### Beauty

Is desired and admired by all. Among  
the things which may best be done to  
enhance personal  
beauty is the daily  
use of Ayer's Hair  
Vigor. No matter  
what the color of  
the hair, this prepara-  
tion gives it a lustre  
and pliancy that  
adds greatly to its  
charm. Should the  
hair be thin, harsh,  
dry, or turning gray,  
Ayer's Hair Vigor  
will restore the  
color, bring out a  
new growth, and  
render the old soft and shiny. For  
keeping the scalp clean, cool, and  
healthy, there is no better preparation  
in the market.

"I am free to confess that a trial of  
Ayer's Hair Vigor has convinced me  
that it is a genuine article. Its use has  
not only caused the hair of my wife and  
daughter to be

**Abundant and Glossy,**  
but it has given my rather stunted  
mustache a respectable length and appearance."  
—R. Britton, Oakland, Ohio.

"My hair was coming out (without  
any assistance from my wife, either).  
I tried Ayer's Hair Vigor, using only  
one bottle, and I now have as fine a  
head of hair as any one could wish for."  
—T. Schmittou, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my  
family for a number of years, and re-  
gard it as the best hair preparation I  
know of. It keeps the scalp clean, the  
hair soft and lively, and preserves the  
original color. My wife has used it for  
a long time with most satisfactory re-  
sults."—Benjamin M. Johnson, M. D.,  
Thomas Hill, Mo.

"My hair was becoming harsh and dry,  
but after using half a bottle of Ayer's  
Hair Vigor it grew black and glossy. I  
cannot express the joy and gratitude I  
feel."—Mabel C. Hardy, Delavan, Ill.

### Prince Edward Island Politics.

**SENATOR PROWSE PREDICTS AN OVERWHELM-  
ING VICTORY FOR THE McLEOD-FERGUSON  
GOVERNMENT—THE CROPS AND STOCK.**

(Staff Correspondence Halifax Herald)

**MIDDLE STEWACKE, January 11.**—On  
the train from Pictou to-day I fell in with  
Senator Prowse, who with Senators Mont-  
gomery and Haythorne, and S. F. Perry,  
M. P., were en route for Ottawa. This  
will be the first session for Mr. Prowse,  
who succeeds Mr. Carvell, appointed  
Lieutenant Governor. By integrity, abili-  
ty and political service and business suc-  
cess, Mr. Prowse has fairly won the honor.  
A native of Devonshire, England, thirty  
years ago he settled in Murray Harbor, P.  
E. Island, and engaged in the fisheries,  
general merchandise and stock raising.  
Enterprise, perseverance and industry en-  
abled him to accumulate a fortune. He re-  
cently handed his business over to his two  
sons, who are prosecuting it with the same  
success that attended their father. For  
many years Mr. Prowse represented his  
district in the Legislature and the Island  
Government and would doubtless have  
done so for many years to come, had he  
not accepted the higher responsibilities  
and honors of a seat in the Canadian Sen-  
ate where he will continue to be a faithful,  
shrewd and conscientious member of the  
liberal wing of the Liberal-Conservative  
party. Senator Montgomery, though 82  
years of age, and who long ago celebrated  
the jubilee of his public life, looks as vigor-  
ous as a young man of 60, and from ap-  
pearances, promises to become a nonagenarian  
member of the senate. Speaking to Mr.  
Prowse of local politics, I asked him why  
the legislature had been dissolved a year  
before its term expired? He replied,  
"When Premier Sullivan was appointed  
Chief Justice, his resignation of the  
premiership involved the resignation  
of the government. I was called to  
the Senate, which created a second  
vacancy. Neil McLeod became premier of  
the new government, which, of course,  
comprised the remaining members of the  
previous administration."  
"Who's Neil McLeod?"  
"That question was asked by the Patriot,  
Hon. David Laird's newspaper, many years  
ago, when—then only a young lawyer—he  
was appointed provincial secretary just pre-  
vious to a general election. The question  
was answered a few weeks later by the  
people of Charlottetown in the triumphant  
election of that gentleman. He has con-  
tinued to represent the Island metropolis  
ever since. He is not an orator in the  
popular sense, but is regarded as one of the  
best lawyers and most level-headed men in  
the Island. While Mr. Sullivan's appoint-  
ment as Chief Justice was almost un-  
iversally approved, his withdrawal from public  
life was generally regretted. He was with-  
out exception the most successful political  
leader in the political history of Prince  
Edward Island. He led his party to power  
on the collapse of the L. H. Davies govern-  
ment, and upon appealing to the people  
eleven years ago was sustained by a major-  
ity in the popular house of 26 to 4. His  
administration has been endorsed by the  
people at three general elections since  
then, and he retires from the leadership  
with a majority in the house of 19 to 11.

"What are the issues in the present con-  
test?"  
"The outs want to get in."  
"What are the chances?"  
"Well, you know what Sir John says  
about such a question—there's nothing  
more uncertain than a horse race and an  
election. But I'll tell you frankly what the  
result will be: Mr. McLeod's government  
will be sustained by a majority of 20  
to 10."

"What about the alleged scandal in the  
crown land office?"  
"The commissioner, Hon. Mr. Ferguson,  
discovered a defalcation in his department  
by the assistant commissioner and cashier.  
He reported the facts to the government,  
and with the government's approval made  
efforts to recover the money. He recovered  
\$700, leaving \$2,300 still due. The de-  
faulter is now dead. No shade of suspicion  
attaches to anyone but the late cashier.  
Mr. Ferguson is a very able man whom the  
opposition fear and dread. With the hope  
of destroying him, they raised a great hue  
and cry about this matter. But a thorough  
investigation into all the facts completely  
exonerates Mr. Ferguson from any blame.  
The people are getting to thoroughly un-  
derstand this, and the persistent persecu-  
tion to which he has been subjected will  
prove a boomerang, and instead of injuring  
him will destroy his political opponents.  
He is being opposed by Mr. Peters, the  
leader of the opposition, but that gentleman  
will be buried under an adverse majority on  
election day."

"How were the crops?"  
"Oats and potatoes, our great staples,  
were away below the average. Owing to  
the inferior crop of potatoes, only 400 or  
500 tons of search were manufactured last  
year. But the lobster fishery was better  
than for years, with better prices, while  
other fishing was fair. The island has long  
been noted for its thoroughbred stock, and  
great progress is still being made in that  
industry. It is probably the most profitable  
undertaking in which our people are en-  
gaged, and we are giving more attention to  
it than ever before. It is getting more  
profitable every year, because the best  
animals are always in demand at the high-  
est prices. Among recent importations of  
thoroughbreds, Hon. James Clow, the next  
member for Murray Harbor—the district  
which so long honored me with its confi-  
dence, has imported two of the finest ani-  
mals ever brought to the Island. One is a  
heavy cart horse, the other a hackney."

A BIG EXPENDITURE.—The Montreal  
city surveyor's plan for improving the  
streets of that city, notoriously bad, con-  
templates an expenditure of \$5,487,497 in  
four years, in permanent paving, using  
block stone for heavy traffic and on hills,  
asphalt and wood blocks otherwise.

### Address.

On the eve of his departure from the Is-  
land, the members of True Brothers Lodge,  
No. 8, A. F. & A. M., met at the house of  
Bro. Wesley Myers and presented Bro.  
Percy H. Palmer with the following fare-  
well address:

**DEAR BROTHER,**—It is with feelings of deep  
regret that we learn of your intended departure  
from our midst. Though a junior member of  
the fraternity, yet we feel we are losing in  
you a true and much valued brother.

You have always evinced a devoted attach-  
ment to the Brotherhood, as is evidenced by  
your regular attendance on all stated meetings,  
not having been absent on one occasion since  
your initiation. Connected by business ties  
as you have been, to a considerable extent for  
the past few years with the farming commu-  
nity, your associations have always been of the  
most agreeable character, and you have won  
golden opinions from all. Courteous and  
affable, yet unostentatious in the last degree,  
you have gained many friends who will, we  
are assured, join with us in wishing you every  
success in the laud of your adoption.

We trust the All Seeing Eye may be over  
you for good, and that you may be spared to  
meet with us again in the near future.

On behalf of the Brethren of True Brothers  
Lodge.

Brethren True Brothers Lodge, A. F. & A.  
M., Tryon:—

Just a few short words in acknowledgement  
of your very kind address. Associated as I  
have been with you for years in business and  
otherwise, I cannot let this opportunity pass  
without expressing my heartfelt thanks to  
you, my brothers, for your kind sympathy  
and for the many acts of kindness received at  
your hands. Although a young member of  
the fraternity, the trust and confidence with  
which you have invested me shall ever be my  
care, and the glorious principles laid down by  
our laws shall ever be my guide through life.  
Although I am going far from you all, some-  
one of you, it may be, never to meet in this world  
again, I want to tell you that this dear little  
Island home of mine shall live ever in my re-  
membrance and its welfare and advancement  
shall ever be my delight to hear of in what-  
ever land I make my home. Thanking you  
again friends and wishing you, too, all the  
prosperity attainable,  
I am, yours fraternally,  
**PERCY H. PALMER.**  
Crapaud, Jan. 14, 1890.

### Personal.

Mr. Edmund Yates cables that the Czar has  
greatly offended the French government and  
the Oceanists by granting a commission in  
the Russian army to Prince Louis Napoleon.

Mr. Edmund Yates cables the following:—  
Occasions when the late Robert Browning  
permitted himself to break an established  
rule of abstinence from public speaking might  
probably be counted on your fingers. One  
Saturday afternoon, about twelve years ago,  
he was crossing Hyde Park, walking home-  
ward, and stood for a few minutes listening to  
an address from one of the pestilent atheistic  
lecturers in these parts. He waited till the  
fellow had finished, and then sprang on the  
vacated chair, saying: "Now, my friends,  
you have heard him; listen to me." He held  
the attention of his strange audience for some  
ten minutes, a rapt oration flowing free, with  
such extraordinary effect that the populace  
turned upon orator No. 1 and literally chased  
him from the neighborhood of his exploits.

**ADVICE TO MOTHERS.**—Mrs. Winslow's  
Soothing Syrup should always be used  
when children are cutting teeth. It re-  
lieves the little sufferer at once; it produces  
natural quiet sleep by relieving the child  
from pain; and the little cherub awakes as  
"bright as a button." It is very pleasant  
to taste. It soothes the child, softens the  
gums, allays all pain, relieves teething trou-  
bles, regulates the bowels and is the best known  
remedy for diarrhoea, whether arising from  
teething or other causes. Twenty-five  
cents a bottle. Be sure and ask for Mrs.  
Winslow's Soothing Syrup, and take no  
other kind. Jan 7 '90.

The Shen Pao published lately the statis-  
tics of the population of China for the year  
1887 from the returns of the Board of Re-  
venue, giving the population as 363,241,  
969, showing an increase of population over  
the previous year of 1,153,855. The above  
is not the population of China, but of some  
thirteen provinces.

A Millin, Penn., woman threw some  
medicine in the fire, and an explosion took  
place which carried the stove out of doors.
