

THE DAILY EXAMINER. JULY 23, 1892.

To the Point.

WHETHER we refer to the impolicy and misdeeds of the Grit party in respect to the Dominion at large or to this Province in particular, the Patriot invariably strives to make the people believe that the Tories are, at all events, guilty of acts equally as bad or worse. It need not be pointed out that THE EXAMINER has made no statement more damaging to the Grit party than this indirect admission of the Patriot that its policy and acts cannot be defended on the merits. What has the Canadian Pacific Railway scandal of twenty years ago to do with the various policies and acts which have resulted in the present complete ruin of the Grit party in Canada? There is certainly no relation between the conduct of the Hon. Donald Ferguson and the disgraceful favoritism and corruption exhibited in the administration lorded over by Mr. Frederick Peters. Mr. Ferguson's conduct of the Land Office has been laid bare in the exhaustive report of Messrs. Carvell and Arnaud, which Mr. Peters took good care to keep out of the Legislative journals; and Mr. Ferguson is not now in the Legislature. But Mr. Peters and his Commissioner are in power—it subjects for criticism—and the mystery of the Land Office still remains unexplained! The Patriot had better leave the Canadian Pacific Railway scandal and Mr. Ferguson alone, and come to the interesting point in which the people are now materially concerned. Let us recall some of the facts.

On the 29th day of March last, Cyrus Shaw, Esq., M. P. P., placed the following notice on the Order Book of the House of Assembly:

"Mr. Shaw gives notice that he will tomorrow ask the Commissioner of Crown and Public Lands to lay on the table of this House a statement showing in detail the names of all parties who have paid their accounts in full in the Land Office during the financial year 1891, showing balance due by each at time of settlement, the amount paid to each to square his account during the year 1891, and date of last previous payment, the discount allowed each by virtue of the statute 55 Vic. Cap. 2, and amount of reduction in each account by compound interest separately if any, and any other reduction that may have been made."

A few days before protraction the Commissioner of Public Lands laid on the table of the House a statement purporting to contain the information required by Mr. Shaw's notice. The extraordinary delay in bringing down the information asked for in the notice was in itself a circumstance of a very suspicious character. The information was at the hand of the Commissioner, and could be supplied in ten days; but notwithstanding that his attention was again and again called to it, the statement was not tabled until the House was on the eve of prorogation, when a thorough examination of it in the Assembly was impossible. In the meantime Mr. Hector C. McDonald was put up by the Government to ask for a statement showing every payment made to the Land Office for ten years, with an array of particulars regarding each payment. The object of the dodge was to afford the Government an excuse for not bringing down the statement asked for by Mr. Shaw, on the ground that the statements, taken together, would be too voluminous for preparation before the close of the session. It was quite bad enough for the whole district of Belfast to have its representative act the part of a tool for an imbecile and corrupt Government, but matters were made worse from the fact that Mr. Hector McDonald's notice was given for the express purpose of boring an inquiry into corrupt and illegal discounts given at the Land Office to favored parties in other sections of the Province, and at the expense of taxpayers in Belfast and elsewhere, who had already paid the last cent demanded by the Government for their lands.

The return as tabled does not contain much of the information asked for in the notice. It does not show the grounds on which the discounts were made, but a bald amount is shown as the reduction made in each case. The act of 1891 authorized a reduction of 12 per cent. to all persons, yet we find that the discounts given range all the way from nothing to 73 per cent! The more this statement is examined the more rascally appear the transactions which, we fear, it only partially reveals. We have good reason for believing that some of the worst of these transactions were withheld from the Legislature, although it seems almost incredible to believe that greater favoritism would be practised than is already shown. In the first place the number of accounts given in this statement as closed during the year 1891 does not correspond with the number as stated on page 3 of the Commissioner of Public Lands report for the same year. Why this discrepancy if there was nothing hidden? Why were not full particulars given, as asked for by Mr. Shaw, regarding the 788 accounts which Mr. McMillan says he closed during the year? Again, why was the auditor made to stop short, in his late examination of the books, at credit entries in the township ledgers for which no corresponding entries were made in the cash book? For anything the public know, any amount of wrong doing may be covered up in the extraordinary number of credit entries now standing in the ledgers, and which do not

represent a cash payment. Nothing will satisfy the people but a thorough enquiry into these extraordinary credits by an independent commission. The mere fact of a shortage of thousands of dollars, appearing in the accounts of the office for a full year 1891, calls in the terms for a full investigation. That is the point to which the Patriot ought to direct the attention of the Government.

Aid for St. John's Churchmen.

To the members of the Church of England in the diocese of Nova Scotia: DEAR BROTHERS,—The calamity which has fallen upon the people of St. John's, Newfoundland, in the recent disastrous fire, has evoked universal sympathy, which has shown itself in generous contributions, to provide food and shelter for those who have been deprived of both. There is, however, a special appeal to us, in consequence of the destruction of so many buildings belonging to the Church of England. The Bishop of Newfoundland telegraphs that the Cathedral, the Bishop's house, the Clergy house, Sunday and day schools, Synod hall, and the orphanage are all destroyed; and, besides, many churchmen who will not come upon the general relief fund, are heavy sufferers. It is little wonder that he says "the diocese is overwhelmed with disaster and broken-hearted." The providence of God makes this an extra claim upon our liberality, and it is for us to acknowledge it by doing what we can to help our fellow-churchmen in their need. We assert that "We are not divided, All one body we."

Let us prove the truth of it by suffering with the one member that suffers. I desire that a special collection be made in all the churches in the diocese, on Sunday, the 31st inst., and that the money be sent to me for transmission to the Bishop of Newfoundland, to be expended by his committee in the effort to restore to the Churchmen people what the fire has destroyed. I am not unmindful of the many demands which are made upon you, and to which you endeavor to respond; but to this claim we must not turn a deaf ear, but seek by some special self-denial to do what in God's line, to build up, and to give to the stones out of the heaps of the rubbish which are burned." We see that our brotherly hand, need, let us not shut up our bowels of compassion from him. Believe me, your faithful friend and Father in God, F. NEVA SCOTIA. Halifax, 18th July, 1892.

Letter from Councillor Hogan.

SIR,—In answer to your enquiry in last Wednesday's issue, as to the whereabouts of Councillor Hogan, I may say that the above mentioned persons are still with you ever ready to advance the best interests of citizens, particularly those of Ward One. I acknowledge that the old building formerly in course of removal, but now stationed at Ings' corner, is a disgrace as well as an annoyance to the whole community. Nevertheless, if the malicious meddler who signs himself "Ward One" had taken the trouble to examine the vote recorded at the last meeting of the City Council, he would have reached the conclusion, provided he had as much sense as a monkey, that Councillor Hogan had done his duty, and is to be found at home when called upon for debt or duty. M. P. HOGAN.

Departure of Mr. C. B. Macneill.

C. B. MACNEILL, Esq., who is about to leave for Vancouver, B. C., was entertained at dinner last evening at the Hotel Davies, by a number of his friends in this city. The Leader of the Opposition occupied the chair, and Mr. A. B. Warburton, M. P., the position of vice-chairman. Among those who were present were Mr. L. H. Davies, M. P., H. C. McDonald, M. P., P. Blak, Esq., F. L. Hazzard, Esq., ex-Councillor Byrne, Councillor McKay, and many other prominent citizens. After full justice had been done to the well served viands, the following toasts were honored: The Queen—God Bless Her. This Canada of Ours and its Parliaments. Responded to by Mr. L. H. Davies, M. P., P. Blak and D. O'M Reiddin. Our Merchants and Professional Men. Responded to by Mr. W. Beer, F. L. Hazzard, W. D. McKay, B. B. Norton and H. C. McDonald. The Civil Service of Canada. Responded to by Mr. G. A. Sharp. The Press. Responded to by Mr. W. L. Cotton and Mr. A. A. Bartlett. Our Island Home. Responded to by ex-Councillor Byrne and W. A. Weeks, jr. Our Guest.

This last toast was enthusiastically honored. Before Mr. McNeill could respond to it, the vice-chairman stepped forward and read and presented the following address:—

TO CHESTER B. MACNEILL, ESQ., BARRISTER. DEAR SIR,—Permit us to express our sincere regret that we are about to lose you. We have known you long; we have known you well; and in saying that we are sorry to part with you, we but give utterance to a feeling which wells up from the bottom of our hearts. You purpose picking your tent on the Pacific shore. May prosperity's balmy breeze fan it. You are a Prince Edward Islander, and as such have a name to maintain. Its maintenance is a sacred trust. Your friends and fellow-Islanders know that you will guard it well. We are only too sorry to have to say good-bye. Kindly convey to Mrs. Macneill our best wishes for her happiness in your new home. May prosperity attend you and yours, is the earnest wish of those who are now bidding you good-bye.

JOEL McLEOD, G. C. M. P. P. L. H. DAVIES, G. C. M. P. F. L. HAZZARD, BARRISTER. J. A. LONGWORTH, PROTHONOTARY SUPREME COURT. FRED W. HYNDMAN, MARSHAL VICE ADMIRALTY COURT. A. B. WARBURTON, M. P. P. H. C. McDONALD, M. P. P. D. NICHOLSON. R. B. NORTON. HEDLEY V. PALMER, BARRISTER-AT-LAW. JAMES H. GOOD, BARRISTER. ENEAS A. McDONALD, BARRISTER. G. A. HAZZARD, STATION MASTER. P. E. ISLAND RAILWAY. W. L. COTTON, EDITOR EXAMINER. W. W. BEER. D. O'M REIDDIN, J. P. J. B. DAWSON. CHARLES LYONS. J. J. DAVIES. A. A. BARTLETT. T. A. McLEAN.

Mr. McNeill replied briefly and feelingly. Words failed him to express his appreciation of the kindness of his friends and the honor they had done him. While he was about to remove to a wider sphere of action, he would yet remain in a part of the same great country—he would continue to own allegiance to the same old flag; and he would ever remember his native Island and his many warm friends who still live here. He expressed his belief in the future greatness of Canada and his confidence in being able, by diligent and patient attention to his duties, to make his way in the far West. He thanked the chairman and those who had responded to the preparatory toasts for all their good words and wishes in respect to Mrs. McNeill and himself, and bade all good-bye.

Volunteer toasts in honor of Our Manufacturers, the Ladies, and Mr. and Mrs. J. J. Davies were subsequently drunk and variety was added to the festivity by the song sung by Mr. Good and Mr. Esq. and the recitation of T. A. McLean, Esq. Mr. McNeill leaves for his new home on Monday morning. He will carry with him the respect of the community in which he has lived.

News Notes.

The cholera continues to rage in Central Russia. Deer are very numerous in North Frontenac. The yellow fever scourge continues at Vera Cruz. Winnipeg is to have a handsome new opera house. It is semi-officially stated that the plague has broken out in the Province of Khorassan, Persia. Typhus fever, besides cholera, is spreading in South Russia. Great mortality has already resulted from this new visitation. The Prince and Princess of Wales have determined to sell Sandringham at the first opportunity. The fact is that Sandringham is not healthy. The Brazilian Government has decided to impose a quarantine against all vessels arriving from French, Russian, American and Mediterranean ports. Mr. Huggart reports the work at Sault Ste. Marie is progressing satisfactorily. The canal will doubtless be ready for navigation on the first of the season of 1894. A report that the Washington authorities intend to place prohibitive tolls on St. Clair canal causes little excitement at Ottawa, in view of the fact that by report of their own special commissioner that canal is entirely within Canadian territory. The Papal encyclical on the Columbus celebrations that was issued on Saturday directs that on October 12 the Mass of the Trinity be celebrated in the Catholic churches of Spain, Italy and America in honor of Columbus. The excellent appointment made to the Behring Sea arbitration board by Great Britain and the United States have been followed by the selection of a strong man from France. The French republican names Baron Courcelle, who is said to have won distinction as a diplomatist, and has been French ambassador to Germany. Baron Courcelle has apparently abandoned the diplomatic service, and is now a senator of France. He is at home on the English language which is to be spoken during the Behring Sea discussions.

Drisc and Casual.

The first photograph was made in July, 1829. A Cincinnati doctor recommends eating onions for rheumatism. Physicians' carriages have the right of way in the streets of Berlin. Queensland, Australia, owes the largest national debt, \$310 a head. Judge Vail, of Chicago, last week granted eight divorces in thirty minutes. The average ministerial salary in the United States is \$700. Dr. Morgan Dix, of Trinity Church, gets \$25,000, and Dr. Talmage \$12,000. Newcastle-on-Tyne spent \$50,000,000 some years ago in digging out a shallow stream. The income from that investment has since been \$28,000,000, besides the increase in trade and the enhanced value of property.

The highest viaducts and bridges in the world are St. Glustina, Tyrol, 460 feet high, 197 feet long, without piers; Garabit, France, 406 feet high, 1,892 feet long, stone and iron; Du Vian (proposed), France, 382 feet high, 1,508 feet long, iron arch; Forth, 375 feet, steel.

Some silk-worms lay from 1,000 to 2,000 eggs, the wasp 3,000, the ant from 3,000 to 5,000. The number of eggs laid by the queen bee has been in dispute. Barmeister says from 5,000 to 6,000, but Spence and Kirby both go him one better, each declaring that the queen of average fertility will lay not less than 40,000 and probably as high as 50,000 in one season. The white ant often produces 86,400 eggs in a single day! From the time when the white ant begins to lay until the egg-laying season is over—usually reckoned by entomologists as an exact lunar month—she produces 2,500,000 eggs.

Personal.

Mrs. Abbott, of Montreal, is here on a visit to Mrs. A. Lord, Brighton. The Earl of Orkney and Miss Carrie Gilchrist, the burlesque actress, were married a few days ago. The bride was given away by the Duke of Beaufort. Sir John Abbott has left Ottawa for Montreal en route for New Brunswick, where he will spend a few days salmon fishing on the famous Restigouche.

The new Premier of British Columbia, Hon. Theodor Davis, is described as one of the leading lawyers of the Province; a man of much energy, and a "jolly good fellow." He is an Englishman by birth, 40 years old, a resident of the Pacific Province since 1862, and a member of the Legislature for the last ten years. Hamilton papers are severely criticizing Mr. A. T. Wood, who attended the Commercial Congress recently, and then voted and spoke for free trade, when his own Board was on record in favor of his personal duties. The news of the painful and fatal disease which is said to have stricken down George William Curtis will cause unmitigated regret amongst all who have watched his unwearied efforts over a long term of years to purify American politics. The United States can ill afford to lose such a man. Cancer has rarely found a more distinguished victim.
