(From the Cheltenham Examiner.)

LORD JOHN RUSSELL IN CHELTENHAM.

The visit of Lord John Russell in Cheltenham, a brief account of which will be found on our 8th page, is an event which must not be altogether passed over in silence. Although the visit of Lord John and his lady was, strictly speaking, a tribute of private friendship to Dr. and Mrs. Humphreys, yet from the noble lord's public position in the country, and especially as one of the leaders of the great educational movement of the last few years, his visit to this great educational emporium assumes an importance which, under other circumstances, would not attach to it.

The noble lord's inspection of the arrangements of Dr. Humphreys' establishment; the number of scholars—upwards of 300—now on the foundation; the admirable and enlightened scheme of education being successfully worked out; the able staff of masters, whose services have been secured; and the excellent arrangement of the large boarding school attached—comprising upwards of 50 pupils—was, we are assured, of the most satisfactory character, and drew forth from the noble lord the following high tribute, delivered publcly in the school room, that "never, throughout his life, on any occasion, had he visited a public school, the inspection of which had afforded him more unalloyed pleasure and satisfaction."

HASZARD'S GAZETTE.

Wednesday, January 2, 1856.

The New Year was ushered in by as fine a day as we ever remember—in fact it could scarcely be finer—for the season of the year. It being the first day of the Supreme Court, the Chief Justice, after the charge was given, adjourned the Court till to-day. The City Council held their quarterly meeting on the first Tuesday of January, so that there was a congregation of the Civic Authorities at the City Hall. There was as usual, Divine Service in the Churches. During the day, the streets were enlivened with the quick passing to and fro of the carrioles, filled with merry occupants. In the evening, there was an overflowing house—as the saying is—at the Temperance Hall, where a meeting had been convened for the purpose of congratulating their temperance friends of New Brunswick on the passing of a Prohibitory Liquor Law, which went into operation yesterday. It is pleasing to remark, that the friends of temperance are certainly upon the increase in Charlottetown. It was announced, that social Temperance Meetings would be held during the winter, and that these were to be enlivened with vocal, and we should hope, with instrumental music. We trust, that this delightful accomplishment, which confers pleasure both upon those who give and who receive, will continue to be more extensively cultivated. The commencement of the series of the Lectures of the Mechanics' Institute were announced for tomorrow night. These will furnish instruction and amusement during the winter, and we shall be pleased to hear, that they are well attended. Charlottetown is extendihg itself on every side. New buildings are in the course of erection in all parts of the City, and there is a healthiness of body and mind, that give promise of a vigorous increase both in corporal and intellectual wealth.

The Mails.—The last ten days of severe weather has entirely disarranged the transmission of the Mails. Through the medium of the H. Ingram, from Charlottetown direct to Pictou, and the Packet from Georgetown to the same place, we were receiving them up to the 22d December with almost as much punctuality as in the summer season. The H. Ingram, which left the Harbor on Christmas Day, was obliged, however, to anchor in the Bay outside during the storm of that and succeeding days. On Friday, she attempted to make the passage, but was prevented by the drift ice, from making much progress, and severe weather coming on, she became frozen in, just off Governors Island. Several of the passengers and crew landed on Governor's Island on Sunday, where they remained all night sheltered only by a stack of hay, returning to town on Monday. The Mails were returned yesterday, and immediately forwarded by the winter route by way of Cape Traverse. The Georgetown Packet experienced a similar fate, having been frozen in, and compelled to return the Mail Bags on Saturday last; they were forwarded on Monday.

Mechanics' Institute.—To-morrow, (Thursday evening,) John Kenny, Esq., Vice President, will deliver a Lecture at the Mechanics' Institute, on "Physical Science."

Stanhope, Dec. 28th, 1855.

On Thursday evening, the 20th inst., the Rev. Mr. Brewster, according to previous announcement, delivered in Stanhope, to a large and attentive audience, his Lecture on the Russian War. It was not our intention to have made any remarks on the subject, but we cannot let this opportunity pass, without giving our meed of praise to a Lecture, the most pleasing, interesting and instructive, that it has ever been our good fortune to have had the pleasure of hearing. The Rev. Gentleman took a wide and extensive view of the war, showing its canse, present position, future prospects, political bearing and probable results. Also, the loyalty of his sentiments, and the manner in which he enforced the justice of the war, was such, that it called forth frequent bursts of applause from the delighted assemblage, and raised that spirit of patriotism, that should ever exist in the breast of every individual that loves British rule and British freedom. The proceeds, being Four Pounds, were appropriated to the Mission Fund.—*Com.*

THE MEDICAL ADVISER on the physical decay of the system produced by delusive excesses, infection, the effects of climate, &c.; with remarks on the treatment practiced by the Author with such unvarying success, since his settlement in this country. Rules for self-treatment, &c.

Dr. De Roos, from long practical experience in the most celebrated institutions of this country and the continent, has had, perhaps, unusual opportunities of observing the peculiarities relating to the physiology, pathology, and general treatment of the disorders referred to in the above work, and having devoted his studies almost exclusively to this class of diseases, he is enabled confidently to undertake their removal in as short a time as is consistent with safety.

Persons in any part of the World, may be successfully treated by forwarding a correct detail of their case, with a remittance for Medicines, &c. which will be returned with the utmost despatch, and secure from observation.

The CONCENTRATED GUTTÆ VIVÆ, or Vegetable Life Drops, are recommended to all those who have injured themselves by early excesses, and brought on Spermatorrhœa, Nervousness, Weakness, Languor, Low Spirits, Aversion to Society, Study or Business, Timidity, Trembling and shaking of the Hands and Limbs, Indigestion, Flatulency, Shortness of Breath, Cough, Asthma, Consumptive Habits, Dimness of Sight, Dizziness, Pains in the Head, &c.

Their almost marvelous power in removing contaminations, Secondary symptoms, Eruptions, Sore Throat, Pains in the Bones and Joints, Scurvy, Scrofula, and all other impurities, must be felt to be believed. 4s. 6d.; 11s.; and 33s. per bottle. The £5 Packages, by which £1 12s. are saved: and the £10 packages, by which a still greater saving is effected, will be sent from the Establishment only, on receipt of the amount per draft on a London house, or otherwise.

PAINS in the BACK, GRAVEL, LUMBAGO, RHEUMATISM, GOUT, Indigestion, Bile, Flatulency, Headache, Nervousness, Debility, Diseases of the Bladder and Kidneys, Stricture, &c.

THE COMPOUND RENAL PILLS, as their name Renal (or the Kidneys) indicates, are the most safe and efficacious remedy for the above dangerous complaints, Discharges of any kind, and Diseases of the Urinary Organs generally, which if neglected, frequently result in stone in the bladder, and a lingering, painful death. They agree with the most delicate stomach, strengthen the digestive organs, increase the appetite, improve the general health, and will effect a cure when other medicines have utterly failed. Prico 4s. 6d., 11s., & 33s. per Box, through all Medicine Vendors.

GUARD AGAINST the recommendation of spurious or other articles by unprincipled Vendors who thereby obtain a large profit. To protect the PUBLIC against FRAUD, Her Majesty's Hon. Commissioners have directed the words "Walter De Roos, London," *to be printed in white letters on the Stamp affixed to the above, to imitate which is felony.*
