

Public Works whether it was the intention of the Government to extend the Southport wharf to the channel of the river during the present year. He hoped the Government would do so; for the people are much in need of the proposed extension.

Mr. CAMPBELL said that Southport wharf would, in all probability, soon be out of the control of the Government. It is properly a Dominion work.

Mr. BEER asked the Commissioner of Public Works whether it was the intention of the Government to cause an additional block and span to be built to the Red Point wharf, Lot 48, this year.

Mr. CAMPBELL—It is not the intention of the Government. The wharf referred to is a Dominion work, and we have nothing to do with it.

Mr. BEER asked the Commissioner of Public Works whether it is the intention of the Government to open a public road from the Brackley Point Road, Lot 33, and the Rivalry Junction of the P. E. Island Railroad.

Mr. CAMPBELL—I may say that this road has been under the consideration of the Government for some time.

Mr. PROWSE, as Chairman of the Committee on Private Bills, submitted a report respecting the Bill, entitled "An Act to authorize the opening of a Roman Catholic Cemetery near Charlottetown, recommending that a fee of \$12 be charged.

Mr. BEER asked the Commissioner of Public Lands to lay on the table of the House, copies of all correspondence between the Government and the remaining proprietors of estates on this island, respecting the purchase of said estates.

Mr. PROWSE—The correspondence was placed on the table of the House last Session. Since that time there has been no correspondence about the matter.

Mr. BEER—As this is a new House, I think the correspondence might again be submitted for the information of those who were not here last year.

Mr. SULLIVAN—The correspondence is published in the Appendix to the Journals.

Mr. BEER—If that is the case I am quite satisfied.

Mr. HOOPER asked the Commissioner of Public Works if the Government intend to complete this summer the Milltown Road, Lot 40, to the Cardigan Road.

Mr. CAMPBELL—I may say that there are several roads leading from the Milltown Road. One of the proposed roads was partly opened last summer; another is still under the consideration of the Government.

Mr. HOOPER said the people are very anxious to have the road referred to opened. He understood that nothing had yet been done to it.

Mr. CAMPBELL—The road has been partly opened.

Mr. SULLIVAN presented a Bill entitled "An Act to incorporate the Inland Steam Navigation Company of Prince Edward Island." The Bill was received and read a first time.

Mr. SULLIVAN, as chairman of the Committee on Expiring Laws, presented a report. The report was committed to a Committee of the whole House, Mr. McMillan in the Chair.

Mr. SPEAKER resumed the Chair, and a resolution was reported agreed to.

Mr. SULLIVAN, in accordance with the report, presented a Bill entitled "An Act to continue certain Acts therein mentioned." The Bill was read a first time.

Mr. SULLIVAN moved the second reading of the Bill entitled "An Act to amend the Crown Revenues of Prince Edward Island and to provide for the Civil List thereof, as well as for certain compensation therein mentioned." He said the Bill is intended to amend the Act of 1851 which provides that all the mines and minerals of the Island shall be placed at the disposal of the Lieutenant-Governor in Council for the time being. It enables the Government to vest the mines in individuals who may apply for them. If any person applies for a grant on his own land it will be granted as a matter of course; but should the application be for a right to sink a mine on property the surface soil of which belongs to another, it will be necessary that the applicant shall first obtain the consent in writing of the owner of the soil. This is the leading provision of the Bill. It is further provided, that the grant shall be made free of charge; and that in case of the discovering of a mine, the Government may charge a royalty not exceeding two and a half per cent of the net profits of the undertaking. This latter provision is similar to that of the Dominion Act of 1879.

Motion carried. House in Committee, Mr. Martin in the Chair.

Mr. SPEAKER resumed the Chair, and the Bill was reported agreed to without any amendment.

Mr. PROWSE, as Chairman of the Committee on Private Bills submitted a report respecting the Bill to incorporate the Inland Steam Navigation Company of Prince Edward Island, recommending that a fee of \$12 be charged. The Report was adopted.

Mr. SULLIVAN moved that the House do now resolve itself into a Committee of the Whole to take into consideration the propriety of amending the law relating to Peddlers. The present law is not a bad one; but it has not been well observed. Peddlers interfere with the regular trade of the country. Some of them pay the small fee required by the law; the larger proportion do not; and against those who do not the law has not been put in operation. The fees are for a man travelling on foot £2.10s., and for a man travelling with a horse £5. These amounts are not perhaps sufficiently high. It has been urged that they be increased; and also that the amount of the fine be increased.

Mr. SULLIVAN thought it a rather strange proceeding to tax persons who go round the country accommodating the people—buying eggs, skins, etc., and bringing to the doors of the farmers the little necessaries that are required in their households. He did not think it would be right to exact high fees from such persons.

Mr. FAUCHEUX was entirely in accord with the last speaker. The Opposition are Free Traders in every respect. These Peddlers accommodate the public. Why should a fee be charged in respect to them and not charged in respect to dealers who put up shops by the side of the highway or persons who travel about the country selling moving machines, etc.?

Mr. YEO thought it would be a mistake to increase the license fee, for it is already high enough; and as to the fine, it, too, is high enough. To prevent persons who peddle eggs, etc., from travelling through

the country would, he thought, be a hardship to the people.

Mr. PROWSE was not very much in favor of the proposed Bill. He would not like to see Peddlers who do a legitimate business suppressed; but there are men, such as atlas and shoddy peddlers, who travel about the country and victimize the people. Against these men, he thought the Motion should have some protection. Motion carried. House in Committee, Mr. McMillan in the Chair.

Mr. SULLIVAN submitted a resolution, upon which there arose a general discussion. At a quarter to eleven o'clock, Mr. SPEAKER resumed the Chair and progress was reported.

Mr. SULLIVAN, as a member of the Executive Council, presented a message for the Lieutenant-Governor transmitting the estimates for the year 1883.

Mr. SULLIVAN moved the following resolution:—

Resolved, "That the House will tomorrow resolve itself into a Committee of the Whole to consider of a supply to Her Majesty." Motion carried.

House adjourned.

THE DAILY EXAMINER. APRIL 10, 1883.

The Education Bill.

THE Administration of Hon. Mr. Sullivan have been very careful not to interfere unnecessarily in the working out of the Education law. The amendments they have made have not been important. Nothing inconsistent in the slightest degree with the principles upon which the Bill is founded has been done them. The Bill now before the Legislature is simply to provide for the satisfactory administration of the Education Department. The Opposition have made a fuss over the provision that there shall be no appeal to the Courts from decisions of the Board of Education. It amounts to nothing. There never was such an appeal. If the Board of Education dismissed a teacher, the teacher never could have appealed to the Courts for a reversal of its decision. Nor does the clause in question prevent him, if he thinks he has been ill-treated, from entering an action for damages in the Courts of law and justice. It simply provides a means of obtaining more accurately than heretofore the facts in any case and guards against a continuation of proceedings after a decision has, in view of all the facts, been arrived at.

The requirement that the Inspectors shall be specially examined in view of the duty which will devolve upon them of rating the teachers for their bonuses is, we think, very reasonable. Yet we hope that too much stress will not be laid by the Board of Education upon the results of the examination. The best men are not always those who are best at passing examinations; and it is important that besides being good scholars, the Inspector should be men of good judgment, independent minds, and high moral character.

Brush Up.

THE Dominion Government have set a good example. Workmen are now busily engaged in cleaning and painting the Custom House and other offices in the Dominion Building. We hope the Local Government, the Civic Government, and citizens generally, will follow a lead so good. The comfort and pleasure of having the town clean and bright, will much more than repay the outlay. But besides this, the summer will in all probability bring us thousands of tourists, whose impressions of the town will be carried to all parts of the United States and Canada. The first and strongest impressions are always drawn from the outward appearance of things. Therefore we should, for the credit of the town, be particularly active with the brush during the next few weeks. The painters should have more than enough to do.

Some archaeologists are puzzled over the discovery in one of the remains of the prehistoric lake dwellings of Zurich of a hatchet made of pure copper. It will be well for some scientists to reconsider the grounds upon which they base the several ages of the progress of man. At present, from a great variety of points of view, the grounds are very hazy, to say the least of them, and the foothold of the adventurous traveller is very uncertain. Within the last twenty years in Scotland, not two miles distant from where excellently equipped mills were at work making first-class cloth, yarn for stockings was made by the "whirls" considered to be used by the ancient mound-builders. A remote past sometimes projects itself very curiously into the living present.

Mr. Spurgeon—the London Talmage and Beecher in one—has declared himself against the Salvation Army. In the new number of his magazine he writes: "It is time that somebody spoke, now that the attempt is made to make men religious by turning all religion into a game of soldiers. Because they would not hinder anything that promised well. Christian men have borne with much that grieved them, but there is a point beyond which long suffering charity cannot go. That point is nearly reached; even the most ultra tolerant must feel that hope has been disappointed, and fear now takes its place."

There will be about forty election petitions in Ontario. Of these fifteen will be against Conservatives and twenty-five against Liberals.

Excitement in the rice trade in London and a rise in prices are expected to lead to failures.

The Intercolonial Railway is advertising for ships to load grain at Halifax.

The City Council.

The regular monthly meeting of the City Council was held last evening. Present: the Mayor, Recorder, Chief Engineer and Councilors Murphy, Crabbe, Koughan, Davy, Horne, Douse, Ladner, Tanton, and Morris.

A petition was read from Mr. Samuel McLea and other members of the S. O. T., asking the use of the Market Hall at a reduced rate (\$8) on Wednesday evening, for the purpose of holding a public Temperance meeting. Councilor Tanton moved and Councilor Ladner seconded that the prayer of the petition be granted. On being put the motion was lost 3 to 6, Councilors Tanton, Ladner and Crabbe voting for it.

COUNCILLOR MURPHY asked if a meeting of the Board of Health had been held since the last regular meeting of Council.

The Mayor replied there was; the Clerk then read the minutes of the meeting, showing that Dr. Johnston had been appointed Medical Officer of the city, at a salary of \$5 per annum.

COUNCILLOR MURPHY then asked if the Board of Health had power to vote money without the consent of the Council.

The Recorder said that from reading certain clauses of the Act, it appeared as though they had.

COUNCILLOR MURPHY said that his interpretation of the Act was that they had power to vote money subject afterwards to the approval of the Council.

The Recorder said that as the Board of Health and the City Council were the same body, there was no doubt that the Council acting as a Board of Health, had power to make expenditure of money.

COUNCILLOR KOUGHAN moved and Councilor Murphy seconded:—

Resolved, That the report of the Board of Health be referred back for alteration, viz., that the name of Dr. Johnston be struck out and the name of Dr. Conroy be inserted in lieu thereof.

The Recorder believed the resolution was out of order.

Councilors Tanton, Davy, and others, also believed that it was out of order. Councilors Koughan and Crabbe maintained it was perfectly in order. After an irregular discussion, COUNCILLOR MURPHY endeavored to compromise matters by agreeing to withdraw the resolution if the Mayor would promise to call a meeting of the Board of Health. The Mayor said there was no need of calling a meeting. It would not affect the matter. He declared the resolution out of order, and Councilor Koughan withdrew it.

COUNCILLOR MURPHY asked if the Mayor would call a meeting of the Board.

THE MAYOR—I do not intend to.

A number of accounts were then read and passed.

A petition asking that the pumps in rear of the St. Lawrence Hotel be repaired, was read and referred to the Public Property Committee.

A letter was read from the School Board and ordered to lie on the table.

COUNCILLOR CRABBE asked if there was any report from the Bill which had been sent from this Council to the Legislature asking permission to sell a certain number of debentures. He understood that the Bill now before the Legislature was not the one sent from the Council.

THE MAYOR said Councilor Crabbe was well aware what Bill was before the Legislature.

COUNCILLOR CRABBE said if the Bill was changed the Council should have something to show for it.

COUNCILLOR MORRIS said the Bill was sent in to allow the Council to issue \$31,000 worth of debentures, but the Finance Committee had since agreed to have the amount reduced to \$15,000.

COUNCILLOR MURPHY understood that the Bill was sent in for the issue of \$31,000 and he had been informed that certain citizens had signed the petition on being led to believe that the Bill only authorized the issue of \$15,000 debentures, for the purpose of paying off the Union Bank.

COUNCILLOR TANTON agreed with the first Bill, but he was perfectly satisfied with the last one.

COUNCILLOR MORRIS moved that a By-law respecting dogs be received and read a first time.

COUNCILLOR KOUGHAN said it would be well for certain Councilors around the Board to settle up old scores before passing a new Act. As he resumed his seat he looked inquisitively at Councilor Horne.

COUNCILLOR HORNE—Councilor Koughan is looking hard at me; but I can tell the Council that, when the tax was raised to \$2 per dog I sent mine off. (Shaking his head at Councilor Murphy he resumed his seat.)

COUNCILLOR MURPHY—I have no dog! A COUNCILLOR—Go on with the business. COUNCILLOR CRABBE—Better have the matter settled now. (Looking sharply at numbers opposite.) Who did not pay his dog tax?

COUNCILLOR DAVY—I have no dog! COUNCILLOR LADNER—I own no dog! COUNCILLOR DOUSE—(Popping up in turn) I own no dog either.

The other Councilors now gazed suspiciously on Councilors Tanton and Morris.

COUNCILLOR TANTON—I have no dog, Your Worship. COUNCILLOR MORRIS—I assure Your Worship I paid my dog tax. CHIEF—Who didn't pay? A COUNCILLOR—It must be Councilor Lea, He's absent.

The By-law was then read a first and second time, and was ordered to be read a third time on Wednesday night. It imposes a tax of \$1 on each dog.

The Mayor in answer to Councilor Murphy, said he would call a meeting of the Board of Health for Wednesday evening.

COUNCILLOR MORRIS then contradicted the previous statement of Councilor Murphy that parties were induced to sign the above mentioned petition by false representations.

COUNCILLOR MURPHY repeated the charge and gave his authority for his statement.

A short irregular discussion then followed, and the meeting adjourned.

Horsford's Acid Phosphate

PLEASANT TO THE TASTE. DR. A. L. HALL, Fair Haven, N. Y., says: "Have prescribed it with marked benefit in indigestion and urinary troubles."

A SEWING MACHINE that Brown cannot make work, you may just as well throw it away. Shop of corner of Prince and Grafton Streets.

THE estate and book debts of Mr. John McLeod, of this city, merchant tailor, having been assigned to me, all persons indebted to him are hereby notified to make immediate payment of the amounts due by them, at the office of Messrs. Davies, Sutherland & Weeks, who alone are authorized to give discharges for the same.

All amounts due and unpaid after the first day of May next, will be sued for without further notice.

R. T. WEEKS, Assignee. Ch'town, April 9, 1883.—2nd St

Poor Robin

Sweet robin dear!—you're welcome home From foreign climes, you loved to roam, From lands that boast perennial bloom And birds disport of brilliant plume. Sweet robin dear.

Sweet robin dear!—glad news you bring Of genial showers and early spring, The balmy south—the fanning breeze, Scarce waits the blossom from the trees. Sweet robin dear.

Sweet robin dear!—the snow drops bloom Salutes thee from thy wintry tomb, The Mayflower wafts its sweets abroad Earth's incense from the verdant sod. Sweet robin dear.

Sweet robin dear!—'twas wisely done, From wintry chills to woo the sun, Where he imparts a warmer smile Than he assigns to Edward's Isle. Sweet robin dear.

Sweet robin dear!—when dawning gleams 'Thout wake aurora from her dreams, Thy sylvan song shall charm the morn' thro' greenwood glades on echo born! Sweet robin dear.

Sweet robin dear!—thy cheerful song Resounds the greenwood glades among Wouldst thou to me the gift impart, To chaunt it with as light a heart. Sweet robin dear.

Sweet robin dear!—be thine my home I'll share with thee a friendly crumb, When luscious cherries bend the spray 'Thou'rt welcome as the flowers of May. Sweet robin dear.

I'll share with thee a friendly crumb, When luscious cherries bend the spray 'Thou'rt welcome as the flowers of May. Sweet robin dear.
