Analyzing the Misrepresentations

THE ROYAL BAKING POWDER CO. imply in their advertisements that the New York State Board of Health endorse their Powder as the only Pure Baking Powder in the market. Such a misrepresentation is wholly unwarranted by the report to which your advertisements refer, and if Dr. Love has given any certificate specifying the qualities of your product, it was in his private capacity and not as analyst of this Board. I have therefore, to request that you desist from connecting the State Board of Health with any pretended special advertisement of your Powder; and that if you publish Dr. Love's name you omit the title of analyst to this Board—a position he does not occupy.

I am your obedient servant,

ALFRED LUDLOW CARROLL, M. D., Sec. and Ex. Officer, New York State Board of Health.
