Gallant is reported to have been involved in an accident on the Linkletter Road near here with a vehicle being driven by him and a parked vehicle. Both were heavily damaged.

A second accused, Joseph Alton Gavin, St. Eleanors, appearing on a similar charge, pleaded not guilty and his case was adjourned to Nov. 12. Defence counsel was J. Melville Campbell.

Marshfield district donated $191.50 over the weekend to the current United Fund campaign.

Executive director of the campaign for P.E.I., Jack Ambler, said this was a 72.5 per cent increase over last year's donation in the same period of time.

'64 Publicity Seen Valuable

The national and international publicity this province received in 1964 will have an excellent effect on the province's future tourist seasons, Tourist Development Minister and Provincial Secretary Hon. J. David Stewart predicted Tuesday.

"The tremendous amount of news coverage through the press, radio and television of this year's events," he said, "had been invaluable to the industry and no doubt has engendered a great deal of curiousity about the province among people who have never been here.

"I look for this curiousity to bring many new tourists to the province in the years ahead."

Commenting on the 1964 tourist season, Mr. Stewart said that while statistics for the year have not been completed, "I think we have had a very good year."

Former Athena Vice-Principal Places First

Carl J. Smith, former Island school teacher and once vice-principal at Athena Regional High School, Summerside has just received word that he has been awarded top honors and first prize for the past summer school session held at Bishop's University.

The session was attended by a large group doing post-graduate work.

Mr. Smith, who holds the degrees of Bachelor of Education and Bachelor of Laws, is married to the former Betty Bruce, daughter of Mrs. R.F. Bent and the late William Bruce, Charlottetown. At present he is teaching in the new $2,000,000 Chomedy High School, Chambly, Que., specializing in French and developmental reading.

He is the son of the late Mr. and Mrs. W. Smith, Halifax.

Pier Stone Has Use At Causeway

Stone from one of the piers that supported the old Hillsboro Bridge will be used for fill at the Vernon River causeway where the water level is being raised, a department of highways spokesman said Tuesday.

Dismantling of the pier will also provide information on the pier's structure which will be valuable when the other piers are demolished.

Meanwhile, the department of highways has reached no agreement with Trenton, N.S., contractor Murdoch McEwan on the dismantling of the remaining steel of the old bridge.

The contractor was to have the bridge dismantled by the end of September but was said to have run into difficulties which delayed the job.

About four spans of the old bridge are still standing.

Preparations Underway For Safety Meet

The Workmen's Compensation Board is now making preparations for the province's annual conference on industrial safety.

Board secretary M. E. Campbell said Tuesday it was hoped the conference will be held about mid-November in Charlottetown.

The annual conference began three years ago in Charlottetown and last year featured a session in Summerside.

Special safety procedure speakers are brought in for the conferences and manufacturers of safety equipment provide exhibits of their products.

Increase Shown In Ferry Traffic

In the overall picture, 1964 saw 199,074 passengers, 62,616 cars and 8,888 trucks from May to September inclusive compared with 158,390 passengers, 49,149 cars and 7.742 trucks during the same period a year ago.
