PRINCE EDWARD ISLAND,

Information for Tourists and Other Time Tables, etc.

Prince Edward Island has many attractions for tourists, and it is expected that this season the influx of visitors will be very large.

HOW TO GET TO CHARLOTTETOWN

The steamer Halifax leaves Boston for Charlottetown every Saturday at noon and will be due at Charlottetown on Monday night. On the following Tuesday at one she will leave on return to Boston. Halifax and Port Hawkesbury are called at every trip. Passengers may take the steamer at any of the ports mentioned. The Halifax has been supplemented by the Grand Duchess.

The steamer City of Ghent plys between Halifax and Charlottetown each week, calling at several ports en route. She is due here every Thursday.

The steamers Coban, Bonavista, Campana, Tiber and Polino, of Montreal, also make Charlottetown a port of call.

Passengers for this Province coming by way of Pictou are brought to Charlottetown by the steamer Princess. Those coming by way of Point Du Chene connect with the steamer Northumberland, and may come through to Charlottetown by the mail special which leaves Summerside each evening immediately after the steamer reaches that port.

"Prince Edward Island"

New Edition—Just Issued.
An Illustrated Book, descriptive of Prince Edward Island. For sale at all book-stores and at R. H. Mason's newstands. Contains a map.
Price 25 cents a Copy.

Repertee.
The Maid—Madame sent me to tell you that she has found another hair in ze potage.
The Cook—Tell your missus it is as false as her own.—Hartford Times.

Sleighting.
I love to hear the sleighbells' tunc
Ring out in icy air—
That is, when at my side there sits
A dainty maiden fair.
The frostier the wintry wind
The better 'tis for me,
For closer to my sheltering side
She nestles tenderly.
But sweeter than the moonlit road
O'er which we lightly skim
It is to play we're sleighting still
In the back parlor dim
When on the sofa quite as close
Both snuggle up for fun,
And I devote two hands to her
Instead of only one.—New York Journal

Trying to Make It Out.
Theodore—I declared myself, Alfred, but I don't know whether she accepted me or not. That's what I'm trying to make out, you know.
Alfred—What did you say to her?
Theodore—I said that I thought the world of her, and she said, "It's a queer world." That was all, don't you know, and deuced if I know whether it meant she is in love with me or not.—Boston Transcript.

Artificial Teeth on Metal Plates

A dentist who knows his business, and one that has any regard for his patients will always advise them to have a metal plate.
PROF. MELVILLE B. BUCKLEY,
Instructor Boston Dental College, Boston Mass
In view of the vast amount of injury done to the mouths of wearers of rubber or vulcanite plates, by the retention of undue heat, owing to the non conductivity of rubber, and as aluminum is now so cheaply produced, and making as it does a rigid, light, clean, unobjectionable plate there seems no reason why any person should wear a rubber or vulcanite plate. Not only this, but better results in fit and adhesion are obtained in difficult cases, than in the use of rubber.
L. P. F. W. & L. D. S.
Chicago Dental School

The above quotations are from hundreds of eminent dentists whose close observation in many years experience in plate work has learned them the many advantages of metal over rubber.
Many persons who are compelled to wear artificial teeth on a plate find that the ordinary plate causes heating of the mouth, bad taste, sbrakage of the gums, etc., finally causing the plate to get loose, sometimes sore lips, sore mouths and sore throats, and caused directly from the wearing of an ordinary plate.
We recommend a metal plate either of Gold, Platinum, Aluminum.
It is a conductor of heat and cold, it is non-irritating, and is thinner, lighter, and stronger than any other plate.
We have testimonials from persons for whom we have made metal plates—not one would wear an ordinary plate again. You can have your impression taken, and a metal plate made same day, fully guaranteed because we make them ourselves, and know all about the material used. Call and see specimens of our work.
Every piece of work done by us must give entire satisfaction to the patient, else we will not allow it to leave our office.

See our artificial teeth without plates.
