# KOREAN COMMUNISTS LAUNCH NEW DRIVES ON TAEGU

## Commons Rejects Drew's Defence Committee Proposal

### Trapped Scottish Miners Released; Rescue Worker Dies

**NEW CUMNOCK, Scotland, Sept. 8 (Saturday) (AP)**—Rescue workers bored through solid bed coal early today and brought out most of the 128 miners trapped underground for more than 24 hours.

The general manager of the Knockshinnoch Castle coal mine said the men were "all in the best of fettle."

They were trapped 720 feet underground late Thursday night by an avalanche of mud and peat. Since then rescue workers have been digging to reach them.

Earlier rescuers reported they had bored through the few remaining feet of coal separating them from the entombed men. Miners on both sides of the coal wall shouted words of encouragement and cheer as rescue appeared imminent.

### Women Pray and Sing

Women in shawls and children knelt in the heavy mud at the pithead, praying and singing hymns. A Salvation Army band led them in singing "Rock of Ages" and the psalm "The Lord is My Shepherd."

The men were caught when a rain-soaked surface as large as a football field caved in. Hundreds of workers on the surface sought to prevent other cave-ins by blocking the bottom of the crater formed when the earth collapsed into the mine diggings.

### Rescue Worker Dies

One of the rescue workers, Hugh Blackwood, 46, collapsed and died.

### Coming Events

- \* \* \* \* \* Mall your Films to Garnham Photo Studio, Charlottetown.
- \* \* \* \* \* Provincial Flowering and Horse Show, September 27th and 28th.
- \* \* \* \* \* Reserve September 21st for chicken supper at Kinkora hall.
- \* \* \* \* \* Dance, Launching School, Tuesday, September 12th. Turner's Orchestra.
- \* \* \* \* \* Reserve Wednesday, September 20th for Chicken and Ham Supper in Riverdale School.
- \* \* \* \* \* Come to the dance at Harrisville School Monday night, Sept. 11th. Good music.
- \* \* \* \* \* Dance, St. Andrew's School, Wednesday, September 13th. Refreshments. Good music.
- \* \* \* \* \* Dance in Sea View Hall, Monday night, September 11th. Door prize. Good music.
- \* \* \* \* \* Sandy's Theatre Under the Stars—Shows every Wednesday and Friday nights. Car service, sandwiches and soft drinks.
- \* \* \* \* \* Big attraction. Bud Abbott and Lou Costello in "Meet the Killer Boris Karloff", North Rustico Hall, Friday and Saturday at 8.30 P. M.
- \* \* \* \* \* Rollo Bay Chicken Supper, Bazaar and Dance, Monday and Tuesday, September 18th and September 19th.
- \* \* \* \* \* Dancing every Tuesday and Saturday night, Islanders Country Club, Travellers Rest. Art Galiant's Melody Boys five piece orchestra.
- \* \* \* \* \* Free enlargement with every roll of film mailed or left at Burke's Studio, 142 1/2 Great George Street, Yellow Cab Building, Charlottetown.
- \* \* \* \* \* Cake Sale at Moore & McLeod, Saturday afternoon, September 9th, at 2.30. Sponsored by West Covehead Y. P. U.
- \* \* \* \* \* Pantry Sale at S. A.'s, Saturday, 9th at 2 P. M., by Ladies of the Order of the Eastern Star.
- \* \* \* \* \* Enjoy a real laugh by seeing Joe E. Brown in "The Open Face" and "Donald Duck" color cartoon at Bonshaw tonight at 8.45.
- \* \* \* \* \* Hear Father Eugene Murray lecture on his trip to Rome, in Lot 35 Hall, Tuesday, September 12th, at 8.15 P. M. Also other specialities.
- \* \* \* \* \* Regular Dance, Morell Community Hall, Monday, September 11th. Music by George Chappell and his Merry Islanders.
- \* \* \* \* \* Pantry Sale at local stores in Emerald, September 9th, 7 P. M. by Emerald Home and School Association.
- \* \* \* \* \* Dance to the music of Don Messer and his Islanders in Crapaud Hall, Monday, September 11th. Sponsored by Crapaud Community Club.
- \* \* \* \* \* Get tuned up for the Trade and Industries Fair at the Charlottetown Armouries, September 21st, 22nd, 23rd, Thursday and Friday night will be eliminations with five, ten and fifteen dollars prizes each night for the winners. Saturday night will be the finals with five, ten and twenty-five dollar prizes. Any musical instrument eligible. Send your application to Miller Bros., Charlottetown at once. Sponsored by Charlottetown Y. M. C. A.

### Debate On Rearmament Continues

**OTTAWA, Sept. 8 (CP)**—George Drew, Progressive Conservative leader, today carried his fight for a Commons defence committee to the last ditch and forced the Government to vote him down.

A motion regretting that the Government has refused to appoint such a committee was rejected 142 to 43 by a combination of Liberal and Social Credit members.

It was promptly followed by a C. C. F. motion calling for the nationalization of the "production and sale of munitions and armaments."

Both motions came as the House debated the bill embodying the Government's \$850,000,000 rearmament program. Both used the device of urging that the bill be not now read a second time—given approval in principle—for their separate reasons.

At the night sitting a C. C. F. motion calling for nationalization of the production and sale of munitions and armaments was defeated 156 to 12.

The bill later was given third and final reading. It will be considered by the Senate tomorrow.

Prime Minister St. Laurent said that any decision to send the special army brigade elsewhere than Korea will be placed before Parliament.

### Father And Son Lose Lives In Collision At Sea Off East Point

Two Magdalen Islands men, Captain Gregoire Arsenault and his son Clement, drowned four miles off East Point Thursday night when they failed to free a dory from their stricken schooner, the Arthena M. which was sunk in a collision with the auxiliary schooner the B. T. U.

The collision occurred in a blinding rain squall. The B. T. U. with a vision blocking deck load of hay reportedly cut across the bow of the Arthena M., striking the boat somewhere in the forward part. The 34 ton Arthena M. sank within three minutes.

Following the collision the two men attempted to free a dory but their coal laden boat sank before they could abandon the schooner. The accident occurred about 10:15 P. M. Legere Arsenault, son of the Arthena M's captain was saved when he jumped from the stricken schooner into the B. T. U. immediately after the collision. There were only three men on the boat.

Captain Arsenault was sixty years of age and his son Clement nineteen. The father had been engaged in the schooner carrying trade for years and was a frequent caller at Souris. They lived at Pointe Basse.

Both boats were proceeding from Pictou to the Magdalen Islands at the time of the mishap. The B. T. U. was carrying general cargo and the Arthena M., coal.

The 74 ton B. T. U., mastered by Captain Hippolyte Arsenault of Amherst Harbour, remained at the scene of the accident until daybreak hoping to locate the bodies. They put into Souris about eight o'clock yesterday morning and after telegraphing word of the mishap set out for the Magdalen's.

### Attlee Asks Confidence Vote On Defence Plans

**LONDON, Sept. 9 (Saturday) (CP)**—The Labor Government asked today that Parliament approve the initial steps of Britain's new defence program when it meets in emergency session next Tuesday.

Prime Minister Attlee threw open defence questions for full debate with two motions. One covers the Government order increasing draft service from 18 months to two years. The other asks approval for the Government's decision to increase the pay of the armed forces.

Parliament is being recalled more than a month ahead of the originally scheduled date, Oct. 17, because of the international situation.

Attlee asked that it approve the proposals designed by the Government to meet the growing danger to world peace, "of which the war in Korea is an example."

Conservative leader Winston Churchill and his deputy, Anthony Eden, will speak for the Opposition. Neither is expected to oppose the Government's motions. They may, however, submit a counter-motion accusing the Labor administration of doing too little, too late.

Churchill has said frequently that Labor lagged in building defences against Communism.

The Government would be unseated if a vote of censure were carried. And the absence abroad of some of the Labor members needed to maintain the Government's meagre majority of seven has caused some anxiety in party circles here.

The motions will allow discussion to cover a wide range of matters connected with the new defence program. Likely subjects are: Foreign policy in the Far East; the balance of payments and the danger of inflation at home; following Thursday's Trades Union Congress decision to abandon restraint in wage claims.

### Acadia University Professor Dies

**(By The Canadian Press)**  
**WOLFVILLE, N. S., Sept. 8**—Dr. Wilnot H. Thompson, professor of classics at Acadia University, died of a heart attack here today at the age of 74.

Dr. Thompson was born at Orange, New Jersey and graduated from Yale University with the degree of doctor of philosophy in classical languages and literature.

He joined the staff of Acadia University in 1912 and was professor of classics until his death. He was appointed junior dean of arts in 1936 and later dean of arts and science.

He is survived by a son, Elbert Thompson of Wolfville, and one brother, Dr. Seymour Thompson of Pottsville, Penn.

### No Chinese Troops With Korean Troops

**TOKYO, Sept. 8 (Reuters)**—A United States army spokesman said today there was "absolutely no indication" that Chinese troops were fighting for the Communists in South Korea.

Candy and pop dealers across the country generally were agreed that a 10-cent bar and a six cent bottle of pop are in the offing. Some retailers already were charging six and seven cents for pop.

Cocktail bars in Ontario were expected to see price increases.

A spokesman for a fur firm said the added tax wasn't "drastic" enough to slow up sales.

Canadian motorists found new price tags on new automobiles in many centres, with increases ranging from \$40 to \$700.

One of Toronto's major used-car dealers said prices on some 600 models currently in stock will remain unchanged.

One Labor spokesman, C. H. Millard, Canadian director of the United Steelworkers (O. I. O.-C. U.), protested.

He said: "In view of the unprecedented profits, it seems that one would be able to guard against inflation and meet the added burden of defence expenditures with an excess-profits tax."

### More Planes For Tokyo Airlift

**OTTAWA, Sept. 8 (CP)**—Another four North Stars and additional Air Force personnel will be added to Canada's contribution to the trans-Pacific Tokyo airlift, Air Commandeur A.D. Ross announced today.

The commanding officer of the R.C.A.F. Air Transport Command told a press conference that the additional planes and men will be dispatched to McNord Field, Wash., before the end of September.

This will bring the total number of R.C.A.F. planes on the Pacific run to 12 and the number of Canadian airmen from 400 to about 480.

### Beaverbrook Scholar

**Mr. Robert Forsythe Nelson** (above) son of Mrs. Elizabeth F. Nelson, Charlottetown, who has been awarded a Lord Beaverbrook entrance scholarship for the year 1950-51 at Mount Allison University. The scholarship, a gift of Lord Beaverbrook, is for \$500 and is renewable if the student maintains an average of at least 75 per cent in his course. Other Maritime High School graduate winners of the scholarship this year are: Phyllis Isobel MacGowan, Hampton, N. B.; Reginald Murray Andrews, Shubenacadie, N. S.; James Chester Hamilton Martin, Moncton, N. B.; and Edilson Bruce Skinner, Louisburg, N. S. The new scholars will enter Mount Allison on Sept. 26 and will join ten other Beaverbrook scholars who have during the past two years made splendid academic records.

### Huge Hurricane Remains Stalled

**MIAMI, Fla., Sept. 8 (AP)**—The great Atlantic hurricane remained stalled 800 miles east of the Georgia coast today and seemed to be losing force. Its winds, which once blew at 150 miles an hour, now are estimated at 100 miles an hour.

The storm may have drifted a few miles westward toward the coast, but forecasters in the Weather Bureau here said it had not yet set out on a new course since halting 24 hours earlier.

Bermuda's cluster of isles 200 miles to the northeast were under a hurricane alert but were protected for the time being by a large high pressure system which blocked the mighty tropical storm.

"It is just sitting there, blowing hard but doing no harm," said Gedy Norton, chief forecaster in the Miami Bureau.

"It appears to be spreading out a bit, which would reduce its force. It remains a large and dangerous hurricane, and shipping should avoid it and Bermuda should remain on the alert for possible gale winds."

### Fur Coats Almost Escaped Tax

**OTTAWA, Sept. 8 (CP)**—Milday almost got away without an extra tax on that new fur coat. Finance Minister Abbott announced in his budget speech last night that the tax was going up to 15 per cent from 10 per cent, but someone forgot to include furs in the formal resolution making it legal.

Overnight, the error was spotted, and today Mr. Abbott moved in the Commons to include furs in the increased tax list.

### Tighter Credit Terms In The U.S.

**WASHINGTON, Sept. 8 (AP)**—Tighter credit terms on many items ranging from automobiles to home repairs were ordered today immediately after President Truman signed a bill giving him virtually wartime powers over the economy of the United States.

The new curbs on time-payment buying will take effect Sept. 18, the Federal Reserve Board said.

A White House announcement that Truman had signed the home front economic mobilization bill came shortly after 4 p. m. EDT.

Less than an hour later, the Reserve Board ordered higher down payments and shorter time limitations for paying off than generally prevail now for a wide variety of installment purchases.

On automobiles, the new order requires down payments of at least one-third and sets a 21-month limit for completing payment.

### Patient Lives After Temperature of 112.5

**LONDON, Sept. 8 (AP)**—A British army doctor reported today that a Chinese patient he had in Malaya ran a temperature of 112.5 degrees and lived. The Chinese, aged 67, developed the high fever soon after a gall bladder operation.

### Largest Ranch

The largest cattle ranch in the world is in Victoria, Australia, and is twice the size of the state of New Jersey.

## But U.S. Army Commander Sees Greatest Peril Past

### Seek Information On Status Of Local Project

**By Reiman Morin**  
**TOKYO, Sept. 9 (Saturday) (AP)**—The North Korean Reds struck anew at Taegu from two directions today but the commander of the U. S. Eighth Army said the danger of the battle perimeter being smashed had ended.

Lt.-Gen. Walton H. Walker said the greatest peril was passed Sept. 3—"my own worst day"—when the Reds made big gains toward Masan and Yongju in the southwest sector. Counter-attacks which re-established that situation and firmly established the Nakdong River line ended the menace, the General added.

Today U. S. 1st Cavalry Division troops "contained" a Communist attack eight miles northwest of Taegu, the mid-day communique of the Eighth Army reported.

### Reds Infiltrating

But to the northeast of Taegu, where interest is focused on two vital highway junctions—Yongchun and Kyongju—the Reds were probing and infiltrating while United Nations forces strove to repair gaps in the line.

The communique said the Reds have fought to "within a few miles" of Yongchun, 20 miles northeast of Taegu. Yongchun, loss of which would make Taegu untenable, changed hands twice Thursday night and Friday.

Slipping through gaps made by a break-through last Monday, the Reds infiltrated across the supply highway leading to Taegu from the east. They crossed between Yongchun and Kyongju, the latter 35 miles east of Taegu.

"Both towns and the connecting road are still in friendly hands," the communique said.

### Rains Continue

The rains continued today. The unfavorable weather again threatened to cut down the effectiveness of the United Nations air arm and to cover Red reinforcement movements known to be taking place at both ends of the battle front.

Recapping events of the last 10 days, Gen. Walker said the Communist offensive launched Sept. 1 was the biggest attack of the war. He said the peril passed when the Reds failed to hold Yongsan and to capture Masan.

Yongsan, 36 miles northwest of the lifeline port of Pusan, was entered by the Reds Sept. 1 and lost the next day. The peril there was that the Reds might drive 11 miles eastward and cut the main north-south highway from Pusan to Taegu. Since then the U. S. 2nd Division and the 1st Marine Brigade have rolled the Reds back six miles to within two miles of the Nakdong River.

Associated Press Correspondent Don Huth reported today that the Reds have rushed reinforcements across the river.

The Reds managed to infiltrate within three miles of Masan, while under orders to capture it by Sept. 3, but were forced back in bitter fighting by the U. S. 25th Division. Seizure of Masan would have opened the gate to Pusan, 27 air miles away.

An Eighth Army briefing officer said the 2nd Division repelled a large-scale Red attack Friday and another early today.

The U. S. 25th Division Friday night repulsed two attacks against the centre of its lines. One was a "banzai" charge—an attack in which the enemy shows utter disregard for loss of life while rushing forward, screaming.

### Field Marshal

The rank of field marshal in the British army was introduced by George II in 1736.

### Murder Charge Is Laid Against No. Sydney Man

**NORTH SYDNEY, N. S., Sept. 8 (CP)**—A murder charge was laid against twenty-two-year-old Jeremiah (Billy) Grant here today.

The youth is alleged to have killed his 41-year-old stepbrother Edward Grant by stabbing him during an argument Aug. 28.

Grant died in a Sydney hospital last Sunday of three knife wounds and heart complications.

A charge of wounding with intent was laid against young Grant shortly after his arrest but this was withdrawn today and the murder charge substituted.

Grant was then taken before Town Magistrate Magistrate Ronald MacDonald who remanded him one week for preliminary hearing.

A coroner's jury last night held Grant responsible for the death of his stepbrother after hearing from 16 witnesses.

### Regional Forecasts

On Saturday the warm air will again cover the entire district, while late Saturday and on Sunday another surge of cool air will move down from the northwest. This will bring some cloudiness, but no rain, except for a few light showers in the north shore region on Saturday.

Regional forecasts, valid until midnight Saturday, with an outlook for Sunday:

Prince Edward Island—Clear and very warm Saturday. Light winds. Low early Saturday morning and high in the afternoon at Charlottetown 50 and 75.

Outlook for Sunday—Clear with a few cloudy intervals.

High tide 7.30 A. M. and 9.35 P. M.  
Sun rises at 5.43 A. M. and sets at 6.37 P. M.  
Summerside tide eighteen minutes later than Charlottetown.

### HALIFAX, Sept. 8 (CP)

Official forecasts issued by the Dominion Public Weather Office at Halifax tonight.

Synopsis:

Clear skies continued today over the district, but cooler air spread from the north shore region southward across the Gulf of St. Lawrence to Prince Edward Island and Cape Breton. As a result, temperatures in these regions were below seventy, while in the remainder of the district they ranged as high as the 83 recorded at Edmundston and Halifax.

On Saturday the warm air will again cover the entire district, while late Saturday and on Sunday another surge of cool air will move down from the northwest. This will bring some cloudiness, but no rain, except for a few light showers in the north shore region on Saturday.
