The rink building will be rented if a sufficient sum is offered, but if not, the company will assume its management during the winter.

MUST HAVE BEEN THERE. — A rural editor in Ohio launches out against the bicycle in this wise: "These bladder-wheeled bicycles are diabolical demons of darkness. They are contrivances to trap the unwary and skin the nose of the innocent. They are full of guile and deceit. When you think you have broken one to ride and have subdued its wild and satanic nature, behold, it bucketh you off in the road and teareth a great hole in your pants! Look not upon the bicycle when it bloweth upon its wheels, for at last it bucketh like a broncho and hurteth you like thunder! Who hath skinned legs? Who hath ripped breeches? Who hath bloody noses? Those who dally long with a diabolical bicycle."

Business Is Business.

Most of us are in business to make money. But few men get rich in a year, or in five or in ten. A man's business is what he makes it. The reputation of handling only the highest grade is the most valuable thing a druggist can own. We now have that reputation. It has taken years of careful, persistent and honest attention to business to earn it, and we are not now going to take any risks of losing it. We follow the one rule always—the highest grade and the lowest price.

FOR THE EXAMINER.

ALL SAINTS' DAY

"And the foundations of the walls of the City were garnished with all manner of precious stones."

I love the feast day of All Saints;
What glories it combines!
What high heroic love it paints!
What treasures it enshrines!
These treasures once were like the ore
From which pure gold is wrought,
But now they glisten evermore
Beyond our highest thought.

For through earth's furnace they have passed
To high perfection bright,
And in the Heavenly Temple vast
Now shed their glorious light;
They are the jewels that were sought
By our Redeemer's love,
The precious stones His Life once bought
For His sweet Home above.

The jasper and the sardine stone
Gleam with the emerald there,
And sapphires blaze around His throne
With rubies bright and rare,
The chrysolite and topaz gleam
Upon the streets of gold,
There amethysts and jacinths beam
And gates of pearl unfold.

With such fair stones its walls outshine,
Nor shall shall their lustre fade,
For one the Corner-Stone Divine
Their endless rest is laid;
From that fair Stone their beauty springs,
They but reflect the rays
Of Christ, the glorious King of kings,
Whose beauty ne'er decays.

May we as stones be burnished well
To take our place with those
Who in that glorious Temple dwell
And in their Lord repose;
And while we love their praise to sing,
O may their virtues grow
Within our hearts, and like a spring,
Burst forth in ceaseless flow.

WILLIAM E. ENMAN.

FROM ALL POINTS OF THE COMPASS.

The French Crisis.

PARIS, Oct. 29.—It is generally thought this evening that William Bourgeois or Ribot will be invited to form a new cabinet. The Temps says: "The gravest feature of the situation is the manner in which the cabinet was overthrown. Nobody knows why it was defeated. Another disquieting fact is that nobody sees on what basis a new ministry can be formed."

Concerning England and Russia.

ST. PETERSBURG, Oct. 29.—The Novre Vremya publishes a despatch from Vladivostock saying that the British squadron of warships in the waters of the far east has been concentrated at Fou Chan and adds: "Great Britain is zealously seeking a pretext for declaring war upon China, in order to conteract the success of Russia and restore her shattered prestige in the Pacific."

Cuban Insurgents Meet With a Check

HAVANA, Oct. 29.—According to official advices, 2,000 insurgents met with a check wile attempting to pass from the province of Santa Clara into the province of Matanzas. They were met by a detachment of 1,000 Spanish troops, commanded by Gen. Suarez Valdes. During the fighting which followed the insurgents made great but futile efforts to drive back the troops.

England's Danger is Ireland's Opportunity.

DUBLIN, Oct. 29.—William Redmond, Parnellite M. P. for East Clair, delivered a speech at a political meeting here to-night. He declared, among other things, that the Irish question would never be settled until European questions placed England in such a position that she would be unable to ignore or resist Irish demands. If Ireland did not receive autonomy in the near future, Irishmen would certainly endeavor to realize the old saying that "England's danger is Ireland's opportunity."

Affairs in Newfoundland.

ST. JOHN'S, Nfld., Oct. 29.—The government decided last night to push through the smuggling cases, and Inspector O'Rielly with a posse of ten fully armed police started to-day to arrest the Burin smugglers, about 22 altogether. It is feared that resistance will be offered. The prosecution of the city smugglers began to-day. It is announced that Sir Herbert Murray, the newly appointed governor, is empowered to appoint three commissioners on his arrival to investigate the fiscal affairs of the colony, and should the report be unsatisfactory the governor is authorized to make such further arrangements as he may deem necessary to protect the colony from further difficulty.

A Silent Miracle Worker.

For while you may be thinking of a pleasant beverage merely which it undoubtedly is, Wilson's Invalids Port Wine is making its silent way through your system, and giving new blood. All may drink it with enjoyment for it is a fine rich wine, but it is especially intended for invalids, for it is to them an invaluable help in restoring lost strength, stimulating flagging energies, and making them feel strong and young and hopeful. This makes it unique. A rare old wine and an incomparable tonic, and not a drop of medicine in it. Sold by all dealers at $7.50 per case of 12 quart bottles, half case $4.00 or 75cts. per bottle. Address—Bordeaux Claret Co., 30 Hospital Street, Montreal. dy246.

More Arrests for Smuggling.

ST. JOHN'S, Nfld., Oct. 28.—Nine smugglers have been arrested at Burin, St. Lawrence and Mortier Bay, and large stocks of rum and tobacco confiscated. The police inspector in charge of operations to-day reports that he will seek further instructions. Two revenue cruisers are to be maintained in the future, one on the south and one on the east coast. The government claim that by vigorous enforcement of the revenue laws it will be possible to collect $200,000 more duty yearly.

A NEW CLUB.

Name Suggested for a New Social Organization in London.

LONDON (Special) Oct. 28.—It has been facetiously suggested that a new social club in process of organization in this city should be entitled "The Dodd's Kidney Pill Club" as the present members are all enthusiastic advocates of that remedy and in common with many other citizens declare that in all cases of kidney trouble no other agent has been found so completely effective. Most Londoners have at their fingers' ends the particulars of the many marvellous cures through the use of this specific. In every drugstore in the city the medicine is kept in large quantities and warmly recommended.

THE DELAY EXPLAINED.—The editor of the Lockport, N. S., Hustler, Mr. H. R. L. Bill, was last week married to Miss Ida Silver, of Lunenburg, at the latter place. In consequence of the absence of the editor from his post, the issue of the Hustler was delayed a day, and the editor publishes an apology as follows: "This issue of the Hustler has been detained a day by financial matters—changing Silver to Bills."

ALL HALLOW E'EN.—Keep a close eye on doorsteps, gates and cabbage patches to-night.

The Manitoba Free Press says the plan adopted by the C. P. R. of taking wheat for land sold to settlers is working well. It enables the farmer to hold his wheat at all events until the very day his payment to the company is due. If he had to raise the cash, he might be obliged to sell several days earlier, and possibly miss the benefit of an advance which might spring up in the meantime.

DISGUSTED!

We believe that the people are now thoroughly disgusted with a certain style of advertising adopted by some of our merchants.

THEREFORE

we would suggest, for the good of the public, that any ad. offering goods worth 80c. for 50c., 40c. for 30c., 20c. for 16c., and so on, should be read with considerable thought, and if the reason for making such surprising reductions are not given, you are more liable to be fooled than get the bargain you expect.

As a merchant advertising to sell an article so much less than it is worth has some reason for doing so - either the goods are out of style, or old or shop-worn, or they will not sell at the first price quoted—and in that case it is the merchant who is getting the snap in selling them, not the public in buying them, as they may turn out to be very dear at the last price quoted. Such goods are often dear at any price.

NOW ALL WE ASK

is for you to come in and see our styles, examine the qualities, and get our prices on Men's, Boys' and Children's Overcoats, Reefers and Suits, believing that we are in a position to do better for you than any house in the trade.

Boys' Overcoats from $2.00 up.
Boys' Reefers from 90 cents up.
Men's Overcoats from $2.75 up.
Men's Ulsters from $5.00 up.

PROWSE BROS., the Wonderful Cheap Men.

This Week

We will give special low prices on Men's Clothing.

See our Overcoats for $5.00. Admitted by all who have seen and bought them to be the best ever sold here for that price. Our Frieze Ulster for $5.00 beats the record and should not be missed. We have the testimony of many that our Boys' Overcoats, commencing at $2.50, are genuine value—not shoddy, as generally sold in low price goods. Our Scotch finish Underclothing at $1.00 a suit are very fine. Don't fail to see them,
