## True Bill Found In Rape Charge

A true bill was found against Merlin Maurice Murphy of Charlottetown by a grand jury called at the January assizes of the Supreme court to consider an indictment of rape presented against the accused. The decision of the grand jury was reached after three hours and a quarter of deliberation.

Murphy was arraigned before the court yesterday afternoon and will go on trial this morning at 11:00 o'clock. The offence for which he is being tried was allegedly committed on July 9, 1955, and involves a 14 year old girl.

The Grand Jury, later in the afternoon retired to consider the indictment on a charge of criminal negligence, concerning Joseph Elmer Richard. He is alleged to have been the driver of a car in which Rene Alfred Gallant met death on June 25, 1955. Their findings will be made known to the Court when it meets this morning.

Justice G. J. Tweedy presided. Representing the Crown were Attorney General A. W. Matheson, Q.C., and Mr. J P. Nicholson.

### GRAND JURY

Members of the Grand Jury are: Cambell M. MacLean (forman), William T. Campbell, Michael Robison, Joseph McKenna, Arthur Duvar, Arthur Wellner, Roy Cudmore, Lester Johnston of Charlottetown; D. J. MacDonald, St. Andrews; Earl Foster, St. Peter's Road; Earl Bell of Hope River is out of the Province and Hugh Hayes Johnston's River, absent through illness.

In his address to the Grand Jury, His Lordship told them that they were an old an honourable institution. He emphasized the fact that they were not to try the accused but to decide whether there was sufficint evidence for the accused to stand trial. The Judge defined the two criminal charges before the court.

### LIQUOR OFFENCES

Referring to their insepection of the various public institutions, His Lordship noted that of 496 commitments to the Queens County Jail since June, approximately 75 per cent of these were for the abuse of intoxicants He pointed out that all the other offncs were of a minor nature and the County would have a fairly clean sheet if it were not for these charges of drunkeness, drunken driving, etc.

The Judge said that he would be very pleased if the Grand Jury would see fit to include in their report some recommendations that would help to lessen the number of such offences.

Shortly after 1100 o'clock this morning, the Grand Jury will make their inspection of the Jail, Falconwood Hospital and the Provincial Infirmary.

## H.B. Chandler Resigns As Provincial Librarian

Mr. H. B. Chandler, M.A., B.L.S. resigned Monday as Provincial Librarian and as director of the Visual and Adult Education Branch of the Department of Education. Mr. Chandler has been appointed District Officer of the National Film Board for the Province. He had previously been Regional Agent for the National Film Board. He has been associated with the Prince Edward Island Libraries since 1935.

Mr. Chandler succeeded Miss Nora Bateson in the top position in the Provincial library system and, with a break during his war services, continued the work of building up library facilities which are enjoyed throughout the Province.

Some 300,000 volumes were circulated last year. Almost every rural school in Prince Edward Island received books from the central library.

Few men are so generally known throughout the Province as Mr. Chandler has become in the past twenty years. His work as Director of Adult Education and as Regional Agent for the National Film Board, which were closely integrated until the present time, has made him a familiar figure in every community.

MR. H. B. CHANDLER

The separation of Federal and Provincial authority in the field is general, having taken place in the other Maritime Provinces a short time ago.

No announcement has as yet been made about a successor in the post of Provincial Librarian.

## MORE THAN 20 MEASURES ON THE

(Continued from page 1)

such structures as stores, offices and factories.

### BOOST LOAN SIZE

The throne speech also announced a boost in the size of loans available from the Canadian farm loan board, but there was no indication of the amount of the increase. Present maximum loans from the board, which are used generally for major farm improvements, are $10,000 on a first mortgage and $2,000 on a second mortgage. Before 1952 the total loan available to any farmer was $6,000.

The first two items mentioned by the throne speech, however, deal with the current problem of Prairie grain growers faced with a glut of grain stocks and oversupplied world wheat markets. Wheat movements — and consequently the flow of cash to farmers — have been slow.

The throne speech confirmed an earlier announcement that Parliament will be asked to ratify government action in guaranteeing bank loans on farm-stored grain. It also confirmed speculation that the government plans unprecedented legislation whereby federal taxpayers will bear storage charges and interest costs on above-normal wheat carryovers, effective at the start of the current crop year last Aug. 1. The cost this year is expected to be about $30,000,000. Wheat producers now bear all the storage and interest charges.

### EQUAL PAY FOR WOMEN

The proposed bill on equal pay for equal work done by men and women will apply to an estimated 73,000 women in industries under federal jurisdiction such as railways, communications, shipping and other interprovincial operations.

Similar legislation now exists in Ontario, Saskatchewan and British Columbia. At the three previous sessions of Parliament the opposition labor critic, Mrs. Ellen Fairclough (PC—Hamilton West), presented a similar bill. The first time the bill was not dealt with and the other times it was voted down.

The reading of the throne speech, in the scarlet - and - gold Senate chamber, was heard by dozens of dignitaries seated in the chamber itself and by hundreds of guests in the galleries.

Television cameras of the CBC, covering the opening ceremony for the second year, carried the scene and sound to many other Canadians in their homes.

Thirteen senators, appointed last July on the closing day of the last session, were sworn in at a morning gathering of the Senate.

### NEW MPS INTRODUCED

Commons members heard the throne speech crowded at the rear of the Senate chamber and then returned to the Commons chamber for formalities which included introduction of six new members elected in by-elections since Parliamant last met.

Four of the new members are Liberals, two Progressive Conservatives. They entered on the arm of the two party leaders and the last to be conducted by Prime Minister St. Laurent before the speaker's dais was his son, Jean-Paul, elected Sept. 26 in Timiscouata constituency.

The 265-seat Commons now has full membership: 170 Liberals, 53 Progressive Conservatives, 23 CCF 15 Social Credit and four independent members.

Party standing in the 102-seat Senate, with 11 vacancies, is 80 Liberals, eight Conservatives, one independent Liberal, one independent and one with no designation.

Besides the measures on housing, grain and women's wages, the throne speech covered a wide field.

### NEW TAX PROPOSAL

It did not mention future legislation on a new federal-provincial fiscal arrangement but said the cabinet has presented provincial governments with a "specific" tax proposal to begin next year when existing tax rental agreements expire.

It confirmed that the federal and Ontario governments will join to build the difficult 675-mile northern Ontario stretch of the $350,000,000 natural gas pipeline from Alberta to the East. The $118,000,000 section east of the Manitoba border to Kapuskasing would be built by a crown company and leased to Trans-Canada Pipe Lines Ltd.

Another measure would implement federal aid for provincial unemployment relief proposed last year. The treasury would bear half the cost of relief to that segment of unemployed exceeding .45 per cent of a province's population.

The speech also said federal aid for the Trans-Canada Highway will be increased. Works Minister Winters recently said Parliament would be asked to increase the over-all federal allocation to $250,000,000 from $150,000,000. Besides continuing 50-50 sharing of costs with the provinces, the central government would contribute 90 per cent of costs of up to 10 per cent of the road's mileage in any province—a move to speed the filling of gaps in the 4,500-mile project.

Several other proposed measures would deal with lending operations —both government and private.

Scope of the government's Industrial Development Bank is expected to be extended to provide loans for oil and gas pipelines and for general service industries.

The Farm Improvement Loans Act, which expires next March, will be renewed for another three years, it was learned, with the $300,000,000 loans ceiling left unchanged.

Another measure would tighten federal control on small loans companies. Officials said the control on interest rates, now applying on loans up to $500, will be extended up to $1,000. The act limits interest charges to two per cent a month.

The annual observance of the Universal Week of Prayer was begun Monday evening in the Charlottetown Baptist Church and brought together a large number of worshippers from the various churches in the city. The service was conducted by the pastor, Rev. H. L. Mitton. Rev. W. H. Brown read the Scripture lesson, and Rev. A. F. MacLean led the congregation in prayer. The choir, under the direction of Mrs G.
