The originator of Estey's Emulsion spent several years of his life in perfecting this preparation. Not a bottle of it was put on the market until he was satisfied that it was the best ever introduced for the cure of coughs, colds, bronchitis and all wasting diseases. Thousands of bottles have been sold, and he has never heard a complaint regarding it. jan2 1m dkw

THE OAR.—There was a double oar race on Summerside harbor yesterday afternoon. Five boats entered, as follows: Cheap Jack—J. H. Henry and John Joy; Sweepstakes—Matthew Dunes and Joseph Weir; Daisy—Andrew Wedge and J. Grady, jr.; Spopondyke—W. Matheson and J. McKinnon; Whynot—S. Grady and W. Perry. Daisy came in first, Whynot second and Spopondyke third. Joy broke an oar shortly after the start, when his boat had a good lead over the others, and dropped out of the race. Sweepstakes also backed out after reaching the turning point. A single-oar race was arranged for, but one of the boats swamped while being got ready, and the event was declared a "flop". The officers of the race were: Judges, J. A. McNeil, J. D. Eaman, Kenneth Ellis; starter, W. Manson; time-keeper, S. M. Grava. The water was smooth and the air warm and balmy as in May.

SPECIAL DISPATCHES TO THE EXAMINER.

A FATAL FIRE.

Mother and Child Burned to Death.

AMHERST, Jan. 9. A terrible fire occurred last night at a house at Fort Lawrence Dock, occupied by Neil Campbell, wife and five children. Mrs. Campbell, 45 years of age, was carrying a lamp when it exploded and set the house all in a blaze. She ran upstairs to save her daughter Annie, six years of age, but was overcome by the smoke and fell back from the window, just at the moment when help was at hand and there was a ladder at the window to take her out. The house was burnt to the ground. The bodies were found side by side, charred beyond recognition. The other members of the family escaped.

More Grit Rascality!

Another Development.

QUEBEC, Jan. 9. A document will be made public in a few days that will prove the coup de grace to Count Mercier. It appears that the ex-premier wrote a letter to his colleague, the Hon. George Duhamel, asking the latter to confer an extraordinary and illegal favor upon a certain gentleman of this city. Certain tell-tale documents accompanied the Premier's letter and the same communication. Mercier enjoined upon his minister to destroy them. The letter was signed "H. M." It will be photographed and the rascality of the late Government further laid bare.

Revenue and Expenditure

A Satisfactory Exhibit.

OTTAWA, Jan. 9. The decrease in the public debt during December was \$358,000. The revenue for the first half of the fiscal year was \$17,752,000, and the expenditure \$14,640,000, leaving a surplus of \$3,000,000.

Mining Horrors.

KANSAS CITY, Jan. 9. Confirmation has been received of the reported explosion at Kribitz, near McAlister, last night. Over 200 men were killed and a large number fatally injured. Ten bodies, thus far, have been taken out of the shaft.

Weather Bulletin.

TORONTO, Jan. 9.—10 a. m. Southerly winds; mild weather, with some rain or sleet.

General Telegraphic News.

TORONTO, Jan. 7.—Barbara MacDougall was arrested this morning charged with manslaughter of her two-year-old baby girl by reason of refusing it proper care and attention when suffering from a mild type of diphtheria, the child dying, it is believed, in consequence of neglect. The arrest was made on the strength of a verdict of manslaughter found against the mother by the coroner's jury.

LIVERPOOL, Jan. 7.—Sir Geo. Baden-Powell, member of the British Behring Sea commission, who is to start for Washington on Saturday, says it is through Lord Salisbury's effort that the Behring Sea dispute, which might have resulted in war, has been finally brought to arbitration. Sir George is confident England will win in the arbitration. Sir George said he hoped before the World's Fair at Chicago was opened to see a line of fast passenger steamers running between England and Canada, and that this line would have a good share of the travel the Fair would promote between the old world and the new.

REGINA, N. W. T., Jan. 7.—In the Legislature to-day, Premier Haultain explained the programme of the new executive committee of government of the Territories. He said with regard to the dual language question that members would be allowed to address the assembly in French, Hebrew or Greek, but the proceedings of the House would be printed in English only.

MONTREAL, Jan. 7.—Ex-Mayor Grenier, the foremost French Liberal in Montreal, has abandoned Mercier, and L. O. David, ex-M. P., refuses candidature, stating that he is not in accord with the ex-premier. Senators Armand and Bellerose have returned to the Conservative ranks, and a number of DeBoucherville supporters will be elected by acclamation. L. P. Parrieu, which struck to Mercier until the Langlais Valliere scandals were exposed, is changing its position, and it is stated ex-Mayor Beaudry declares he will run against the Mercier candidate in St. Louis ward.

REGINA, N. W. T., Jan. 7.—Prohibition in the Territories received its death blow last night, when the legislature passed the second reading of a bill drafted by Cayley of Calgary, providing for the introduction of a high license system with particularly heavy penalties for the holders of licenses who break the law. The only member who opposed the bill was Oliver of Edmonton.

NEW YORK, Jan. 7.—The will of Mary McGrew's Stuart, widow of Robert L. Stuart, the wealthy sugar refiner, was offered for probate to-day. The greater part of Mrs. Stuart's fortune, estimated at \$5,000,000, goes to educational institutions and charity. There are specific bequests of \$715,000. The Lenox library is to receive about \$400,000. Half the residuary estate is to be divided among seven corporations, controlled by the Presbyterian church, and the other half among 25 institutions, many of which are also controlled by the Presbyterian church.

BOSTON, Jan. 7.—Chairman Lee, of the

board of alderman, and President Barry, of the common council, have been ordered to appear before the superior court to-morrow, as representatives of the city council, and show cause why proceedings for contempt should not be taken against the city government for neglecting to comply with a decree of the court entered January 7, 1890, ordering the city to erect a bridge over the tracks of the Boston and Albany railroad at Cambridge street, Allston.

OTTAWA, Jan. 7.—An important decision was given by Major R. H. Griffiths, one of the commissioners of the Supreme Court, in which the new debtor's law was first applied. A firm at Halifax took out a judgment in the Supreme Court against a tradesman in this town, and the necessary affidavits being taken, the case came before Major Griffiths in his capacity as one of the commissioners of the Supreme Court. The major gave his decision, ordering the defendant to pay the amount of the judgment and costs by instalments at the rate of \$30 per month.

ELIZABETH Mangin died at the Government Poor House yesterday, at the advanced age of 119 years. Mrs. Mangin was born at Kilkenny, Ireland, in 1773, and emigrated to Newfoundland in 1824. From Newfoundland she came to Charlottetown. Mrs. Mangin leaves three children, if alive, to mourn the loss of a kind mother. The deceased can be visited by her friends this (Saturday) evening between five and eight o'clock, at the Poor House. Her funeral will take place to-morrow.

News Notes.

France and Sweden have concluded a commercial treaty.

The four contributions in Minneapolis to the Russian famine cargo now amount to 1,700,000 pounds.

A despatch from Rome says it is rumored that the relations between the Vatican and Brazil are strained.

At the opening of the Portuguese Cortes the king declared that the commercial policy of the country was to concede nothing to any foreign state without securing some corresponding advantage. That, briefly, is the policy of all continental Europe and of the United States. Great Britain having thrown open her markets to all nations has nothing, or very little, on which to base a treaty of give and take. Portugal is terminating her favored nation clause treaties.

At Little Sands, on the 28th ult., of dropsy of the heart, Euphemia, beloved wife of John McKenzie, in the 70th year of her age, leaving a husband, two sons and four daughters to mourn their loss.

On the 8th inst., at his residence, New Glasgow Road, Farquhar McRae, in the 77th year of his age. The deceased was born in Ross-shire, Scotland, but came to the Island with his parents in the year 1816. The family lived at Wheatley River, where they had to endure all the hardships of pioneer life. At that time there was no road north of Charlottetown except a blaze through the unbroken forest. The deceased was a man of sterling principles, who could not be made to swerve from what he believed the right. He was ever ready to do the kind deed or say the kind word. He was greatly beloved by the community in which he lived. A wife and four sons and two daughters greatly mourn the loss of one who was the kindest of husbands and the best of fathers.
