## Advertisers!

The home circulation is the most valuable for advertisers. THE EXAMINER reaches the homes of our citizens every evening. That accounts for our large advertising patronage.

Apply to **THOMAS CAMPBELL,** Richmond Street.

ap23—ly 246 & wky

## Nervous Prostration

It is now a well established fact in medical science that nervousness is due to impure blood. Therefore the true way to cure nervousness is by purifying and enriching the blood. The great blood purifier is Hood's Sarsaparilla. Read this letter:

"For the last two years I have been a great sufferer with nervous prostration and palpitation of the heart. I was weak in my limbs and had smothered sensations. At last my physician advised me to try Hood's Sarsaparilla which I did, and I am happy to say that I am now strong and well. I am still using Hood's Sarsaparilla and would not be without it. I recommend it to all who are suffering with nervous prostration and palpitation of the heart." Mrs. D. ALTON, 25 Alton St., Toronto, Ontario. Get Hood's, because

## Hood's Sarsaparilla

Is the Only True Blood Purifier

It is not what we say but what Hood's Sarsaparilla does that tells the story.

Hood's Pills set harmoniously with Hood's Sarsaparilla.

## Dommon Coal Company, Ltd

The undersigned having been appointed sole selling Agents in the Province of Prince Edward Island for the above Company, are now prepared to issue orders for Round, Slack and Run of Mines, and will keep a Stock of each Mine's Coal on hand to supply customers at lowest prices.

**PEAKE BROS. & CO.,**  
Selling Agents.

Charlottetown, May 25, 1894—1f

**House in Georgetown.**

That Dwelling House in Georgetown, the property of the late Capt. John McDonald, formerly known as the "McDonald House," together with the outbuildings.

This House is in first-class repair, contains fourteen large rooms, and is well adapted for a Dwelling or Boarding House. Any party or parties desirous of securing a summer residence will find this a capital opportunity.

This property will be sold at a bargain. For terms and particulars apply to the office of J. A. Matheson, Solicitor, Georgetown, N. B.

**L. W. MACDONALD,** 50 Box 694, Charlottetown.

**Christianity vs. Agnosticism.**

Just published in Pamphlet form, 48 pp., the course of Sermons recently preached by the Rev. John Simpson, on "Christianity vs. Agnosticism."

These Sermons have been widely read, and an opportunity is now offered of securing the series in complete form.

Price 10c. per copy; \$1.20 per dozen copies.

For sale at **THE EXAMINER OFFICE,** ap11—dy & wky

## MAKING A TIRE.

Some of the difficulties encountered in the Operation.

A writer in the India Rubber World, a rubber manufacturer, says: "There is no part of a bicycle so important as the tire, and no part so little understood by the user. They can be made by most of the bicycle manufacturers who use them. Most people imagine that the making of a pneumatic tire is a very simple job, and fancy it a mere trifle, but there is nothing more difficult, nor anything in the rubber goods line that requires more care in its manufacture than a single tube tire. We make both single and double tubes, and have had for more of the former than of the latter. We give our tire trons exactly what they call for, and are not prepared one way or the other to yield to the demands of the customer. The making of a double tube tire is not so difficult. You can see what you are doing. With the single tube tire, however, the manufacturer is making a tire that will be used in a garden hose, and fancy it a mere trifle, but there is nothing more difficult, nor anything in the rubber goods line that requires more care in its manufacture than a single tube tire. We make both single and double tubes, and have had for more of the former than of the latter. We give our tire trons exactly what they call for, and are not prepared one way or the other to yield to the demands of the customer. The making of a double tube tire is not so difficult. You can see what you are doing. With the single tube tire, however, the manufacturer is making a tire that will be used in a garden hose, and fancy it a mere trifle, but there is nothing more difficult, nor anything in the rubber goods line that requires more care in its manufacture than a single tube tire. We make both single and double tubes, and have had for more of the former than of the latter. We give our tire trons exactly what they call for, and are not prepared one way or the other to yield to the demands of the customer. The making of a double tube tire is not so difficult. You can see what you are doing. With the single tube tire, however, the manufacturer is making a tire that will be used in a garden hose, and fancy it a mere trifle, but there is nothing more difficult, nor anything in the rubber goods line that requires more care in its manufacture than a single tube tire. With the single tube tire, however, the manufacturer is making a tire that will be used in a garden hose, and fancy it a mere trifle, but there is nothing more difficult, nor anything in the rubber goods line that requires more care in its manufacture than a single tube tire. We make both single and double tubes, and have had for more of the former than of the latter. We give our tire trons exactly what they call for, and are not prepared one way or the other to yield to the demands of the customer. The making of a double tube tire is not so difficult. You can see what you are doing. With the single tube tire, however, the manufacturer is making a tire that will be used in a garden hose, and fancy it a mere trifle, but there is nothing more difficult, nor anything in the rubber goods line that requires more care in its manufacture than a single tube tire.
