

Moscow Okays Big Four Talks At The Summit

VIENNA (AP) — The Soviet Union publicly announced its approval Sunday of the Western-proposed Big Four meeting "at the summit."

In a speech during the signing of the Austrian independence pact, Foreign Minister V. M. Molotov said: "The purpose of the Big Four meeting is to achieve an international relaxation of tension" corresponds "completely with the peaceful policy of the Soviet Union."

2. The Soviet Union is convinced that "other states also will follow the pattern" of Austria in choosing neutrality. The Soviet Union "attaches great significance to the Austrian declaration that the country will not join any military alliance and will not permit foreign military bases on its soil."

In Memoriam

DECOSTE — At Chilliwack, B.C., on May 13th, 1955, to Sgt. Arthur Vincent, 7 lbs.

In loving memory of a dear sister, Mrs. Beatrice Neill who passed away May 13, 1954.

Her memory is as dear today as in the hour she passed away. Always remembered by Ettie, Mrs. B. Smith.

In loving memory of Mrs. Wellington Murphy, South Shore who departed this life May 16, 1945.

You left a beautiful memory a grief too great to be told. But to those who loved and lost you. Your memory will never grow old.

Always remembered by husband and family.

Chartered Accountants Elected

The 35th annual meeting of the Institute of Chartered Accountants of Prince Edward Island was held in the Queen Hotel on Friday, at which the following officers were elected:

President, W. Albert Robertson, Summerside; vice-president, K. T. N. Lapp of M. F. Schurman Co. Ltd., Summerside; secretary, L. M. Robinson of M. Robinson of McDonald, Currie & Co., Charlottetown; other Council Members, Erma P. Morrison, A. J. Garrett, H. R. Hennessey, T. E. Hickey, J. R. Leard, R. W. Manning, W. E. Massey and H. G. Williams; Members of Council of the Canadian Institute of Chartered Accountants, R. W. Manning and W. A. Robertson; Regional (Atlantic) Representative of C.I.C.A., R. W. Manning.

R. W. Manning and W. A. Robertson will attend the spring meeting of the Council of the C.I.C.A., to be held at Jackson's Point on Lake Simcoe, near Toronto, on May 26, 27 and 28.

The following outstanding achievements of the P.E.I. Institute during the past year were brought out in the annual report by Mrs. Morrison, the retiring president:

1. Education and examination of all students across Canada, leading to the appellation "Chartered Accountant," designated by the familiar initials "C.A." are established and unified by the Board-of-Examiners-in-Chief of the C.I.C.A. The Island Institute, for the first time in its history, designated to nominate members to that Board. Mrs. Morrison was appointed, and so far this spring has been associated with preparatory work in Quebec for the 1955 and 1956 examinations.

2. The Island Institute's turn to represent the four Maritime Institutes (N.B., Nfld., N.S., P.E.I.), finally fulfilled by the appointment of Mr. Manning as the

Atlantic Regional Representative on the national C.I.C.A. Executive Committee.

A brochure "Chartered Accountancy — a Career for Young Men to Consider" — was published by the Island Institute and distributed to schools, colleges and other organizations and individuals. It outlines the opportunities existing in the profession, and the educational, training, examination and ethical requirements leading to the right to use after one's name the letters "C.A.," which are recognized across Canada, as well as in other countries.

The ever-increasing demand for more and higher qualified accountants to cope with Canada's growing national economy, swells the responsibility thereby placed on the educational and training institutes throughout the land, and indicates another year ahead of continually expanding activity for the P.E.I. Institute.

Report Potato Movement Is Slower Than Normal

The potato market during the past four weeks has failed to recover from the effects of the unpredictable price rise of early April, reports Mr. E. W. Campbell, secretary of the Potato Dealers Association. The Prince Edward Island growers he said, had a feeling that the market would come back to its April level and were inclined to hold back shipments. The growers in Maine and N.B. took the opposite view and moved potatoes freely to the Canadian markets.

As at present Maine is paying \$4.50 per barrel or \$1.60 per bushel with fair movement.—N.B. price about the same, and the P.E.I. market would warrant \$1.80 bushel bulk.

The Fruit & Vegetable Branch estimate the quantity remaining here as between 700 and 800 carloads which is not excessive if the demand will pick up and become a little stronger.

The U.S. Department of Agriculture has reported the late spring crop at thirty-five million bushels against thirty-four million bushels last year. This report shows almost a complete failure in the area hit by the frost, but California has an increase of five million bushels to make up all and more of the frost loss. The summer average planted (including Virginia and New Jersey) is reported to be 72,600 acres against 65,400 last year.

Asked about the prospects of prices for the balance of the season Mr. Campbell said: "The potato market is a very sensitive affair and those who make decisions should generally express an inability to understand its problems."

Re-Elected To CUNA Co-op

ST. LOUIS, Mo., May 14—J. G. Dennis, managing director of the P. E. I. Credit Union League, was re-elected treasurer of the CUNA Supply Cooperative at the meeting of the board of directors Friday in St. Louis, Missouri.

The CUNA Supply Cooperative serves credit unions all over North America with bookkeeping, office and advertising supplies. It is an affiliate of the Credit Union National Association (CUNA) which has headquarters in Madison, Wisconsin. The Canadian office of CUNA Supply Cooperative is in Hamilton, Ontario.

Mr. Dennis has been a leader in credit union affairs in the Island area for many years, in which there are about 60 credit unions.

May Replace West Block

OTTAWA (CP) — Studies are under way which may lead to the replacement of the present West Block of Canada's Parliament and Miss Amo Chesley, delegate from the Province of New Brunswick. Mr. G. Rea-Airth spoke Saturday evening at an open meeting on the "Natives of Canada" under the auspices of the Baha'is of the Maritimes. A session on "Teaching Problems" was conducted by Mr. G. Eyford of Halifax. Conference visitors agreed that it was a most successful affair.

Buildings, Works Minister Winters said Saturday.

Mr. Winters said in an interview that he aims to demolish the present structure—in which Sir John A. Macdonald had his offices as prime minister—with one of similar style so that the harmony of Parliament Hill's architecture may be preserved.

Approximate cost of the project, should it go through, would be between \$5,000,000 and \$6,000,000. "But it will take a year before we will be in a position to make a decision," he said.

The present structure has become antiquated and its accommodation is far from sufficient. Architects are building scale models, complete to the last detail, of the present structure and of suggested replacements for it. They will be studied in conjunction with others of the Main Block and the East Block.

The present building is the oldest of the three on Parliament Hill—started in 1859 and completed in 1867.

600 Passengers Land At Halifax

HALIFAX (CP) — Six hundred passengers, many of them immigrants, landed here during the weekend from four liners and 300 more were scheduled to arrive today aboard a fifth vessel.

The Swedish-American liner Kungsholm dropped 80 passengers on her first call of the 1955 season. She was followed by the liner Newfoundland.

More than 440 persons trooped down the gangway of the liner

Queen Frederika Sunday and the Israeli liner Jerusalem landed an additional 92.

The Olympia is scheduled to berth today with 300 travellers taken aboard at Mediterranean ports.

HIGH COUNTRY

Most of Northern and Southern Rhodesia lies at an altitude of 3,000 to 5,000 feet above sea level.

Car Crashes Gas Tanks, Starts Blaze

A car apparently out of control at 5 p.m. yesterday crashed into the gas pumps at Nelson's Service Station at the east end of Grafton Street and caused a spectacular fire which completely demolished the three pumps. City firemen were quickly on the scene and had the blaze extinguished.

City Police report that the car was proceeding east and came straight on towards the pumps knocking two of them over and setting the third askew. They state that the driver, after backing his car away from the damage, started in the direction of the Hillsboro Bridge.

Garfield Creamer, a station attendant, saw the pumps burst into flames and quickly ran to shut off the power, but not before he was able to get the license number of the departing vehicle. Creamer had, only a moment before the crash, left the pumps where he was gassing a car belonging to Mr. George MacLeod of Orwell. Mr. MacLeod's wife and two children were in the parked car and were forced to leave the machine quickly when flames threatened them. The car had to be pushed out of danger.

Mounted Police were notified to apprehend the car bearing the license plates seen by the station attendant and about ten o'clock last night a man was taken into custody and lodged in a City Police cell. He will appear in Police Court this morning charged with leaving the scene of an accident.

Const. Pendergast, on recognizing the convict, commanded a truck and crossed the Redwood bridge, and walked back to meet him with his gun drawn. Zakopiec threw up his hands and offered no resistance.

Const. Pendergast left the Island seven years ago to enter the service of the Foundation Company at Churchill, on Hudson Bay engaged in defence construction.

Island Constable In The Limelight

As related in a Canadian Press story in Saturday's issue, Const. William L. Pendergast, (above), 26-year-old native of Kensington, and son of Mr. and Mrs. James Pendergast now residing in Charlottetown, recently recognized and captured Alexander Zakopiec in Winnipeg who was an escaped convict described as "extremely dangerous", and a drug addict.

Const. Pendergast, on recognizing the convict, commanded a truck and crossed the Redwood bridge, and walked back to meet him with his gun drawn. Zakopiec threw up his hands and offered no resistance.

NEW YORK, (CP)—Five fellowship awards to Canadians were announced Saturday by the Guggenheim Foundation.

The fellowships go to: Andre Langevin, news editor of the CBC at Montreal, for creative writing.

Dr. Marius Barbeau, retired ethnologist and folklorist at the National Museum in Ottawa, for the National Museum in Ottawa, for studies of the French folk songs of North America.

Dr. Richard Stockton MacNeish, anthropologist at the National Museum, for studies of the development of aboriginal American culture.

Dr. Jean Robertson Burnet, assistant professor of sociology at the University of Toronto, for studies of puritanism in Ontario.

Mrs. James Kucuknick, botanist at Montreal botanical garden, for studies of the bryophyte flora of the Gaspé peninsula.

Total value of the Canadian fellowships is \$24,000. The foundation was established in 1925 by the late Senator Simon Guggenheim and his wife as a memorial to a son, John Simon, who died in 1922.

The fellowships are granted to scholars and creative workers annually in Canada, the United States, the British West Indies and the Philippines.

Queen Frederika Sunday and the Israeli liner Jerusalem landed an additional 92.

The Olympia is scheduled to berth today with 300 travellers taken aboard at Mediterranean ports.

City Police force at Winnipeg. Large in stature, six ft. four inches tall and weighing 240 lbs. Const. Pendergast, in making this spectacular and important arrest, displayed nerve and courage which brought acclaim in the daily press throughout Canada. After attending public school at Kensington and Kinkora, Const. Pendergast took his high school education at St. Dunstan's University where he was active in the various branches of sport. Before leaving here, he held the Maritime amateur heavyweight boxing championship.

Churchill Is Optimistic Over World Situation

By FRASER WIGHTON

LONDON (Reuters)—Sir Winston Churchill Sunday entered the general election campaign with an

optimistic review of the world situation.

In a pamphlet distributed to his constituents in the London suburb of Woodford, the 80-year-old elder statesman welcomed pro-peace four-power talks and declared:

"It ought to be possible to reach a position here there is a general sense of ease throughout the world, where the cold war period is succeeded by what has been called 'peaceful coexistence' and where the cost and burden of armaments can be fairly reduced all round."

Later, sounding the fighting party note, he called on the 35,000,000 voters not to allow the country "to sag back onto the outdated doctrines of socialism."

Although he retired as prime minister six weeks ago, Churchill's prestige is expected to be a powerful aid to the Conservative campaign.
