FISHERY MATTERS.—It is rumored at Ottawa that the Government of the United States have in contemplation a new move in the Fishery Question, and that several officials of the Fishery Department of the United States are now in P. E. Island collecting information relating to the question. Messrs. H. F. Webb, W. H. Rolfe, J. E. Foster and James Wyman, of the United States Fishery Department, were in this city on the 4th inst. They visited Souris and other fishing stations.

FIRE.—On Saturday night last a small shed on Victoria Park, was set on fire by a number of small boys. It was burning brightly when Sergt. John Allen arrived on the scene and extinguished the flame. Had this fire not been timely extinguished it would doubtless have spread through the trees to the residence of the Lieut. Governor. We would recommend the City Surveyor to have such dangerous tinder boxes as this shed removed from the park as it is of no use whatever.

CHURCH MUSIC.—The finest music provided by any church in the country is to be heard on Sundays and holidays at Francis Xavier's in New York. Its organ and its choir are alike famous, and its services are crowded by both the religious and the critical. The credit of this superb preeminence belongs to the organist, Professor Wm. Berge, music doctor, who but a little while ago, ruptured an artery in his arm and had to abandon his profession until cured by Giles' Liniment Iodide Ammonia. Giles' Pills cure Dyspepsia. Sold by W. R. Watson. Send for pamphlet. Dr. Giles, 120 West Broadway, N. B. Trial size 25 cents.

BEG leave to acknowledge thanks to the public generally for the very liberal patronage extended to them since commencing business, and intimate that they have on hand a large and select stock of material for the manufacture of Sleighs, etc. They have recently received photos of all the latest prize sleighs of the Ottawa Exhibition. Parties requiring new sleighs would do well to call at their factory and examine before ordering elsewhere.
