000 vaccinations to-day, as doctors have purchased upwards of ten thousand vaccine points from New England states. There were thirty-three deaths on the 21st, and to-day will swell the number to sixty, though full returns are not available. All over the city the precautions and preventive measures continue, and the people are feeling relieved. Owing to the epidemic the schools will not be opened until the 1st of October.

ANOTHER DEATH FROM SMALL-POX IN ALBERT.—Miss Minnie Tingley, before reported sick, died of smallpox at Hopeville on Sunday evening, and was buried the same night. Miss Tingley was a sister of Wilfrid Tingley, the first one that contracted and died of the disease at Hopeville Cape. There are no new cases, and only one left, and that one is improving.—Moncton Times.

THE Bishop of Nova Scotia purposes going by the Miranda, on Saturday morning, to St. John's, Nfld., where he is to preach the sermon at the consecration of the cathedral commenced by Bishop Field nearly 40 years ago, and now completed. His Lordship will proceed thence to England, and will be absent till the end of the year.—Halifax Herald.

Lord Salisbury has ordered the cessation of negotiations with King John of Abyssinia for a march to the Soudan. Advances from Massowah say that several tribes have revolted against Negus, that the insurgents hold the roads to Massowah, that Ras Auala's troops are deserting, and that Negus is drinking himself into lunacy.
