The Scientific Color of Sin.

The Methodist Ministerial Association, in session at the Meridan-street Church, listened to an interesting lecture by the Rev. John W. Milam on "The Color of Sin." Mr. Milam made the assertion that scientific developments have developed that sin is scarlet. These experiments were made in the Smithsonian Institution. By means of a chemical process the perspiration of a person aroused by sinful passion was subjected to a test that disclosed a pinkish color. Forty experiments were made, and in each test the results were the same. Some of the ministers declined to accept Mr. Milam's new theory, and one member of the association asked if it were meant that people could sweat out the evil in them. Mr. Milam replied that his assertions were based on scientific facts; that it was a convincing argument that the Bible and science are in accord, for the Bible speaks of the color of sin.—Indianapolis Journal.

New Treatment of Aluminum.

A remedy for one of the chief obstacles to the general use of aluminum, the oxidizing of the surface, has been found by Professor Gotting of the Berlin Artillery and Engineering Academy. The aluminum is dipped into a diluted solution of certain salts, that are not made public, which turn the surface into a brown substance of great resisting power, resembling Japanese bronze. Experiments are being made to find out whether with the new treatment aluminum can be used for cooking utensils for the army.

The Correct Proportions.

A hog should be kept for every cow on the average farm, provided there are at least two acres in the farm for each hog kept. Piggy needs room, so do cows, horses, sheep and poultry.

ODDS AND ENDS.

St. Peter—Well, some people do have gall.

Nearest Angel—How so?

St. Peter—Why, didn't you see that man who asked if he couldn't come in here just now?

Nearest Angel—Why, yes, but what o' it? He was a good-looking man enough. I was rather surprised to see him turned away.

St. Peter — What of it! I should say what of it! Why that man used to be a coal dealer on earth. — Somerville Journal.

Chase's Kidney-Liver Pills.

Chase's Pills have gained popularity because they are a specific for the uric acid condition, prevent Bright's disease, cure Rheumatism and all Catarrhal conditions of the Kidneys and Bladder. They do this because they possess remarkable alterative, tonic and diuretic properties, exerting a wonderfully soothing influence on irritated or inflamed mucuous membranes of the kidneys or bladder. One pill a dose. 25c. a box. The cheapest medicine in the world.

"Brown is literally pining away since Laura jilted him."

"Pshaw! Tell him to spruce up."

RIGHT IN OUR MIDST.

Mr. Shipman, of Owen Sound—Seven Years of Acute Suffering—Diabetes Cured by Dodd's Kidney Pills.

OWEN SOUND, March 2 (Special):—Mr. Shipman tells his story in the hope that he may benefit others, and says: As a result of a tumble when a boy, which injured my back, I have been troubled with weak kidneys all my life. For the past year I have been a great sufferer, growing worse until a friendly druggist advised me to use Dodd's Kidney Pills. Tests of the urine showed diabetes and I realized my danger. I had found it impossible when tired to stand upright and at such times was drawn down sideways. In all I have used about one dozen boxes and am now hearty and healthy as ever in my life.

"Get out of here, you low down tramp!" squealed the indignant kitchen adv.

"I may be a tramp, miss," rejoined Dismal Dawson, "but I ain't no low-down one. I am at the head of me profession."

With Invalids.

Yes! with invalids the appetite is capricious and needs coaxing. That is just the reason they improve so rapidly under Scott's Emulsion, which is as palatable as cream.

"Is there any excuse for wearing a high hat with a sack coat?"

"Yes—If you are driving a coal cart."

It Saved Our Child.

"My little daughter, three and a half years old, suffered three years with Eczema. Her little body was covered with the itching rash, and doctors did no good. Four boxes of Chase's Ointment have entirely cured and saved our child. Her skin is clear and not a sign of rash is to be seen."—Andrew Aiton, Hartland, N. B. Mr. Aiton is one of thousands benefited by this unfailing cure for piles and skin diseases.

Pat—She has a flinty heart.
Bridget—And he a tinder look.
Pat—Oh! Oi knew they sparked.

25 cents cures Catarrhal Headache.
" " Incipient Catarrh.
" " Hay Fever.
" " Catarrhal Deafness.
" " Cold in the head in 10 min.
" " Foul breath caused by Catarrh.

25 cents secures Chase's Catarrh Cure with perfect blower enclosed in each box. Sold by all dealers.

"You bad boy!" exclaimed the horrified young woman, "you ought not to throw stones at those innocent little sparrows. They have never done you any harm. And, besides," she added, "for hat ornaments the ugly things aren't worth 10 cents a dozen."

SKIN DISEASES!

One Remedy Which has Never Failed—Tried and Tested Ointment.

Because other alleged remedies for piles, scrofula, eczematic eruptions, scald head, chafing, black heads, salt rheum and skin diseases generally have proved useless, don't condemn Dr. Chase's Ointment. It has never been known to fail. For instance, Nelson Simmons, Meyersburg, Ont., writes:

"I used Dr. Chase's Ointment for Itching Piles, and can recommend it highly. Since using it I have had perfect freedom from the disease."

Peter Vanallen, L'Amable, Que., had the eczema for three years. He tried three doctors, but received no benefit. One box of Dr. Chase's Ointment and three boxes of Dr. Chase's Pills cured him completely. Large scales covered his legs and body, but the Ointment soon removed them. He will swear to these facts.

Chase's Ointment may be had from any dealer or from the manufacturers Edmanson, Bates & Co., 45 Lombard street, Toronto. Price 60 cents.

Mother's greatest remedy for coughs, colds, bronchical and lung affections is Dr. Chase's Syrup of Linseed and Turpentine. The medicinal taste is wholly disguised making it pleasant to take. Large bottle 25 cents.

Good is still found in quartz. All that is necessary is to have somebody pint it out.

Thousands Die Every Spring!

Now is the Time to Banish All Forms of Disease.

THE SYSTEM SHOULD BE CLEANSED AND MADE STRONG

The Blood Must Be Pure and Course Healthy.

Paine's Celery Compound Does the Good Work.

A Scientific Prescription That "Makes People Well."

Recommended by the best Medical Practitioners.

It Saves and Cures When All Other Medicines Fail.

If you are weak, run-down, pale, nervous and sleepless, rest assured that your body is filled with the seeds of disease that will soon develop into serious and death-dealing troubles.

If you have suffered through the long winter months from rheumatism, dyspepsia, neuralgia, constipation, nervous prostration, headaches or blood diseases, remember well that spring weather will not ease your burden of suffering. You must have your load removed by nature's cleanser and healer, Paine's Celery Compound.

Thousands die every spring season. The weight of disease accumulated during the winter months is never banished by the ordinary medicines of the day. It requires the power of Paine's Celery Compound to battle successfully against the strongly intrenched foes that threaten life. No other medicine has such far-reaching, effective and disease-conquering virtues.

The cures now being effected by Paine's Celery Compound are wonderful and marvellous. The great medicine takes hold of men and women pronounced incurable by the doctors, and saves them from the grave. Hundreds of testimonials from such saved people are on file. The great and glorious results astonish the best physicians, many of whom are now freely prescribing Paine's Celery Compound with extraordinary success and satisfaction.

Now is the time, sufferer, to rid yourself of disease. There is no reason why you should risk your life with worthless medicines when Paine's Celery Compound is sure to cure you. Its record in the past proves clearly that it is far ahead of all other prescriptions; it never, never disappoints the sick one.

As there are imitations, see that you get "Paine's," with the trade mark the "stalk of Celery." Beware of substituters who, for the sake of extra profit, ask you to take some other medicine.

BEFORE THE LAW.

What the Woman Precedents in Force in Great Britain To-day.

The laws of England are, in most cases, what might be called "men's laws," so unequal is the justice they deal to men and women respectively.

For instance, a man is eligible for every office in the kingdom, and is under no restrictions as to voting.

On the other hand, there are many offices a woman can not fill, such as Member of Parliament, County Councillor, etc., although she may be Queen. She can vote in certain municipal and school elections, but for nothing higher. She cannot serve on a jury except in one special case.

All English temporal peers sit and vote in the House of Lords.

A woman may be a peeress in her own right, but she has no seat or vote. There is one recorded case of a female baronet.

All professions are open to a man.

A woman may not be a clergyman, soldier, barrister or solicitor. She may not even drive a cab or 'bus for hire in London. But women have been parish clerks and sextons. A woman was once High Sheriff.

The law relating to inheritance of land prefers males to females. In nearly every case an eldest son inherits, to the exclusion of all other children.

When daughters inherit land they share it equally. As regards personal property, a man is his wife's heir, but a widow is her husband's heiress only to a limited extent.

When a man survives a wife possessed of land he will, in certain cases, own it all for his lifetime. In similar cases, when a wife survives her husband, she will have a life interest in only one-third of his lands.

A man's domicile is not altered by his marriage. A woman has to adopt her husband's domicile for her own.

A husband is prima facie entitled to the custody of his children. A wife has no such right, nor will the courts readily grant it.

A man has the right to select the religion of his children.

A man has full rights over his own property. A woman married before January 1, 1883, has only limited rights over property which was hers before that date.

All these points are decided favorable to the man. But he does not have it all his own way, as the following facts show.

Any adult man may be made bankrupt or imprisoned under the debtor's act. A married woman can be made bankrupt only if trading separately from her husband. She cannot be imprisoned under the act.

If a man orders goods in his wife's name, he must usually pay for them. A man must generally pay for all necessary articles his wife orders. He is even responsible to a certain extent for debts she has incurred before marriage.

A man is responsible if his wife commits libel or slander or does any wrongful act for which damages could be claimed. He is responsible in this case also, to a certain extent, for such acts committed before marriage. A wife is never responsible for her husband's wrongful acts.

A man may be compelled to allow his wife sustenance money while she is carrying on a suit against him, or is forced to live separately from him.

In some cases married women may testify privately as to whether their signatures to documents were made without fear or favor. Equity will assist a wife, if her husband has made some mistake in executing a power of appointment in her favor.

There seems to be some manifest injustice on both sides, but the wheel of legal reform moves slowly, and probably a dozen Dickenses may write a hundred "Bleak House" arrangements of the powers that be, before any changes will be made for the benefit of either party.

The Shirt Waists

All of us are interested in shirt waists, which are to be as popular as ever, so Vogue thus replies to a correspondent who desires to learn what are to be the newest summer styles for washable shirt waists. Shirts for the coming season are to be made of cheviot, linen, percale, batiste, linen, lawn, or in fact any of the washable materials. The collars are about two inches high, and turn over perfectly straight, with straight corners coming very close together instead of slanting from where they turn, as formerly. The collars are detachable, thus enabling one to have several for each shirt of the material of which the shirt is made, and of white linen. On the shirts of the thin materials which are to be much worn next season, the collars are of white linen. Sleeves are very full at the top and finely gathered into the armhole. Where they join the cuff they are fuller than last year. Some of the cheviot shirts have bishop's sleeves, but they are not as pretty as in the thin stuffs, as it makes them rather bulky. The cuffs are about three inches deep, and are made of the same material as the shirt and may have square or round corners, the square being smarter. The thin shirts, such as lawn and batiste, have bishop's sleeves and turned-back cuffs, with which no sleeve-links are worn, but buttons only under the cuff, where it is turned back. If one prefers they may have embroidered bands to finish the sleeve. Many of these thin blouses have fancy fronts, insertion let in, embroidered bands or fine tucks, and with them may be worn satin stocks and pleated belts of different colors.

Typewriter for the Blind.

A typewriter for the use of the blind has been invented. It works like an ordinary typewriter in impressing the print of the letter, but also makes a raised cut on the side, by which the blind can read. Matter written in this way can be used both by the blind and those who can see.

Imitation Cut Glass.

Pressed glass is bought now-a-days in very pretty forms and unobtrusive patterns. It may be made to glitter into a close imitation of cut glass by wetting it with a thick lather of some good soap powder, letting that dry on it, and then rubbing the dish quickly with a dry cloth until it shines.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ar.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY, Boston, Mass.
ALLEN C. SMITH, Pres.,

The Centaur Company, 77 Murray Street, New York City.

"Cravenette"

A dress that will look well, and at the same time defy rain or dust, would seem to be the ideal after which ladies have been longing. These merits all meet in Cravenette. Waterproof, but thoroughly porous, thoroughly stylish, while defying the deluge from above or the dust from beneath; suitable either for dress, or cloak or wrap. Cravenette meets a need long felt. In Navy, Myrtle, Brown, Grey, Castor or Black. The ideal costume for spring and summer. Light and medium weights.

self=help

You are weak, "run-down," health is frail, strength gone. Doctors call your case anæmia—there is a fat-famine in your blood. Scott's Emulsion of cod-liver oil, with hypophosphites, is the best food-means of getting your strength back—your doctor will tell you that.

He knows also that when the digestion is weak it is better to break up cod-liver oil out of the body than to burden your tired digestion with it. Scott's Emulsion does that.

BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save use many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame." *Civil Service Gazette*

Preparing for Spring.

We have received samples of our NEW SPRING SUITINGS and TROUSERINGS from LONDON. They are, without doubt, the finest selection of goods we have ever had the good fortune to place before our customers. Some who have seen them pronounce them fine, and have already selected their Spring Suit.

They are the newest Colorings and Designs now on the European market. Those wishing to see the newest things made should call and see them.
