THE FIRE FRIEND.—The barn, crop, stock and implements of Mr. John O'Brien, Centre Line Road, Prince County, were completely consumed by fire on Thursday night last. The fire was, without doubt, the work of an incendiary.

VANDALISM.—Some person has lately been annoying himself cutting and disfiguring the large plate glass panes in the show window of the Bazaar Store on Queen Street. Evidently the work was done either with a diamond ring or a glazier's diamond. It is hoped that the vandal will be found out and punished as he deserves to be.

OBITUARY.—We announce to-day, with regret, the death of the wife of Mr. Daniel McLeod, (nee Miss Wisdom) which occurred yesterday, after a tedious illness. It is only a few months since THE EXAMINER chronicled the marriage of these two people, young people, and now one of them lies in the cold embrace of death. The interment will be made to-morrow afternoon.

OLD COINS, GOLD BUTTONS, ETC.—While Mr. James E. McPhee, of DeGros Marsh, was ploughing, he came across several old gold coins without date, also one gold button with an image of St. Joseph, and also an anchor and crown stamped on it. The neighbors think that the coins are from the old French fort supposed to have been there in the days of the first settlers.

CLAIMS DAMAGES.—It is understood that Mr. Paul Lsa will put a claim into the City Council for damage in connection with his burned mill, on the ground of insufficient water supply at the foot of West-mealand street. Mr. Lsa's claim is that the water pipes and hydrant were not of the size called for by the contract between the city and water company, that on this account the firemen were delayed in getting water on the burning building. The water company have just completed laying a six-inch water pipe service in the locality referred to.—Moncton Times.

EXPERIENCE is the best teacher, and it is wise to learn from the past; even our failures should benefit us for the future. Some men profit by the experience of others—this is wise—others must or will experiment for themselves. None of us are too wise to learn, and our good judgment prompts us to place confidence in men who have carried through a business successfully for years. Let us reason together. Men cultivating Vegetables, Flowers and Plants, experimenting and testing in the most practical way those best suited to our Island climate, are the men you confidently can buy seeds from. We invite you to call when in Charlottetown at our Stalls in the Market. Our Seeds are the same as we plant ourselves. If not in town, send your order by mail or telephone. List of prices sent on application. Address J. J. GAY & SON, P. O. Box 1, m10 da21

THE MINSTRELS.—Arlington's Minstrels gave their opening performance in the Lyceum last evening to a large audience. The troupe is a very good one. In the opening "first part" there were nineteen people on the stage. The orchestra were in the rear on a raised platform, and in front sat the minstrels—only the end men having blacked faces, the others being in full evening dress. Most of the songs and jokes were new here. Matt Stevens sang "The Bank I used To do," as well that he was repeatedly encored, and in response gave a verse or two of "The Picnic." James Daly, who is the possessor of an excellent bass voice, sang "King over Land and Sea," a splendid ballad, and was also encored, and most of the other vocalists were similarly honored. The specialties in the second part were also good, perhaps the most pleasing being the acrobatic performances of John Dales, the staff drill by Major Gleason and the ventriloquism by Alex. Wilson. The company was rather late in arriving, and it was half-past eight o'clock before the curtain rose, but when the performance did commence the fun was fast and furious. There will be another performance to-night.

THE MIRAMICHI.—A Pictou despatch says The Miramichi has been towed to Pictou and a new shaft is being made at the steel works. Had the accident to the boat happened half-an-hour earlier the vessel would have been broken up on the rocks and, as there was such a big gale on, the officers say that not a single soul would have been saved.

THE FIRST CONVICTION.—This morning a man named Roderick McDonald, doing business on Upper Queen Street, appeared before the Stipendiary Magistrate to answer a charge of selling intoxicating liquor on Sunday. He acknowledged his guilt and was fined \$25 and costs or one month's imprisonment. This is the first conviction under the Sunday Observance Law passed at the last session of the Legislature.

GOING TO MANITOBA.—Maine farmers, as well as those from Massachusetts, are making a move towards Manitoba, the reports of the delegates sent out from those states being of a most encouraging nature. It is expected that with the influx from these states and Minnesota, Michigan, Nebraska, and the Dakotas there will be between 3,000 and 4,000 Americans settled under the British flag before the end of this year.

FOR NEWFOUNDLAND.—Nine head of prime cattle purchased by Joseph Wise, Esq., Milton, from various persons, were weighed on the city scales this forenoon. These cattle form part of a shipment Mr. Wise intends making to St. John's, Nfld. The names of the persons from whom the cattle were purchased and the weight in each instance, as given by Mr. Seller, follows: P. M. Plose bull, 1525 lbs; cow, 1175 lbs. J. McLean—bull, 1280 lbs; heifer, 830 lbs. N. McLellan—ox, 975 lbs. R. McKinnon—ox, 1063 lbs. W. B. Ross—cow, 1285 lbs. D. McPhail—ox, 1140 lbs; ox, 880 lbs.

STARVATION AT LABRADOR.—The steamer Harlaw, which arrived at Halifax from Newfoundland on Saturday, confirms the reports of destitution on the Labrador coast. There are a number of people who live in Flowers Cove and vicinity who have to depend on a few months' fishing for existence, and if the weather is bad and fish scarce they suffer accordingly. Last year the fishing season was a bad one for them, and this spring they are consequently in want and it was told to some of those on the Harlaw that many of them are suffering. Some information was also given about two cases of starvation reported to Capt. Farquhar the last trip. They were those of two children, a boy and a girl, who were very thin, and were actually starving; their mother went to a neighbor's to beg some aid for them, and when she returned they were both dead.

SOME OF THE ADVANTAGES.—A Richibucto correspondent of the St. John Sun says: The advantages to merchants here, from direct and regular communication with P. E. Island, were well illustrated a few days ago. A traveller, representing a large grocery firm of Charlottetown, arranged to send over a schooner, and was here taking orders for that purpose. The difference in freight between the latter place and St. John is very noticeable. Take, for instance, American kerosene and molasses. A barrel of kerosene from St. John costs a dollar before reaching here, while from P. E. Island only twenty cents. The freight on a puncheon of molasses by rail is nearly three dollars, while the P. E. Island man says he will land it here for less than fifty cents. This is quite an item, considering that these articles can be purchased as cheap in Charlottetown as in St. John. This same firm are taking orders for American kerosene, to be delivered here and at Miramichi next fall, direct from New York by schooner.

The Check Book has proved a drawing card. Miss Coghlan will spend her summer vacation in P. E. Island.

THE CARPET BUSINESS!

SINCE WE HAVE OPENED OUR CARPET DEPARTMENT our trade has far exceeded our expectations. Our object in going into the Carpet business was to give people FAIR, SQUARE TREATMENT, and goods at the right prices. Now we claim, as our right, your patronage. You may ask WHY.

READ BELOW.

While our competitors for years were asking and getting \$1.55 and \$1.65 for 5-frame Brussels Carpet, and 36 cents for cheap Tapestry, we have sold our best Brussels for \$1.15, and cheap Tapestry for 25 cents per yard—never asking more—which goes to show that our competitors have been making an enormous profit out of the people. This cannot be denied. We don't believe in monopolies, and have been the means of breaking the Carpet business in two, and taking the largest half ourselves. Competitors may feel sore, but we can assure the public it is not from overwork. We wish our competitors well, but we think this explanation necessary. WE CUT YOUR CARPET FOR NOTHING, don't charge for waste, and do all work in connection with HOUSE FURNISHING.
