YUGOSLAVIA VIA TURNS DOWN AXIS DEMANDS

GRAVE POLITICAL CRISIS THREATENS JAPAN

ARE OPPOSED TO SWEEPING COMMITMENTS

Situation Is Becoming One Of Extreme Tension.

SHANGHAI, Aug. 9.—(AP)—Japan's bitter domestic conflict over a proposed alliance with Europe's totalitarian powers may cause the cabinet's fall or "even more startling" results, an informed traveller arriving from Tokyo said today. "Young officers" of the Army in their insistence on an out-right alliance with Germany and Italy are creating a situation of extreme tension, this source said, in which rumors of extremist threats against lives of cabinet members are current.

Crops Promise Good Harvest Is Report

While most sections of the Province had a fairly adequate supply of moisture following last week's rain the Rose Valley area was still too dry for growing crops to survive. It was learned last night. Total rainfall recorded at the Rose Valley Illustration Station for the two months, June and July, was three-quarters of an inch, it was announced at the field day held at the Rose Valley station yesterday. Generally speaking crops in the Province at the moment were looking good. Dr. J. A. Clark, superintendent of the Charlottetown Experimental Station said last night. He had just returned from attending the field day at Rose Valley. The hay crop throughout the Province was almost entirely harvested and had been much better than at first anticipated. In some sections it was at least equal to last year's crop and in others it was in better condition. In July 1938 frequent rains had made harvesting the hay crop a difficult procedure. Grain, root and potato crops were all coming along excellently, Dr. Clark said. The grain was an excellent color and was filling well. Commenting on the field day at Rose Valley, Dr. Clark said it was "one of the best we ever had." Dr. Clark spoke on soil erosion and described the proper method of mixing Bordeaux Mixture for use in combating late blight of potatoes. Mr. E. L. Eaton, superintendent of Illustration Stations, took charge of a tour of the Station and described experiments and methods used in different plots. Mr. Bruce McLaren, of the Charlottetown Experimental Station staff described variety tests he was carrying on at Rose Valley. Attendance at the field day yesterday was in the vicinity of 60, it was said. Today a field day will be held on the farm of Mr. William Johnston, Long River, at the Charlottetown Experimental Station. Experts in the industry are scheduled to speak and a large attendance is anticipated.

I.O.O.F. Delegates Have Busy Day

Business, Social And Devotional Periods Mark Convention Activities.

The I.O.O.F. meetings continued in Summerside all day yesterday with sessions morning and evening. In the afternoon after a Memorial Service in Trinity United Church the delegates were driven to the summer home of Premier Thane A. Campbell, who had graciously invited the I.O.O.F. to use his grounds for their outing. Here they were guests of the local Lodge. The visitors strolled about the spacious grounds and expressed their appreciation of the magnificent setting and beautiful picture the view from the rising ground afforded. Morning Session The opening session of the Grand Lodge commenced at 9 o'clock in the High School auditorium with all the Grand Lodge officers present. The spacious assembly hall was filled with delegates. Grand Master A. O. F. Gill, Charlottetown, presided. 50 candidates took the degree. Routine business in connection with the Grand Lodge took up a good deal of the time of the session. Distinguished visitors present were: Special Grand Deputy Grand Master Robert B. Groat, of the Sovereign Grand Lodge. Mr. Groat is Mayor of Washington, New Jersey, and treasurer of the Sovereign Grand Lodge. R. H. Dorrance, P.G.M., and Grand Representative of Quebec; W. M. McBain, Quebec, Grand High Priest; Flint, State of Maine; and P. G. P. Rowe, Providence, R. I. At the conclusion of the session the visitors were formally welcomed by Mayor John E. Campbell and Mr. B. W. Robinson, M.L.A., who welcomed the visitors on behalf of Premier Campbell and the Provincial Government. The civic welcome took place in the assembly room of the High School and was attended by Rebekahs and Oddfellows. P. G. M. Ryan of Charlottetown introduced Mayor Campbell and Mr. Robinson. Mr. A. W. MacDowell, Summerside, general chairman of committee for the Grand Lodge acted as chairman for the occasion. Grand Master Gill was called upon and accorded a hearty welcome to the Mayor and Mr. Robinson to the Lodge. Bro. McDowell on behalf of the local Lodge also welcomed the guests and gave a short review of the last session of the Grand Lodge. (Continued on page 8, Col 2)

Closing Of Congress Is Impressive

The eighth Eucharistic Congress of the Roman Catholic Diocese of Charlottetown closed with impressive ceremonies at Indian River last evening. The Congress opened in all parishes in the diocese on Sunday and concluding services began at Indian River Tuesday evening. Yesterday's ceremonies began at 7 a. m. with the celebration of Mass by His Excellency Right Rev. J. A. O'Sullivan, Bishop of Charlottetown. At 10 o'clock Pontifical High Mass was celebrated by His Excellency Right Rev. Charles Leo Nelligan, Bishop of Pembroke, Ontario, a native of Tignish in the Charlottetown Diocese. High priest at the Mass was the Rev. J. A. Murphy, D. D., Rector of St. Dunstan's University, while the Rev. Patrick Walsh, Palmer Road was deacon and the Rev. J. B. Croken, St. Teresa was sub-deacon. Deacons of honor were Rev. Patrick Mahon, D. D., Rector of St. Dunstan's Basilica and the Rev. J. A. Sullivan of St. Dunstan's University staff. The sermon for the occasion, a most eloquent message was preached by the Rev. A. L. Sinnott, Rollo Bay. Inspiring music was furnished by the Indian River choir under the direction of Mr. Borden Fraser. At 2:30 in the afternoon a conference of the local Lodge was held at which a sermon was preached by His Excellency Bishop O'Sullivan. At the same time the lady attended Holy Hour conducted by the Rev. Patrick Walsh of Palmer Road. At 4:30 in the afternoon a great and inspiring sermon was preached by His Excellency Bishop Nelligan who spoke on "The Kingship of Christ." The sermon was followed by the procession of the Blessed Sacrament, which was carried by Bishop O'Sullivan. He was assisted by the Rev. J. A. McDonald of Tignish and the Rev. J. B. Croken of Tracadie. The Misericorde Band furnished music during the procession. The Congress closed with a short address by Bishop O'Sullivan who gave Benediction of the Most Blessed Sacrament, after which the vast crowd united in singing "Holy God We Praise Thy Name."

POSTPONEMENT OF BLACKOUT IS NECESSARY

Fatalities Add Sombre Note To Test Of Britain's Air Defences.

LONDON, Aug. 9.—Misty skies and a needle-like drizzle which spread over most of England today resulted in postponement of the great blackout which was to have tested the country's vulnerability from the air. Several hours before the "zero hour" for extinguishing lights by half the population of England, the Lord Privy Seal, Sir John Anderson, who is in charge of civilian air defence postponed the blackout for three days of air manoeuvres and announced they would be carried out from midnight tomorrow until 4 a. m. Saturday, regardless of the weather. Despite heavy mist, the King reviewed 12,000 officers and men of 133 units of the reserve fleet off Weymouth Bay and congratulated them on their fine showing. And over London a mock dog-fight resulted in an "enemy squadron" being beaten off. The Lord Privy Seal's announcement that the delay was necessary "since widespread low clouds would make satisfactory observation impossible." Fatalities Mark Tests The disappearance of a five-man bomber in the North Sea, the death of four fliers in a flaming crash, and a mishap to a Liberator in which four crewmen were forced to bail out added a sombre note to the mammoth tests of Britain's air defences which started yesterday. About 1,300 of Britain's best war planes were engaged in the aerial exercises—a mythical "enemy" based in "eastland" and "westland"—(Britain)—with 500 of the participating craft "attacking" in waves. The air ministry said the attackers which resumed their raids after a night of imaginary combat, received a "hot reception" from western defenders when they circled westward. A few "enemy" raids were successful overnight because of the weather but most of them were intercepted by fighters or theoretically brought down by anti-aircraft guns. YORKTON, Sask., Aug. 9.—(CP) James Sinclair, 50-year-old bachelor of Quebec, who last night held police at bay with a shotgun in his farm home, was finally subdued and arrested when tear-gas bombs were tossed into the house. Constable Norman Gleadow of the Royal Canadian Mounted Police had occasion to visit the farm in connection with a case of domestic violence. He found on the Sinclair farm some home brew which he seized after a struggle with Sinclair and brought to town. When he returned to arrest Sinclair he found the man inside with a shotgun pointed directly at the door. WILD DUCK ANTICS WASKESIU, Sask., Aug. 9.—(CP)—A wild duck flew or fell down the chimney of the Lakeview Inn startling guests in the lounge, and laid an egg on the floor. Duck and egg were removed to the back yard.

Wartime Control Of Railroads Is Reported Sought

Yugoslav Premier To Tell Italian Leaders Country Will Maintain "Strict Neutrality."

BELGRADE, Aug. 9.—(AP)—It was learned on the highest authority tonight that demands attributed to Italy and Germany for Yugoslavia's "benevolent" neutrality in case of war have been refused by the Belgrade Government. Premier Dragisha Cvetkovich will fly to Italy tomorrow aboard a Yugoslav army bomber, these sources said, to tell Italian leaders flatly that Yugoslavia is determined to maintain strict neutrality—and with arms if necessary. Officially it was said he wished to visit members of the Yugoslav youth organization vacationing in Italy. (The Yugoslav Legation in Rome declared it knew nothing of the Premier's plans for a visit.) It was reliably reported, however, that he would talk to the Italian Foreign Minister, Count Galeazzo Ciano or possibly to Premier Mussolini. It was said that the asserted German and Italian demands made, "officially," called on Yugoslavia to promise to place her railroads at the disposal of the axis in case of a European conflict. All Yugoslavia's war materials and food stuffs would be at German-Italian disposal and they would have the right to cross her territory to Rumania or Bulgaria, if the axis demands were granted, it was said. Prince Paul, senior Regent of Yugoslavia, was said to have explained the axis demands to the British and French Governments during his recent trip to London and Paris. Authoritative sources said Britain and France told the Regent they would back Yugoslavia in case she came into conflict with the Rome-Berlin Axis, for her surrender would mean a staggering blow to Rumania, Greece and Turkey, which have joined the British-French front or have been included in it by British-French guarantees of their independence. One of the chief axis demands, it was learned, was for war time control of Yugoslav railroads because they would give Italy and Germany a direct connection across the Yugoslav Province of Slovenia. Further demands, it was said, would place Yugoslav economic and military centres under supervision of the totalitarian powers. The Government of Premier Cvetkovich and Prince Paul were understood to have agreed that the slightest compliance with any such demands would be incompatible with the sovereignty of Yugoslavia. Expect Answer Today DANZIG, Aug. 9.—Nazis spread the word tonight that their party leader, Albert Forster, fresh from a visit with the Chancellor Hitler in Berchtesgaden, would give the answer tomorrow night to what one spokesman termed "the unbelievable threat of Poles to shoot Danzig down with cannon." Party spokesmen predicted at least 30,000 persons would jam Lange Marketplace to hear Forster at a mass meeting which was suddenly arranged with announcement of his return tonight. (Nazi charges of Polish "threats" grow out of this sentence in the Polish newspaper Gzaz: "The guns of the Polish army are facing Danzig, should authorities of the Free City not abandon in time the dangerous road they are following on orders from outside.") Free City newspapers continued attacks on "the fantasies of the insane Poles" in comment similar to that of the official Danziger Vornostent, which said: "The unbelievable Polish lust for conquest, which is beginning gradually to degenerate into political kleptomania, increases ever more under the well-wishing indulgence in London and Paris toward the hysterical clamor of Poland." (Continued on page 8, Col 8)

THREATEN TO BOLT TALKS ON BLOCKADE

TOKYO, Aug. 10.—(Thursday)—(CP-Havas)—The Japanese Military threatened today to bolt the current Anglo-Japanese talks over the Tientsin blockade, charging Great Britain was delaying them while speeding Moscow talks for a European peace front. The Japanese Army representatives asserted Britain's aim was two-fold—to delay the Tokyo negotiations in order to complete those at Moscow, and to utilize the gained time in keeping Japan from the Italo-German Military Alliance. The conversations between Hachiro Ariga, Japanese Foreign Minister, and Sir Robert Craigie, the British Ambassador, have been at a standstill since Aug. 1.

Mrs. McBride Gets C. C. F. Nomination

EDMONTON, Aug. 9.—(CP)—Nomination of Mrs. R. R. McBride of Arrowwood as Co-Operative Commonwealth Federation Candidate in the Macleod Federal constituency was reported today by Elmer E. Roper, President of the Alberta C. O. F. Mrs. McBride has been active in united farm women of Alberta affairs for several years.

Mons' Mayor Seeks To Honor Canadian Corps

REGINA, Aug. 9.—(CP)—Twenty-one years after the concluding chapter was written in the record of the Canadian troops in France, with the liberation of Mons, Belgium, by the Second and Third Canadian Divisions, a letter has been received by the 28th Battalion Canadian Infantry, Mons, announcing the wish to present medals to soldiers to commemorate the liberation of the City. OTTAWA, Aug. 9.—(CP)—When Canadian War Veterans who attended the unveiling of the Canadian National War Memorial at Vimy Ridge three years ago visited Mons, Mayor V. Maistriau told them the Belgian City planned a celebration to commemorate the striking events in its Great War history. News from Regina that a letter had been received from Mr. Maistriau indicating his desire to give a medal to Canadians who participated in the liberation of Mons on the eve of the Armistice to Canadian War Veterans here, tonight the circumstances of that event. Canadian troops took a prominent part in freeing Mons from German hands on the night of Nov. 19, 1918. Hostilities ceased the following day.

C. B. A. Annual Meeting To Be Held Next Week

QUEBEC, Aug. 9.—Lawyers from all parts of Canada will assemble here next week for the 24th annual meeting of the Canadian Bar Association. As a preliminary to the conference of the commission on uniformity of legislation in Canada opens here tomorrow. This is a body set up by the association to aid in bringing statutes of the different provinces into a greater measure of harmony. From time to time the conference prepares draft bills on certain fields of law which are submitted to the different legislatures with a view to their enactment. Representatives of the legal profession in Great Britain, France and the United States will attend and their addresses will be among the main oratorical efforts of the three-day meeting. Rt. Hon. Lord Maugham, Lord High Chancellor of England, president of the British representative, Maître Jacques Charpentier, Batonnier of the Bar of Paris, the French, and Hon. Frank J. Hogan, past president of the American Bar Association, the American. The meeting opens Wednesday with L. E. Beaulieu, K. C., of Quebec, president of the bar. Addresses of welcome will be delivered by Hon. E. L. Patenaude, Lieutenant-Governor of Quebec, and Premier Maurice Duplessis.

U. S. Grand Jury Lays Sensational Smuggling Charges

NEW YORK, Aug. 9.—(AP)—John T. Cahill, United States Attorney, today forwarded to State Secretary Hull charges that the French Ministry of Foreign Affairs had permitted its diplomatic pouches to be used in the smuggling of commercial films into the United States. He forwarded the charges at the request of the Federal Grand Jury, which made its allegations in the form of a public presentation. The jury also charged the French Government Tourist Bureau, the French Consulate in New York, the French Line and its General Manager, Morin de Lincays, as well as eight other individuals were active in a scheme to evade payment of United States customs duties. The presentation was filed with Federal Judge, John Knox. Explanation Made As To Explosions SEHELT, B. C., Aug. 9.—British Columbia police said today the series of explosions heard near this Howe Sound resort last night was Canadian gunnery practice. (The explanation was confirmed by naval authorities at Esquimalt naval station near Victoria who said destroyers had been firing star shells south of Thormanby Island near Sehelet, about 20 miles north west of Vancouver.) The blasts were heard by residents throughout the Howe Sound area, last night and police were mystified as to their origin.

Police Have Last Laugh

CHICAGO, Aug. 9.—(AP)—An ex-cuse woman telephoned police today. A man is about to leap from the 21st floor of the Mallers building on Wabash Avenue. Hurry! Police dispatched all available detective squads. But they found it a false alarm. The woman had entered a garment manufacturing plant on Market Street and robbed Florence Samuels, cashier, of a box of pay envelopes. The police then figured the robber's companion deceived the officers with the phony East Side suicide alarm so he could raid the West Side shop unimpeded. The coup enticed the bandit team to palm chuckles. But the constabulary enjoyed the last laugh. The pay envelopes were empty.

Caribou Ends First Lap Of Return Flight

BOUCHERVILLE, Que., Aug. 9.—Imperial Airways flying boat Caribou ended the first lap of its return flight from Port Washington, N. Y. to Southampton. When it landed at this island of Montreal base at 7:25 p. m. ADT today. The giant plane, which inaugurated all-British weekly Atlantic air-mail service when it arrived here Sunday after a 33-hour flight from Southampton, will remain at its base overnight. It is scheduled to leave for Boston, Nfld., at 7 a. m. tomorrow. The only other stop on the return flight will be at Foyines, Etire.

Abandon All Hope For Flyers

(By The Canadian Press) GUELPH, Ont., Aug. 9.—All hope has been abandoned for the safe return of Royal Air Force Flying Officer Thomas Adam Darling today in a British bomber during air exercises over the North Sea, according to a cable received here late today by Darling's parents. Mr. and Mrs. Adam Darling said today in a British bomber during air exercises over the North Sea, according to a cable received here late today by Darling's parents. Fire Aboard Freighter Speeds Vessels To Scene

BOSTON, Aug. 9.—Uncertain of the success of the crew of the American freighter Pipestone County in coping with a fire reported on her hull, United States coast guard craft sped tonight to the vessel's side, 770 miles out on the Atlantic. "Fire in number four hold. Not serious yet"—was the extent of the advice that came ashore from the vessel. She carried no passengers. Rescuing rescuers could only guess at the success of the freighter's crew of 25 in fighting the blaze. Within 20 minutes of the first "ship afire" call, reported by the coast guard cutter Chelsea at 3:23 p. m. ADT, two service vessels were ordered to the France-bound vessel's side. The ice patrol cutter Champlain 160 miles away when the fire reported cracked out expected to port, the Pipestone County's position—latitude 41.16 north, longitude 52.23 west—about midnight tonight. "The Chelsea a little more than 300 miles distant, also immediately turned in the direction of the freighter. The 50,000-ton, 390-foot pipestone County, commanded by Captain L. J. Nordstoy and owned by the America-France Line, was bound for Havre France, with a general cargo of scrap rubber, pigs of copper, boxed machinery, oil burners and books.

\*\*The demand for veal calves and "grassers" still continues poor and we do not advise shipping at the present time. Shipping calves contrary to this information must be at the owner's risk so far as price and net returns are concerned. Live Stock Marketing Board. L-1167.
\*\*Lamb quotations are not much higher than what might prevail in the season. Lambs, and especially lighter stock, should be left on good pasture for a period and then marketed co-operatively as the demand would absorb. Live Stock Marketing Board. L-1167.
\*\*Mr. Walter Moore, Kensington has been engaged by the Kensington Shipping Club to furnish a trucking service for farmers who wish to have their hogs conveyed to shipping pens on loading days. Phone 41-12 when you require this service or the club secretary, John R. Sharpe, Kensington. L-1166-8-10-31.
\*\*Fog values have taken a rather drastic slump during the past two weeks, but it is not advisable to dispose of underweight, underfinished pigs at present quotations. Get them over the two hundred pound mark before marketing and then sell co-operatively for better returns. Live Stock Marketing Board. L-1167.

Convict Descends From Lofty Perch After Sitdown Strike

KINGSTON, Ont., Aug. 9.—Official silence made a mystery today of how Kingston Penitentiary officials solved the strange sit-down strike of a convict homesick for another penitentiary. Some time between three o'clock and dawn this morning the convict came down from his perch at the top of a 125-foot smokestack, where he climbed Tuesday afternoon and threatened to stay until he was returned to St. Vincent de Paul Penitentiary near Montreal. He was transferred to Kingston from St. Vincent several weeks ago. The Department of Justice at Ottawa issued a statement saying the convict had been "persuaded" to come down and was now "under mental observation." The Department declined to say whether the convict had been moved from Kingston. Most of the strange episode remained a mystery. How he managed to climb from the base of the chimney to the first rung, 15 feet from the base, and how and where he obtained food and drink remained unknown. The prisoner, believed to be a French-Canadian, serving a 30-year term, disappeared from a group of workers near the penitentiary powerhouse. He was missed when the men were returned to their cells.
