GRAND

Colonial Exhibition in London, Eng., 1886.

REFERRING to the above, it has been decided to forward specimens of Fruit in glass jars, preserved by a solution of salicylic acid; vegetables, such as Potatoes, Turnips, Cabbage, Mangolds, &c., will be placed in kegs or half-barrels, preserved in the same ways.

Farmers who have extra good specimens of Vegetables, are requested to forward samples of the various kinds (three or four will be sufficient) to my Station Master on the Railway, or direct to either of the Agents. Care should be taken to prevent injury to products from bruising.

AYER'S

Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

HORACE FAIRBROTHER."

Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MRS. EMMA GEDNEY."

159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."

Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."

Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."

Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists.

A PRIZE. Send six cents or postage, and receive free, a costly box of goods which will help all, of either sex to more money right away than anything else in this world. Fortunes await the worker, absolutely sure. At once address TRUE & Co., Augusta, Me.

THE PUBLIC HEALTH.

CARDIGAN BRIDGE.

The Board of Health for Cardigan has been most assiduous in attending to their duties during the past week, and have the satisfaction of knowing that up to this date (27th inst.) no cases of smallpox have been developed in this vicinity.

Immediately after being sworn in, the Board appointed Donald Stewart, Esq., and McDonald Sigsworth to attend arrival of trains at Cardigan Station, in order to prevent all persons from infected districts from staying at this place, and ordered that all public gatherings, such as frolics, raffles, card playings, etc., should be discontinued in the district until further notice under a penalty of $20 for each offence.

Meetings of the Board are held every evening at 7 o'clock p. m., and the several officers and committees appointed are required to report all matters affecting the health of the district that came under their notice. A committee, consisting of Messrs. John G. Scrimgeour, John J. Campbell and H. L. McDonald were appointed to enquire into and report on the sanitary condition of Cardigan Bridge village. It was also ordered that all persons who had never been vaccinated should apply to have the operation performed within ten days, under a penalty of $5 for each offence.

Dr. Walker was appointed Health Officer *pro tem* and all vessels arriving at the port were required to remain anchored below Owen's Point, and to allow no communication with the shore until inspected by the Health Officer of the Port. A committee was appointed to act in conjunction with the Health Officer, to receive his report and to decide any questions affected thereby. Two persons were appointed in each of the surrounding school districts to assist the Board of Health in their efforts to prevent the spread of smallpox within the district; and a competent person was employed as a detective to give information to the Board of Health concerning all persons coming into the District from whom contagious diseases might be contracted.

The prompt and energetic action of the persons employed by the Board has had a good effect, and persons from infected districts have found out that it is no use for them to try to stay at Cardigan.

Quite a scare was caused by the receipt of a telegram from the Hon. Attorney General, that Mrs. Hennessey, (whose husband is sick of the smallpox in Charlottetown) was supposed to have left the city for Cardigan; but the Board of Health, having despatched a person to watch her father's house, and having cautioned the committee detailed to watch the arrival of the train, had the satisfaction of learning yesterday that Mrs. Hennessey had not left the city.

A communication has been sent to the Government by the Chairman of the Board of Health, requesting authority to have all persons in the district—who have not previously been vaccinated, and who, in the opinion of the Board, are not in a position to afford the cost of having themselves and their families vaccinated at this time—vaccinated at the cost of the Government.

A PROTEST.

A gentleman at Alberton writes (Nov. 27):—"No doubt the public have seen a notice in the Summerside *Journal* from the Board of Health at Alberton, forbidding all or any persons east of Miscouche coming to Alberton by train or otherwise. As the public may think this is a very silly order, I write to inform them that neither the business part of Alberton nor the inhabitants of Lots 4, 5 and 6 concur in their extreme precautionary measures. To show to what extremes some people, invested with power, will go, I will cite a case or two. Mrs. Oulton, of Alberton, went on a visit to Kensington a few days ago, and on her return to-day a 'flunkey' of the Board attempted to put her under arrest, but was prevented from doing so by her husband. J. S. Abbott went to Summerside on business and on his return last night was arrested and taken to his home, over which the yellow flag floats to-day. Surely the Governor and Council will not allow this to go on, and put the country to the expense of keeping five men at the station to keep the travelling public from landing."

PRECAUTIONS AT TIGNISH.

The Board of Health at Tignish have passed the following resolution:—

Resolved, That it is ordered by the Tignish Board of Health, that all passengers from any portion of the Island east of Miscouche station, by train or otherwise, be prohibited from entering any part of the jurisdiction of said Board, viz., Lots 1, 2 and 3, from this date till further orders, under a penalty of fifty dollars.

The Board calls upon all Justices of the Peace, Constables and other Peace officers to see this order rigidly enforced. All trains will be boarded at Tignish Station by an officer, and any person from said prohibited district (excepting train hands) attempting to pass that station, will be placed under arrest, and dealt with according to law.

BENJ. HAYWOOD, Chairman.
BURDETT RICHARDS, Secretary.

Tignish, Nov. 26, 1885.

PROCEEDINGS OF THE ALBERTON BOARD OF HEALTH.

The Board of Health at Alberton have passed the following resolutions:

Resolved, That all adult persons and all children over three months old, resident within the jurisdiction of the Board, viz.: Lots 4, 5 and 6, must be vaccinated at once; and all parents and guardians of children, and all adult persons refusing or neglecting to comply with this order within fourteen days from this date, be proceeded against according to law,

Ordered, That the above resolution be published for two weeks in two of the County papers.

Resolved, That all passengers from any portion of this Island East of Miscouche Station, by train or otherwise, be prohibited from entering any part of the jurisdiction of this Board, namely, Lots 4, 5 and 6, from this date until further orders, under a penalty of $50. The Board calls upon all Justices of the Peace, constable and other peace officers to see this order rigidly enforced. All trains will be boarded at O'Leary Station by an officer, and any person from said prohibited district (excepting train hands) attempting to pass that station, will be placed under arrest and dealt with according to law.

Ordered, That the above resolution may be enforced at any time by the Chairman and Clerk at their discretion.

At a meeting held on the 24th inst., it was

Resolved, That the Superintendent of the P. E. Island Railway be ordered to instruct all Conductors on the Western trains to report all passengers east of Miscouche Station to our officer at O'Leary Station until further orders.

Further Resolved, That Postmaster Brecken require all Postmasters in this district to disinfect their Post Offices, and all mail matter before distributing.

Therefore Resolved, That John B. Brennan, Esq., be requested to go to O'Leary Station to select a committee of three to enforce the orders of the Board respecting passenger traffic.

At a meeting held on the 25th instant, John P. Brennan reports having selected a Committee at O'Leary Station as follows: James Barclay, Robert Ellis and Hugh Murray.

Moved that the men selected be approved, and that appointments be sent them with full instructions.

The Chairman and G. R. Montgomery report having visited Elmsdale, and quarantened Charles Champion's house and placed Malcolm Matthews in charge; his brother and family having arrived there from Charlottetown yesterday.

Charles Champion's family not having been vaccinated, ordered that a doctor be sent at the first opportunity for the purpose of vaccinating the family.

Ordered, That the Superintendent of vaccination, when appointed, be ordered to attend the schools in this district, and vaccinate all scholars and any other persons that may present themselves.

Ordered, That no person, firm or company, at present engaged in the mercantile business in Charlottetown, be allowed to open a store, and expose for sale, either by themselves or by any other person for them in our jurisdiction, any goods now on sale in the stores or warehouses in Charlottetown.

At a meeting held on the 26th inst., the following orders were made:—

Ordered, That the Station Agent at Alberton be requested to order all persons, who are not going out on trains, off the railway premises at the time of arrival of trains, and any person refusing to depart from the premises when so ordered, shall be reported forthwith to the Board of Health.

Ordered, That John L. Donalds, John Oliver, Joseph Leonard, Moses Stapleton and Richard Gladney, also Hugh Murray, of O'Leary, be appointed a committee to enforce the order of the Board at Alberton and O'Leary Stations.

J. D. WOODMAN,
Secretary.

Boston Markets.

BOSTON, Nov. 25.

EGGS.—The market has been dull the past three days and prices are barely maintained. Sales of Eastern extra at 27 to 28c, and Nova Scotia, Island and other Provincial at 25 to 26c.

POTATOES, &c.—There have been liberal receipts by water the past few days, and the market is rather dull. It is difficult to get over 55c for best Rose, and Hebrons are quiet at 60 to 63c. Other stock are slow at 45 to 50c. For Nova Scotia and P. E. Island cargoes it is hard to get 45c.

FISH.—The market continues dull for all kinds of fish and it is difficult to give reliable selling prices for round lots. Mackerel are in light receipt and held steady, but there is no demand. We quote inspected lots of Shore No. 3 at $5 to $5.50; No. 2 at $6.50 to $7; and No. 1 at $17 to $20 per bbl. Codfish are easy at $2.75 for large pickle cured Bank, and $2.50 to $2 62½ per qtl for medium. Two cargoes of Nova Scotia dry Bank have arrived, but they are hard to sell at $2 87½ per qtl., notwithstanding that the stock is very small. Hake are quiet at $1.75 to $2 per qtl. Heavy salted Pollock are selling at $1.75, and slack salted at $3 per qtl. It is hard to sell pickled herring at any reasonable price. Labrador are quoted nominally at $4 per bbl, but dealers will not give that for a large lot. Eastport round rule at $2.25 to $2 50 per bbl. Large fat Shore splits are scarce and command $3 75 to $5 per bbl. Smoked herring have been selling at 13½c for medium scaled, 10c for tucks and No. 1, 11c per box for lengthwise. Bloaters are quiet at 45c per box. Alewives nominally $3 to $3.50 per bbl, in bond. Canned mackerel command 80 to 90c per dozen cans, and dealers are getting $1 to $1.20 for small lots. Lobsters are firm at $1.65 to $1.75 per dozen one-pound cans.

Temperance.

A new lodge of Good Templars was organized at Linkletter Road, Lot 17, on Tuesday, 24th inst., by L. U. Fowler, G. W. S., and A. D. McLeod, of Summerside. The lodge is to be known as Manitoba, No. 31. The following are the officers for the present quarter, viz.:

W. C.—John Murray.
W. V.—Eliza Tanton.
Sec'y.—E. Murray.
A. S.—Aggie McDonald.
F. S.—C. Murray.
Treas.—Flora Tanton.
Chap.—A. Pickering.
Marshal—H. H. Cannon.
D. M.—Ada McDonald.
Guard—H. Sharp.
Sentinel—A. Linkletter.
P. W. C.—A. Murray.

—COM.

Notes from Pinette.

Shipping is near done for this season, of which considerable has been done. The brig Tasma, owned by Wm. Walsh, has taken in part cargo of oats, and gone to Charlottetown to finish her cargo.

Mr. J. J. McDonald expects a schooner to load potatoes, which, no doubt, will be the last from this port for this season. Mr. McDonald keeps a neat store well filled with everything the people wants, consisting of dry goods and groceries, boots, shoes, etc., which are sold as cheap as elsewhere.

T. D.

Pinette, Nov. 24.
