Pleased With Training At Air Station In S'side

Complete satisfaction with the work being done by the operational training unit at R. C. A. F. Station Summerside was expressed yesterday by Air Commodore Martin Costello, air officer commanding Maritime Air Command, in an interview with the press on completion of his official two-day annual inspection of the station. In discussing the Neptune aircraft being used by the two squadrons at Greenwood as replacement for the older Lancaster aircraft, Air Commodore Costello said that that 24 Neptunes are now in use there.

In declining to comment on when Neptunes would be available at Summerside, he said this was entirely dependent on the supply situation, and he was of the opinion that it would not be before the arrival of spring.

Rumors which were prevalent several months ago to the effect that the maritime sqadron at Coxbox, B. C., might be transferred to the east coast and possibly to Summerside, were discredited by Air Commodore Costello who expressed the opinion that this squadron was essential to the maritime role on the west coast.

Here to, he pointed out, it is able to participate in combined airforce-navy exercises in the role for which the squadron exists.

Referring to the Neptunes at Greenwood he said that within a short time they will have replaced the Lancasters as the aircraft being used by the Maritime squadrons operating out of that station. He said their crews are very well trained, and the squadrons are at full strength and ready for any eventuality within their field.

In comparison with the Lancaster they are much better in many ways, are quieter and more comfortable.

Air Commodre Costello expressed his complete support of the request that has been made for a large new hangar at the Summerside station, and while he indicated that the matter had the approval of the Air Force, it remained for the project to be approved by Treasury Board who provide the funds required for its construction.

Enlarging of the subject of the hangar he pointed out the favorable aspects for its eventual construction, noting that work had begun on Thursday of this week on the extension of a runway which will result in one 8,000 feet in length.

Eventually, too, he pointed out, the squadrons will be using the large CL28 Britannia aircraft which will tie in with the new runway, and the need for a new hangar because the present hangars at Summerside cannot accommodate the Britannia aircraft.

Air Commodore Costello expressed his pleasure at visiting Summerside again, and noted that the personnel of this station seemed to enjoy living here, and he suggested that this was due, at least in part, to the hospitality of people of this Province.

He noted that the housing development at the station was adequately occupied, and while training facilities at the station could accommodate more personnel should such be required, he said that present indications were that neither any substantial increase or decrease would be made in the number of Air Force personnel presently based on the station.

The navy, he said, would be returning to the Summerside station about mid-December but he did not have information in regard to their numbers or duration of stay.

While on the station Air Commodore Costello was the guest of Group Captain W. H. Sweatman, commanding officer of the Summerside station. S.

SEAWAY ENGINEER

CAPT. A. J. CALLAGHAN

Alban J. Callaghan is to work on the St. Lawrence Seaway in a supervisory capacity.

Captain "Smokey" Callaghan was born in Summerside and is presently an instructor with the Royal Canadian College of Military Engineering, B.C. He was educated at St. Dunstan's University, St. Francis Xavier University and the Nova Scotia Technical College. He holds the degrees of Bachelor of Arts and Bachelor of Science in "Civil Engineering."

During his academic term he received many honors of distinction and was outstanding in University sport activities. After graduating in Engineering he was for a time connected with the firm of Ahern and Baker, Consultant Engineers of Halifax, who opened a branch in Sydney of which Mr. Callaghan was in charge.

In September 1950 he enrolled in the Canadian Army Special Force as an infantry officer; later he was transferred to the Royal Canadian Engineers. In February 1952 he was posted to a field squardon and saw service with the Unit in Canada and Korea. He returned from Korea in July 1954 and has since been posted in British Columbia.

HIGHER PRICES

NEW YORK (AP)—Forthcoming increases in newsprint prices leave American newspapers without any alternative except to increase advertising rates and the price to newspaper subscribers, the general manager of the American Newspaper Publishers Association said Wednesday.

S'side High Notes

This week is a busy one at Summerside High School. It is examination week, and being the first set of exams, everyone is trying especially hard to get off to a good start by making the best marks possible.

A meeting of the Students' Council was held Monday when it was decided that the High School students would sell magazine subscriptions again this year. The campaign will begin this coming Monday, and it is hoped that the people of Summerside will help the school earn money by renewing or placing new subscriptions to any of their favorite magazines through our students. There are prizes for students on the basis of a point for every dollar taken in. A silver dollar will be awarded each day to the pupil bringing in the most orders, and trophies at the end of the campaign for the best boy and girl salesman.

The following won indiviual honors at the High School bowling this week: girls high single, Buzz Nicholson, (216); high three, Eileen Gaudet (478; boys high single, Gordon Huestis, (250); high three, Greg Noonan (579). Ron Mullins team scored highest total (2745) Stan Gay second with (2545) and Greg Noonan third with (2539).

Work is really progressing at a fast rate on our new High School and the Civic Auditorium. When the buildings are enclosed, it is reported that work will be concentrated on the auditorium which it is hoped will be completed in the early spring.

Our Sum—Hi football players played their first game for a couple of seasons at the S. D. U. gridiron with the St. Dunstan's High School team and were soundly trounced 30—0. Never mind, fellows, a bad beginning makes a whale of an ending, we've heard tell.

FOURTH TERM

Mayor Donald H. MacKay was returned Oct. 19 for a fourth term as Calgary's chief magistrate. He is a former sportscaster and radio station manager.

STUDENTS ARE WARNED

KINGSTON, Ont. (CP) — Principal W. A. Mackintosh of Queen's University warned Friday he will crack down on students who take part in vandalism. A football game is scheduled here today between Queen's and University of Toronto. Past games between the two universities have been punctuated by outbursts of rowdyism. Dr. Mackintosh said he will recommend suspension or expulsion for students who conduct themselves in ways "unfitting to a university student."

Married At Kensington

Relatives and friends gathered in St. Mark's Church, Kensington, at eight o'clock Wednesday morning, October 26th, for the wedding of John Cotton Pillman and Margaret Mae Hope Mill; the Rector, the Rev. W. Eric Ingraham officiated. Attendants were Mrs. Jabez Mill and Mr. Cecil Mill. The bride, youngest daughter of the late Mr. and Mrs. Jabez Mill, Sr., Clermont, wore a dressmaker suit of sea foam blue, a close-fitting hat of white satin studded with rhinestones, and white and black accessories; Mrs. Jabez Mill wore a suit of steel blue with black accessories.

Immediately after the ceremony the happy couple left by car to spend the winter at Delray Beach, Florida; accompanying them were Mr. and Mrs. Wesley Foster, Kensington, who will remain in Florida until spring.

Mr. Pillman, son of the late Mr. and Mrs. James Pillman, Traveller's rest, and widely known as a grower and dealer in the potato industry, is now associated with Messrs. Simmons and MacFarlane enterprises on Prince Edward Island and in Florida.

The good wishes of hosts of friends follow this popular couple to the sunny south, and a most sincere welcome awaits them on their return home next year.

WINNIPEG (CP) — A man was fined $25 and costs in provincial police court for theft of a $1.25 sugar pourer from a Transcona cafe. He told the magistrate: "I had the impulse to take something as a souvenir."

Plan Hallowe'en Parties For Kiddies At S'side

The annual Hallowe'en parties for the children Summerside, provided by the Kinsmen Club will be held on Monday evening preceded by a parade of children in costume. A committee under the chairmanship of Harry Dye is working to complete all necessary arrangements and the following program has been announced.

The parade will move off from the C.N.R. Station at 6.45 headed by the Sea Cadet Band and will proceed to the Curling Rink where the parties will be held. The first party for children of ten years and under will commence at 6.45 and the party for children over ten years will start at eight o'clock. The children will enter from Notre Dame Street through the front door and they will leave by the way of the Court Street entrance.

Prizes will be given for the best boys and girls costumes and as the children leave the rink, each will be given a bag of treats. There will be, of course, a program of entertainment.

The purpose of this year's entertainment is to occupy the children, give them something to do and to distract them from such activities as damaging property.

Trinity Y.P.U.

Rev. Angus MacDonald, pastor of Bideford charge of the United Church of Canada was guest speaker at the regular meeting of Summerside Trinity Young Peoples Union in Epworth Hall on Tuesday evening Oct. 25th. He gave a very meaningful message on the text "Why call ye me Lord, Lord, and do not what I say?".

He exhorted the large group present including several new members, to be definite in their decisions and to consider the many opportunities for service open through the Church. Mr. MacDonald was introduced and welcomed by Elmer MacLean, who, as leader of the Stewardship and Training Group was responsible for the evening.

President Vance Bridges thanked the speaker. Rev. C. D. Matheson again led the group in Bible study on the topic "Security". The devotional period was conducted by Sue Ackerman, while Lorraine Johnston was pianist. Evelyn Underhay gave an outline of the tentative plans for the central P.E.I. Presbytery Fall rally. Other union projects and ways and means of raising funds were discussed.

It was decided to have a Hallowe'en party in Epworth Hall on October 31st, for which the following volunteered to act as committee in charge: Roy Ramsay, Richard Veale, Fred MacFarlane, Verna Bryanton, Lorraine Johnston and Jean Heffell and met on Thursday night when there was also a regular meeting of the executive. Recreation at the meeting was led by Robert Linkletter and Olive Jelly. Lunch was served by the committee in charge.

Shower Given At Clermont

On Monday evening last, October 24th, one hundred and seventy-five friends, neighbours and relatives from far and near gathered at her home to honor Miss Hope Mill on her approaching marriage.

Escorted to the living-room by her sister-in-law, Mrs. Jabez Mill, while Miss Olive Dalziel played the wedding march, Hope was showered with gifts carried in by two small girls, Shirley and Nancy Mill. Valuable gifts of bedding, linen, glass, silver, dishes, and a large amount of money, bore messages of good wishes, which were read, by Mrs. Bert Hunter and Mrs. Gerald Mill; assisting were Miss Lauretta Murphy, Mrs. Cecil Mill, Mrs. Halsey Gunning, and Mrs. Victor Buntain.

Expressing her thanks Hope extended an invitation to all to visit her in her new home when she returned to Prince Edward Island in the spring. A sing song with Miss Dalziel as accompanist was much enjoyed. The ladies served a delicious lunch.

ALBERTON

The work of replacing the old power lines connecting Alberton and Alberton South was completed yesterday as well as the extension of the power to the Point, a distance of slightly over one half mile past Alberton South, bringing the benefits of electricity to seven new users and the Hutt Brothers new wood working mill. The work was done by local employees of the Maritime Electric Company under the direction of Mr. Tommy Phillips.

Luscious raspberries, picked by Mrs. Norman Oliver of Cascumpec, were brought in to the Alberton Guardian Office yesterday. As the season for theses berries is around the first week in August this is something of a record. They were picked from canes located near an old fox ranch in a very sheltered spot and up until the recent cold wet weather were coming along nicely.
