MONTREAL, June 20.—E. W. Vil-
leneuve, ex-Commissioner of Mont-
real, was awarded \$200 by the
Superior Court this morning against
Mayor Martin for libel in a judg-
ment which strongly reproved the
Mayor for his locuacity. "So
well paid a public servant as the
Mayor of Montreal should not waste
time devoted to discussion of pub-
lic matters by bringing extraneous
topics to the meetings," was the
comment made by Mr. Justice Sur-
veyer. Two libel actions had
been instituted against Mayor Mar-
tin by Villeneuve. The first in
which he claimed \$25,000, was dis-
missed without costs, and a
second claim for \$5,000 Villeneuve
was awarded the above amount and
costs for a suit of that amount, a
third case remains under advisement,
in which judgment will be
given as soon as the records are
complete.

years as a missionary of the Wes-
leyan church in British Guiana.
The Rev. Denny, in his lecture,
described the scenery, the people,
the climate, the flora and fauna,
the history and the present condi-
tion of the colony. He also de-
scribed the work of the Wesleyan
missionaries in the old land on
furlough, spoke briefly of the
evangelized Mr. Denny, who they
described as one of the most be-
loved of their brethren in Guiana.

Chief Detective Recommends Lash

(Special to The Guardian.)
SAN FRANCISCO, June 20.—The
whipping post is the best remedy
for crimes. That was what Wil-
liam J. Pinkerton, veteran head of
the famous detective system, told
the 300 police chiefs of the nation
assembled at the twenty-ninth an-
nual convention of the International
Association of Chiefs of Police
here Monday. Mr. Pinkerton is
72 years old, but still in the game.
"In my long experience I have talk-
ed with thousands of criminals," he
said, "I have made it a point of
asking nearly all of them whether
they would have preferred to have
gone to the whipping post and ac-
cepted forty lashes, or have served
their sentences. They have been
practically unanimous in declaring
that they would rather spend ten,
twenty or thirty years in jail than
undergo the lashes.

Great Suffering Of Explorers on Mount Everest

(Special to The Guardian.)
LONDON, June 20.—A magnifi-
cent dash for the summit of Mount
Everest, highest peak in all the
world, brought General Charles
Bruce's men within a few hundred
feet of the goal, but there it failed,
according to a despatch from
Calcutta. The altitude of Everest
is 29,140 feet. The weather was
reported to be terrible around the
peak and the climbers suffered in-
tensely. Three picked men, G. L.
Mallory, Dr. A. M. Wakefield and
T. Howard Somerville, following
the attempt reported on June 8th,
of George Finch and Captain Geor-
ge Bruce, who reached 27,200
feet, started. They had a fearful
struggle but with great heroism
succeeded in climbing higher than
man had gone atop before. For a
time they thought they would
make their objective, but condi-
tions proved worse than they had
expected. The general impres-
sion in the camp now is that the
appalling weather must improve if
the expedition is to be a complete
success.
Captain C. J. Morsehead, one of
the gallant climbers who partici-
pated in an earlier attempt, was
forced to remain in camp because
of the loss of several fingers
through frost bites.

longing to Mr. J. B. Andrew, just

running record of the 100

IRISH REPUBLICANS BADLY DEFEATED

Results So Far Show 49 Seats for Pro-Treaty Party, 27 Republic, Labor 10, Independent 11. DeValera Party Regarded as Scrapped.

(Special to The Guardian.)
LONDON, June 20.—With a
few scattering exceptions, com-
plete results of the Irish elections
are expected to be announced to-
morrow morning. These already
known foreshadowed considerable
success for the treaty. Up to a
late hour this evening the results
are as follows:
For the Treaty including a few
Farmer candidates, who are
known to be favorable 49 seats;
Republican, 27, Labor 10, and In-
dependent 11.
One of the most unexpected and
yet most significant features of
the returns is the lack of success
of the "Black Women" which is
the name applied to the widows
of the men executed for their part
in the Easter Rebellion. These
women have been most venomous
in their antagonism to the treaty.
The results are much worse for
the Republicans than De Valera
anticipated, and there has been a
solemn conference of Republican
chiefs in session more or less
continuously ever since Sunday.
De Valera was expected to make
a statement last night, but he de-
clined to say a single word. Michael
Collins declared that the De Valera
party was already virtually
scrapped as in the face of the
returns there was little hope of a
coalition government. The proba-
bility is now that the Republicans
will become openly hostile to the
Free State, although experience of
the past indicates that De Valera
prefers more subtle methods. Ron-
O'Connor a few days ago said that
the treaty is "too rotten for words".
O'Connor drove De Valera into an
aggressive policy even against his
will so great is his influence with
the Republicans, and in that case
anything may happen in Ireland.
According to returns so far re-
ceived the returns shows that 72,
285 electors in the city of Dublin
voted for the Free and Independent
candidates, favorable to the treaty,
and 10,929 for the Republican
Panel nominees. Among the no-
table persons defeated is Countess
Markievicz, who went down in
South Dublin. Four independents
favoring the treaty and six of the
eighteen Labor candidates have
been elected in constituencies
where results are unknown.

(Special to The Guardian.)
LONDON, June 20.—Winston
Spencer Churchill, the Colonial
Secretary, told the House of Com-
mons today that he thought the
present time was inopportune for
a discussion on Ireland, and asked
the house to allow him to reserve
any statement he would have made
to the Commons Thursday, until
some later time.

Canadian Railways Offer Reductions On Conditions

(Special to The Guardian.)
OTTAWA, Ont., June 20.—De-
finite offers of freight rate reduc-
tions contingent on suspension of
the Crow's Nest Pass agreement
were made by the C. P. R., the
Canadian National, and the Grand
Trunk, this morning to the Special
House Committee on Railway
Transportation Costs. The sugges-
ted reductions apply to certain ba-
sic commodities and are identical
in the case of each railway. They
are grain, forest products, coal,
building material, fertilizers, pig-
iron, Mr. W. B. Laigueau, Freight
traffic manager of the C. P. R.,
informed the committee that the
reduction would cost the C. P. R.
\$10,555,469, including reduction on
international and interstate traf-
fic affected by the late order of
the Interstate Commerce Commis-
sion.

ce, will ask Parliament's sanc-
tion is \$350,000,000. This is to

gations, including \$122,000,000
