REDS IN ABRUPT RETREAT ON EASTERN KOREAN FRONT

Signs Chinese Reds May Launch Air Offensive

Honored By C.M.A.

Allies Might Carry War To Manchuria

News was received from the Canadian Medical Association for publication this morning of the appointment of Dr. J.D. MacGuigan, (above), well known Charlottetown physician, as a Senior Member of the Association. He is one of ten physicians across Canada who have been so honoured at the Association meeting yesterday in Montreal.

A graduate of McGill University, Dr. MacGuigan has practiced medicine in the Province for the past forty-eight years.

Coming Events

Dance, Iona East School, Friday, June 22nd.

Reserve Wednesday, July 25th for West Covehead Church Tea.

Dance in Caledonia Hall, Friday, June 22nd.

Outdoor Show at New Haven, tonight at 9:00.

Dance, Orwell Hall, June 25th. Milvieux Orchestra. Luncheon.

Amateur Contest in Eldon Hall, June 21st. Auspices Flat River W. I.

Grain Crutching on Wednesdays only. If not fine, on Thursdays. Bert Leard, Lorne Valley.

See Kinkora Players in Wiltshire Hall, Friday, June 22nd. Dance after.

Clam Chowder, Bingo and Dance, South Rustico Hall, Thursday, June 21st. Music by Charlottetown Mountaineers.

Corran Ban Players present "Deacon Dubbs" in St. Teresa's Hall, Friday night, June 22nd. Dance after.

Dance, Mt. Stewart Legion Hall every Thursday. George Chappell and his Merry Islanders. Can-teen service. Admission 50c.

Please attend Liberal Poll Committee Meeting at Richard McPhee's, New Haven, on Thursday night.

For Snapshots that will not fade mail your Films and Negatives to Garnham Photo Studios, Charlottetown.

Clam Chowder, Bingo and Dance, South Rustico Hall, Thursday, June 26th. Music by Charlottetown Mountaineers.

Women's Institute District Convention, Uigg School Hall, Tuesday, June 26th, 2:30. Evening Meeting 8:30. P.M. Guest Speaker, Mr. W. R. Shaw.

Come to the garden party, Beechwood Gardens, Cornwall, Thursday, June 28th, afternoon and evening. Good music; Mrs. Evelyn MacKinnon and her Highland Dancers will entertain.

WASHINGTON, June 20 (Reuters)—United States military authorities are concerned about a build-up of Chinese Communist air strength in Manchuria and the prospects of a Communist air offensive against United Nations bases in South Korea.

Sources close to military headquarters report a growing feeling that any heavy air assaults, particularly in connection with a new Communist land offensive in Korea, could lead to bombing of Chinese air bases in Manchuria.

Plans for U. N. aerial counter-attack in the event of a Chinese air strike are understood to have been prepared by the United States joint chiefs of staff.

Until recently U. N. forces in South Korea were never subjected to air bombardment. On the other hand the Communist bases in Manchuria were not attacked.

Now this "air truce" appears to be weakening with the recent penetration of South Korean air space by Russian-built Chinese planes and the dropping of a few bombs on some towns.

Washington authorities emphasize that such sporadic small-scale raids are not sufficient to cause any reconsideration of the existing policy of restricting Allied air strength to the area south of the Manchurian border.

But the question being considered is whether such penetration is not the forerunner of large-scale air attacks.

If a large-scale offensive is launched from Manchurian bases there is little doubt that President Truman and his military leaders would be pressed by Congress for retaliatory bombing of such bases in the Manchurian "sanctuary."

Body Recovered Near Annandale

The body of young Edward Clark, fifteen year old son of Mr. and Mrs. John Clark, Charlottetown, who was drowned near Annandale last November 11th, was found yesterday about 3:30 p. m. near where the accident took place.

The young boy and Mr. George Hutchison, Charlottetown, were duck hunting near Annandale when their boat capsized. They had it anchored to a buoy. When the tide changed the boat, caught broadside in a terrific current, upset and both occupants were thrown overboard. Mr. Hutchison was rescued about twenty minutes later by two men from Annandale who put out in the near-by ferry.

A woman, after seeing the accident, from her kitchen window, summoned the men who went to the rescue.

The R. C. M. P. carried out dragging operations for two days but were unable to find the body. Edward, Mr. Hutchison, and the latter's two sons, Bob, fifteen, and David, eleven, left for Annandale, about five o'clock on the morning of the 11th and the accident occurred about two and one half hours later.

The boy is survived by his parents, Mr. and Mrs. John Clark and a brother, David. No inquest will be held.

Regular Dance, East Royalty Rink Hall, Friday, May 25th. Bus leaving 1 M. T. 9:45.

Ice cream social in French River Hall, Thursday, June 21, in aid of Geddie Memorial Church.

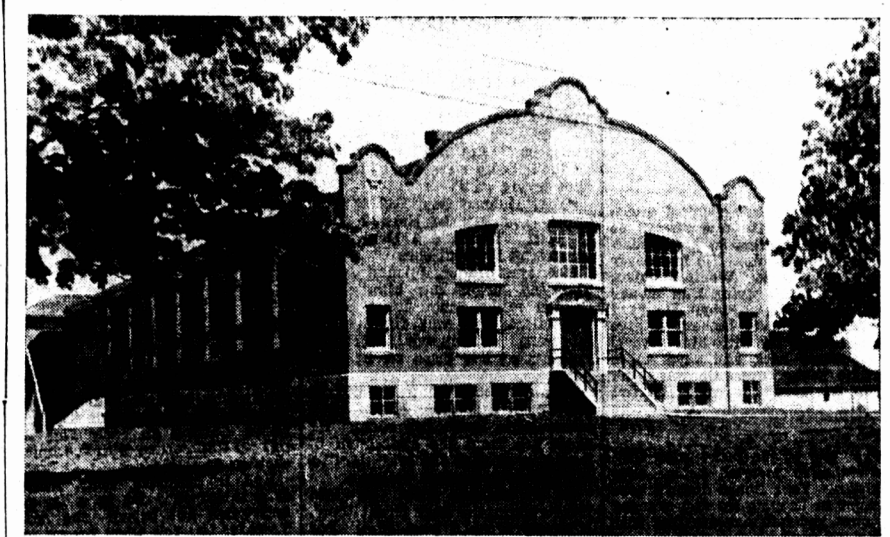

Pantry Sale, Parkdale Sunday School, Holman's, 2:30 P. M. Saturday, June 23rd.

Reserve your dancing date for Thursday, June 21, and attend the dance at Bonshaw Inn, sponsored by the Second District of Queen's Y. P. C. Old time and modern music will be supplied by McNeill's Orchestra. Dancing 9 to 12:30.

Women's Institute District Convention of East, West and Central Royalty, Spring Park, Springdale, Brackley, Harrington, Brackley Pt., Highfield, South Winsloe, North and South Milton will be held in Howes' Hall, Brackley Pt. on Friday, June 22nd, 2:30 p.m. and 8:15 p.m. Mr. W. R. Shaw, evening speaker. Everybody welcome.

Women's Institute District Convention of East, West and Central Royalty, Spring Park, Springdale, Brackley, Harrington, Brackley Point, Highfield, South Winsloe, South Milton, North Milton will be held in Howes' Hall, Brackley Point, Friday, June 22nd, 3 P. M. and 8:15 P. M. Mr. W. R. Shaw, evening speaker. Everybody welcome.

Official Opening And Dedication Of St. Dunstan's Gymnasium-Auditorium

Canadian Ship In China Trade May Have Russian Captain, Commons Hears

Ship Owners Make Move To Settle Strike

NEW YORK, June 20 (AP)—A shorter work week, increased wages and paid vacations were offered C. I. O. seamen today in a move by ship owners to end a five-day tieup of East and Gulf coast ports. Union officials took the proposals under consideration.

The owners proposed a 44-hour week at sea and a 40-hour week in port, in contrast to the National Maritime Union (C. I. O.) demand for an over-all 40-hour week.

The seamen have been working 48 hours. The operators offered an additional pay rate of 4.12 per cent over base rates in effect in January last year. The shippers said the offer would bring an able seaman's basic wage to \$268.03 a month. It would be a 10.5-per-cent increase over base rates in effect in January, 1950. The union has asked a 25-per-cent boost.

Taylor's group represents 40 companies involved in the Atlantic-Gulf dispute which has tied up most American flag shipping from Maine to Texas.

NORANDA, Que. (CP)—Two Noranda police officers saw a moose weighing 900 pounds staring through their window the other morning. The moose lumbered across the golf course and jumped into the lake. A moose hadn't been seen in Rouyn for about 20 years.

Winsloe Minister Speaks At Orange Lodge Session

FREDERICTON, June 20 (CP)—Greater exercise of "moral courage" is needed today if the democratic, Christian way of life is to be preserved against the onslaughts of materialism and Communism, declared Rev. J.R. Skinner, Winsloe, P.E.I., grand chaplain of the Grand Orange Lodge of British America. "We must speak and act courageously if we would preserve our glorious heritage," said Mr. Skinner.

The service at which he spoke was the main event on today's program of the 121st annual convention of the Grand Lodge, the first business sessions of which got underway this morning in the Lord Beaverbrook Hotel with the grand master, R. Hardy Small, Toronto, in the chair.

Following the service the L.O.L. and O.B.A. delegates paraded to the cenotaph where tribute was paid to Canada's war dead of the First and Second World Wars. Wreaths were laid by Mr. Small, for the Grand Orange Lodge and by Mrs. Alma MacIntyre, Ridgedale, Sask., grand mistress of the Grand Lodge L.O.B.A. Thomas H. Addy, Toronto, was marshal of the parade. Distinguished visitors received at the morning session of the Grand Orange Lodge included: Benjamin

Another milestone in the expansion of St. Dunstan's University was marked last night when the magnificent new gymnasium-auditorium (shown above) was formally opened and dedicated in a brief but impressive ceremony in the building.

"I accept the key of this building and declare it officially dedicated to the interests of this institution for now and for ever," stated His Excellency, Bishop James Boyle, in receiving the key from Mr. P.R. MacCormac, President of the St. Dunstan's University Alumni Association.

The formal opening address was given by Mr. H. Frank MacPhee, K.C.

Others present on the platform included His Honour Lieutenant Governor T.W.L. Prowse and Mrs. Prowse; His Worship Mayor B. Earle MacDonald and Mrs. MacDonald; Mr. Justice Mark B. MacGuigan and Mrs. MacGuigan; Capt. J.J. Connolly and Mrs. Connolly, and Rev. Edmund Roche.

For one hour prior to the opening ceremony the New Glasgow Girls Highland Pipe Band played soft airs. The band was under the direction of Faye MacKie, daughter of a former Island hockey player. "Tiger MacKie, Faye's sister Linda was among the 14 band members.

The gymnasium-auditorium was constructed through the efforts of the Alumni Association at a cost of more than \$100,000. Its construction was commenced less than a year ago and the building was

St. Laurent Praises Medical Ass'n

OTTAWA, June 20 (CP)—Prime Minister St. Laurent today praised the efforts of the Canadian Medical Association to organize a medical health plan on a national basis and said all levels of government would be "most anxious" to help the medical profession to carry it out.

He said in the Commons that the possibility of setting up a special parliamentary committee to study the question was something that would have to be considered at a later date.

Mr. St. Laurent said the Government had not yet considered the matter. But "several members of the Government—and I am one—have noted with interest and have welcomed this interest on the part of the Medical Associations" in starting such a plan.

The Medical Association were subject to Provincial legislation and enjoyed a large measure of autonomy. If they could supply adequate medical care for all Canadians it would "be all to the good."

Medical Ass'n Elects Officers

MONTREAL, June 20 (CP)—The Canadian Medical Association tonight announced Dr. Harold Orr of Edmonton has been named president-elect of the association and Dr. Harris McPhedran of Toronto chairman of the General Council.

Enemy Holds On Central, Western Fronts

(By William C. Barnard)

TOKYO, June 21—(Thursday)—(AP)—Communist forces pulled back abruptly on the Eastern Korean war front Wednesday after 21 days of delaying action failed to halt allied advances.

While censorship blotted out all mileage references, pooled field dispatches reported that Allied troops gained control of the last high ground commanding the punchbowl area, north of Inje (and possibly 20 miles north of the 38th parallel).

Two heights bitterly guarded by Korean Reds Tuesday were yielded without a fight Wednesday.

On the central and western fronts, however, entrenched Reds held firm and turned back Allied patrols.

The retreat in the east came as Russian-built planes met their fourth straight defeat in as many days in a double-barreled action near the Manchurian border.

Since Sunday the Reds have lost 28 planes destroyed or damaged out of a total of 153 they hurled at 140 Allied Sabre jets and propeller-driven Mustang fighters.

Field dispatches reported the fiercest fighting in days along some portions of the Korean battlefield Wednesday. But the U. S. Eighth Army communique Wednesday night told of stubborn enemy resistance and heavy Red fire northeast of Chorwon, 17 miles north of the 38th parallel.

Electrical Ass'n Elects Officers

ST. ANDREWS, N.B., June 20 (CP)—T. Inglewood of Vancouver, vice-president and chief engineer of B.C. Electric Limited, was today elected president of the Canadian Electrical Association in annual convention here at the Algonquin Hotel. He succeeds G. H. Thompson of Montreal. About 500 delegates and their wives are attending the association's 61st gathering.

Next year's C.E.A. convention will be held at Banff Springs Hotel from June 30 through July 3.

Dakota Transport Off On Long Mercy Flight

WINNIPEG, June 20 (CP)—An R.C.A.F. Dakota transport took off from Winnipeg late today on a 2,300-mile mercy flight deep into the fog-shrouded Arctic to pick up an ailing radio man employed at the Mould Bay weather station.

Mould Bay is on the south side of Prince Patrick's Island in the Beaufort Sea, about 1,500 miles north of Edmonton.

The name of the sick man was withheld until relatives are notified. Air Force officials said he has a perforated ulcer and possible peritonitis.

The mission is one of the longest ever undertaken by the R. C. A. F. It follows long-range diagnosis of the man's illness by the senior medical officer at North-west Air Command in Edmonton.

Wing Cmdr. C. G. Graham, who talked to the ailing outpost by radio to prescribe treatment.

The rescue plane will fly 622 miles to Churchill to pick up an

army doctor and to refuel and obtain weather reports. Fog banks in the Arctic at this time of year are often treacherous and unpredictable, an official said.

From Churchill the plane will go 516 miles to Coral Harbor on Southampton Island, refuel and fly another 800 miles to Resolute Bay on Cornwallis Island. It will again refuel for the final 426-mile hop to Mould Bay.

Officials said no estimated time of arrival at the station could be given due to uncertain weather conditions.

In case the 2,100-foot landing strip is fogged in, the plane is equipped with long-range gas tanks enabling it to remain aloft for 13 hours and fly 1,400 miles.

It also is equipped with JATO (jet-assisted take-off motor) to enable it to make a quick jump from the short landing strip.

Where the sick man is brought will depend on his condition.

Negotiations With M. C. A. To Service RCAF Aircraft

Iran Spurns Effort To Settle Oil Crisis

TEHRAN, June 20 (AP)—Iran today spurned last-minute efforts at mediation and issued orders setting up its complete control of the Anglo-Iranian Oil Company's operation. Britain abruptly recalled its peace mission—empty handed—with a warning that lives of Britons will be protected if necessary.

Premier Mohammed Mossadegh ordered his Government's Iran National Oil Company to assume full authority over A.I.O.C. operations under the nationalization law passed 12 weeks ago.

Mossadegh's deputy, Hussein Fatimi, said Iran would not "shut the valves" on the giant refinery of the billion-dollar, British-owned company at Abadan, as extreme nationalists have threatened. A vaguely-worded communique issued after a five-hour cabinet meeting indicated the Government plans a gradual takeover.

Maritime Central Airways have been approached by the Defence Production Department for this highly specialized task but it is not expected a firm contract will be made for some days.

R. C. A. F. authorities at Ottawa say the procedure in such cases is for the air force to set down its requirements and turn them over to Trade Minister Howe's new defence production department. The new department then makes as efficient and economical arrangements as possible to meet those requirements.

In Prince Edward Island as in other parts of Canada, there is an immense advantage both to the R. C. A. F. and the firm concerned in having an organization already established take over an aircraft servicing and maintenance project. Hence it is suggested that Maritime Central is obviously in a better position to handle a job of this kind than other aircraft companies in the east coast provinces.

Little Hope Sub Can Be Salvaged

LONDON, June 20 (Reuters)—Little hope is held for the salvage of this year's submarine Affray which sank in 258 feet with her 75 officers and men in the English Channel April 17, the House of Commons was told today.

James Callaghan, parliamentary secretary to the Admiralty, said unless the recovery can be made before fall, storms will make diving impossible. If the Affray can be refloated, it will make naval history.

MONCTON, N.B. (CP)—Ten pounds of lobster in one shell was the proud possession of Gerald Gallant when he returned from a trip to Richibucto in Kent County.

He got the giant crustacean, measuring 3 1/2 inches from claws to tail, from a fisherman there.

Reds Seek Entry Into Key Production Plants

OTTAWA, June 20 (CP)—A Defence Production official said today that screening of some 25,000 industrial workers has shown that some subversive elements, including Communists, have been infiltrating into key production plants in Canada.

E. S. Perkin, 46, director of industrial security for the Defence Production Department, said in an interview that though the number of Communists and fellow-travellers unearthed is not large—about 250—it indicates the Reds are trying to get into "every industry in Canada."

The screening takes place before the Department issues secret blueprints and information to a plant undertaking to handle classified defence production work.

If an "undesirable" is found working in a plant, the contract is held back until either the Communist is fired or else given work which isolates him from that part of the plant producing classified equipment.

Mr. Perkin, a native of King,

OTTAWA, Ont., June 10—(Special) — Negotiations are in progress between the Department of Defence production and Maritime Central Airways for the latter firm to take over the maintenance and servicing of the R. C. A. F. aircraft at Summerside Air Station. The Guardian learned here today.

Maritime Central Airways have been approached by the Defence Production Department for this highly specialized task but it is not expected a firm contract will be made for some days.

R. C. A. F. authorities at Ottawa say the procedure in such cases is for the air force to set down its requirements and turn them over to Trade Minister Howe's new defence production department. HALIFAX, June 20 (CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Thursday.

SYNOPSIS: The hot weather will continue Thursday. A storm centered near the Great Lakes is causing rain in Ontario. It is moving eastward and the cooler air in its wake is expected to reach the Maritimes early Friday.

In advance of this cooler air showers and thunderstorms are forecast to develop late Thursday over the northwestern regions.

Regional forecasts: Prince Edward Island—Clear, clouding over in afternoon and showers by evening. Continuing hot. Light winds becoming south-west 15 by afternoon. Low and high Thursday at Charlottetown 56 and 84.

High tide today at 12:19 A.M. and 11:24 A.M. Sun rises at 4:25 A.M. and sets at 8:03 P.M. Summer tide eighteen minutes later than Charlottetown.
