W. H. BEATON, Auctioneer.

Islanders On Crew Of H.M.C.S. Huron

OTTAWA — Of the 264 officers and men serving in H.M.C.S. Huron, (Commander E. T. G. Madgwick, R.C.N., of Halifax and Ottawa) latest ship to join the Canadian Destroyer Division in the Far East, 241 are from Ontario, Quebec, and the Maritimes. It was shown in figures released today by Naval Headquarters. The Huron arrived in Japan March 15 to relieve H.M.C.S. Cayuga.

The province of Ontario has the highest representation, with a total of 121 officers and men. Nova Scotia is next with 54 and Quebec third with 37.

The fact that the navy, insofar as possible, assigns non-officer personnel whose homes are in Eastern Canada to East Coast ships and establishments accounts for the high percentage of easterners serving in the Huron, whose home port is Halifax, N.S.

Figures are based on the home addresses given upon enlistment. The other seven Canadian provinces are represented in the Huron as follows: Prince Edward Island 15; New Brunswick 13; Alberta 8; British Columbia 5; Saskatchewan 5; Manitoba 5; Newfoundland 1.

Crews of the first three destroyers to go to the Far East—the Cayuga, Sioux and Athabaskan—were mostly westerners, since these three ships are normally based at Esquimalt, B. C. Eighty per cent of the men in these three ships hailed from the four western provinces. The situation has been the reverse in the Nootka and Huron.

IN MEMORIAM

WILLIAM MATHESON

On Monday morning, March 19, 1951, there passed to his eternal reward at the home of his son-in-law and daughter, Mr. and Mrs. John Hardy, Pleasant Grove, William Matheson in his 87th year. The deceased was born in Valleyfield and was the last surviving member of a family of nine—sons and daughters of John Matheson and his wife, Margaret (MacLeod) Matheson. With the exception of the last three and a half years spent in Pleasant Grove, and several visits with members of his family in Boston, Mass., he lived his long life in Valleyfield where he was an industrious farmer, a good neighbor and an esteemed citizen. He was a member of the Valleyfield United Church and a faithful attendant at its services.

His wife, formerly Catherine MacLeod passed away many years ago and a son, Martin, a promising young man, in 1926. Left to mourn are two sons and two daughters, John, Charlottetown, Daniel, Watertown, Mass., Sadie, Mrs. Herbert Vickerson, Milton, Mass., and Catherine, Mrs. John Hardy, Pleasant Grove, P. E. I. All were present at the funeral.

A short service conducted by the Rev. John Douglas of York United Church was held at the Cutcliffe Funeral Home, Charlottetown, on Wednesday, March 21st., followed by service in Valleyfield United Church at 3 P. M. This service was conducted by the Rev. A. C. Fraser, pastor of the church assisted by the Rev. John Douglas. Hymns sung were, "The Lord's My Shepherd", "Rock of Ages" and "Safe in the Arms of Jesus."

Funeral services were Angus Martin, Alex. Martin, Donald MacPherson, Murdoch A. MacLeod, Milton MacLeod and Norman MacMillan. Interment took place in the family plot in Valleyfield cemetery. "Life's race well run, life's work well done, life's crown well won, now cometh rest."

Card Of Thanks

The family of the late William Matheson wishes to thank kind friends and neighbors who assisted in so many ways during their recent sad bereavement, and also those who sent letters and cards of sympathy.

LINCOLN WINS GRAND SWEEPSTAKES

LINCOLN... AND ONLY LINCOLN... WINS TOP AWARD IN A.A.A. ECONOMY RUN

MERCURY AGAIN WINS ITS CLASS!

PROVEN ENGINEERING PRODUCES DOUBLE WINNERS

Proven engineering means proven economy

The gruelling Mobilgas Economy Run conducted by the American Automobile Association—the severest competitive economy test for motor cars on this continent—has produced two outstanding winners this year. The Lincoln, equipped with overdrive, and only the Lincoln, was the grand sweepstakes winner, delivering better pound-for-pound performance than any other car.

The new Mercury, equipped with overdrive, again won the first prize over all other makes in its class. The results of the contest were on a ton-mile basis as determined by

the A.A.A. Here, then, is unmistakable proof of peak performance and unparalleled economy.

Tested over roads ranging from icy mountain passes to blazing desert heat, the mighty Lincoln "Invincible 8" and the famous Mercury V-8 have proved once again that precision engineering means proven economy. Lincoln and Mercury engines are made by the world's largest manufacturer of V-8 engines,—they are the product of twenty years painstaking research, of continuing improvement.
