

THE DAILY EXAMINER

JANUARY 18, 1896.

A GREAT OPPORTUNITY.

Desires all that has lately been said and done, the British people have still a very warm feeling towards the United States, and will hear of no offensive demonstration towards them.

The man who keeps his powder dry, and possibly, his rifle at half-cock, is not necessarily resolved upon shooting anybody.

There can be no doubt that those islands are practically devoid of any reserve food supply, and that the sudden outbreak of a war with the United States would prove for a time a serious matter for the inhabitants generally.

Why should not the means of obtaining it be adopted now? Of late years Canada has been sending us butter and cheese in ever-increasing quantities.

Our interest in the value of nine millions sterling and over twenty millions worth of dead meat per annum; but such is the fact, if this importation be unavoidable, why should Canada's share in the traffic remain infinitesimal?

With a feeling like this pervading Great Britain, it is easy to see that Canada has a great opportunity to obtain preferment in the British markets for her products.

WHAT IS SAID OF CANADA. WHILE the Government of Canada is denounced by so-called Liberals as exceedingly bad, Canada is being pointed out as an example worthy the imitation of Australia, Cuba and other countries.

It is to be remembered that the high credit which Canada has achieved has been gained in spite of the persistent efforts of Grit politicians.

—Halifax Herald—Now that Sir Richard Cartwright has given his opinion on Sir Charles Tupper and also his opinion of Nova Scotia generally, he should not fail to take part in the Cape Breton campaign.

—Lord Salisbury has sent cablegrams to the government of Australia and the government of Tasmania, expressing thanks for the patriotic assurance of sympathy and support.

—United telegrams have been sent to Lord Salisbury to say that the six Australasian colonies view with satisfaction the prompt and fearless measures adopted by Her Majesty's Government in defence of the integrity of the Empire.

—The Saturday Review of the 4th inst. in the course of an editorial speculating upon the result of a defeat of the Liberal-Conservative party at the forthcoming general election, "sizes up" the Great Liberal party in this way:—

—What the Canadian Liberals—who would in that event come into power—are like it is hard to say. They have been wandering in the desert of opposition for nearly twenty years, and during that period their party organization has passed through so many demoralizing vicissitudes that very little of the original fabric remains.

—Australia Greets Colombia. LONDON, Jan. 15.—Frederick Graham has just returned to be connected with British Colonial office, has sent the following cable message to the United States:

—Letter from the Queen. LONDON, Jan. 16.—A despatch from Constantinople says Sir Philip Currie, British ambassador to Turkey, was granted a private audience by the Sultan yesterday.
