An old bachelor being laughed at by a party of young girls, told them—"You are small potatoes."

Johnathan presented himself and his intended to the minister, for the purpose of being married.

A lady modestly attired, was on her way to New York, on board one of the Hudson river night boats.

It is a matter that cannot be too often considered, that real happiness, health, order, peace, and bounty depend on self-denial.

People may argue against it as they will, but the instinctive leaning of human nature is to trust in beauty.

Youth is full of hope, but in age we enjoy, instead of our hopes the recollection of our hopes.

Poetic spirits long for a voyage through the planets, but we carry and look up a Heaven of stary light in our own bosom.

Authors generally endure criticism with commendable fortitude, just as most criminals when under the drop, conduct themselves with calmness.

Reading Milton is like dining off gold plate in a company of kings; very splendid, very ceremonious, and not a little appalling.

A man's books may impoverish his life, the fire and heat of his genius may make his heart all the colder.

Hunting health is about as absurd as hunting happiness. Men seldom find one or the other.

When a man presents himself before a public audience, it often happens that his body is inclined to sink while his head swims.

The letters of the dead friends whom we dearly love look dim, but maybe the dimness is nearer the eyes, after all.

When a man is happy, every effort to express his happiness mars its completeness.

Your oldest story becomes new when you have a new auditor.

Wealth, we are told, is power: talent is power, and knowledge is power. But there is a mightier force in this world than either of these; a power which wealth is not rich enough to purchase, or genius subtle enough to refute, nor knowledge wise enough to overreach, nor authority imposing enough to silence.

He who yields himself to vice must inevitably suffer. If the human law does not convict and punish him, the moral law, which will have obedience will follow him to his doom.

Why was St. Paul like a horse? Because he loved Timothy.

A Michigander brags of his pumpkins which grow twelve feet a week.

Sidney Smith compares the whistle of a locomotive to the squeal of an attorney when Satan first gets him.

A recruit going through the exercise of sword cut, asked how he should parry—"Never you mind that," said the old hussar, "only you cut, let the enemy parry."

"How fast men go on in their sins!" exclaimed a good-but unsophisticated old lady; "it only takes two seconds to fight a duel."

A beautiful young lady just entering society asked her mother for a watch.—Her mother replied, "I think you need a watch more."

Mrs. Partington, one Fourth of July, was much incommoded by the crowd that rushed to see the procession. She said she "didn't see the least need of serouging so, for she dared say the procession was full long enough to go round."

A Western paper announces "a cow struck by lightning and instantly killed, belonging to the village physician who had a beautiful calf four days old."

Agricultural.

Vices of Horses.

Idle horses, or those not working very hard, are apt to acquire habits that are very annoying, as cribbing, weaving, pawing, dislike to go through a doorway, kicking the sides of the stall, &c.

Kicking the sides of the stall is a very unfortunate custom some horses possess, and no amount of punishment will cure one that has become determined in the practice.

When he was shackled, of course he could not kick, neither could he lie down, and I have kept him standing for a week, when in less than an hour after the straps were removed he would fall to kicking as furiously as if the lost time had to be made up.

This plank came within half-an-inch of his loin, and of course he could not raise himself to kick. It was amusing to watch the rage he would get in, in finding his most violent efforts frustrated.

I looked for him to strike with one foot, and intended, if he had done so, to let a shelf extend on each side as high as his gaskins, which would have prevented that. The plank over the loin, however, cured him, and after going from my stable into a stall that had not these appliances, I never heard of him relapsing into his former bad practice.

SURE TO REGULATE THE BOWELS

Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to your Infants. We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this manner—"what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never failing success in thousands of cases. It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will also instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and sweetest remedy in the world, in all cases of Dysentery and Diarrhea in Children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. All directions for using will accompany each bottle. None Genuine unless the face-smile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal office, No. 48 Dry Street, N. Y. Price, only 25 Cents per Bottle.

New Triumphs of Rogers' Medicines.

Run your eye over them and tell your officious neighbors about it.

Miss Soley 5 years a Cripple, made to walk by Rogers' Medicine.

NORTH RIVER, Onslow, May 1st, 1866. MESSRS. ROGERS & Co. —

About five years ago, my left knee began to swell and feel weak, and at the same time, my health began to fail. I went to a Doctor and he wanted to perform an operation on my knee, but I would not consent to it. He then advised blistering, which I tried, but it did not help me any. I then tried a great many remedies advised by neighbors and friends, but I kept getting worse. I used British Oil but it did not have the least effect on my knee. I took a few bottles of Kennedy's discovery; and a few bottles Ayer's Sarsaparilla. Both of them seemed to help me a little at first, but after a little they did me no good. At last an ulcer broke out on my cheek. Then my father took me to another Doctor and he doctored me for some time. He cured the ulcer, but he did not help my knee. Soon after that I began to use your Medicines. I had not taken them long before I began to get better, and I have been getting better ever since, and am now well.

GEORGINA SOLEY, This Lady writes us that she had not walked on her leg for five years. R. & Co.

LOCHABER, Antigonish Co. Sept. 24, 1866. MESSRS. ROGERS & Co. —

About nine years ago, a small wart grew just above my eye. It continued to enlarge and in about eighteen months it ulcerated and became very troublesome, and seemed to assume a cancerous nature. The Doctors could not cure it. I used various remedies in vain, until I became quite discouraged. Hearing of your wonderful medicine, I procured some, and by two weeks use of it, I was entirely cured. With cheerfulness, I recommend your medicine to those similarly afflicted. MARY COOPER.

By George Bay, Sep. 2, 1866. MESSRS. ROGERS & Co. —

Little boys having for several years been afflicted with running sores in his arms and legs and various remedies been applied without effect, I was induced to try your Scrofula Ointment and Syrup. I accordingly purchased a box of the Ointment and a bottle of Syrup, and am happy to state that from using two Boxes and Bottles my boy is now able to go about with hardly any appearance of lameness. I believe it to be all that it is recommended to be, and would strongly recommend persons so afflicted to give it a trial. I am, Gentlemen, yours truly, FRANCIS LEWIS.

Gentlemen,—In reference to the case of ERMINGHAM of the LIP, in which I used Ointment, I beg to say that the Patient entirely recovered, and has continued well ever since. I have also used the medicine in some cases of obstinate skin diseases with much benefit. I believe it to be a valuable remedy to many otherwise intractable cases. Windsor, N. S., May, 1866. H. READ, M. D.

Stormont, Guysboro, 17th April, 1866. MESSRS. ROGERS & Co. —

Gentlemen—Your medicine has made another wonderful cure.

THOS. COOPER, Esq., of Lochaber Lake, (Storck-keeper) got sore for his wife who had been effected with scrofula for seven years, and nothing she got from the Doctors could do her any good. Mr. Cooper says her face was in a dreadful state with running sores, and is now well; as he expressed it: "it made a total cure of her."

Yours truly, S. F. MILWARD, J. P. DAVID ROGERS, Summerside.
