Enjoyable Concert By Senior Notre Dame Pupils

A most enjoyable concert was presented last evening as the senior music students of Notre Dame Academy were heard in their annual recital. The high standard in musical training for which Notre Dame is noted was obvious in every number of this well arranged program.

Vocal and piano numbers by Bethany MacDonald and Maureen Blake, two well known Charlottetown artists, highlighted the program. Miss MacDonald, who is rapidly becoming a most accomplished vocalist as well as pianist, sang "Caro Mio Ben" by Giordani and Sigmund Romberg's "Serenade". Appearing later in the program, she presented an outstanding rendition of a Scherzo by Dognanyi.

Maureen Blake, always a favorite with Charlottetown audiences, to whom she is well known as a talented singer, sang the dramatic aria "Il Faut Partir" by Donizetti, and the popular "Yours Is My Heart Alone" by Lehar. For her piano selection she played Mendelssohn's Etude in B flat.

The program opened with a piano duet, Minuet and Trio by Mozart, performed by Marina Kays and Ann Wedge. Marie MacGuigan played an Allegro by Heller, and Regina Gillis was heard in "The Waterfall" by King. Ruth Brun and Patricia Cronin performed "In the Spring", by Anthony, as a duet, and they were followed by June Hennessy playing a Spanish Dance by Nolst. This first portion of the program was concluded with a Sonatina by Kuhlau, played by Sheilagh Malloy, and Borowski's Valsette, played by Catherine McDonald.

One of the outstanding performers last evening was Ann Wedge, who appeared first in a piano duet, and returned to sing "Down By the Sally Gardens", arranged by Britten, and "The Daisy," by Scott. In both these songs, one pensive, the other gay, the warmth and range of her voice, which shows much promise, were noticeable She also presented a delightful piano solo, Clementi's Sonatina, Opus 36 No. 6.

Sheilagh Malloy and Betty Kelly played the School March by Renard, and were followed by Patricia Cronin performing Minuet and Variations by Arne. A Rhapsody by LaForge, played by Marina Kays, Landler in A by Schubert, played by Jennie MacDonald, and Betty Lou Doyle's renditon of a Gigue by Bach brought the second part of the programme to a close.

Suzanne Francis was heard in a Mazurka by Levinsky, and Mary Claire Smith in "Bourree" by Purcell. Three Chopin compositions were heard next, the Waltz in C, by Pauline Noonan, the Prelude Opus 28 No. 15 by Annette Blacquire, and the popular Valse Brilliant, Opus 18, which was given a polished rendition by Laurdrene Wood. Patricia McDonald gave a fine performance of Rachmaninoff's Prelude in G Minor.

During the intermission an intricate Coronation drill, enhanced by appropriate setting and costumes, was performed by Marie MacGuigan, Ann Wedge, Sheilagh Malloy, Patricia Cronin, Ethel McQuaid, Joan Sherry, Carol McCallum and Patricia McInnis. They also sang a song composed for the Coronation year, "Elizabeth of England"

The recital was brought to a close with two songs by the Notre Dame Choir, "O Lovely Hour" by Chopin, and "Spring Is Come" by Strauss.

Presentation was made of diplomas and silver medals to those attaining honours in last spring's examinations of the Royal Conservatory of Music of Toronto.

Planning Reunion Of 105th Battalion

An enthusiastic meeting was held at the Legion Home last evening, of the members of the committee who are making the arrangements for the reunion of the members of the 105th Battalion. The date of the reunion has been definitely set for Tuesday, June 15, and every report indicates that there will be a very large number of the old boys on hand to celebrate and renew acquaintance with war-time comrades after such a long interval.

It has been arranged to mail very shortly to each of the four hundred and odd men whose present addresses are definitely known, a circular giving particulars of the plans made. Naturally, considering the very large group involved, the provision of a turkey dinner is a very considerable undertaking and consequently the committee found it necessary to set May 20th as the latest date for receiving replies from those who are going to be able to attend.

Newspaper advertisements will shortly be published which will also give full particulars about the reunion, in the hope of making contact with many others whose present addresses the committee as yet have been unable to obtain.

Formation at this first reunion after over thirty years of a One Hundred and Fifth Veterans Association is now practically assured and annual gatherings of the old boys will doubtless be held regularly hereafter. Tickets for the re-union have been printed and a finance committee was set up with the necessary banking authority to take care of receipts and disbursements.

St. Veronica's Guild

The regular bi-monthly meeting of St. Veronica's (Nurses) Guild was held at the Charlottetown Hospital on Monday, April 25th. Benediction was celebrated in the hospital chapel prior to the meeting.

The president, Mrs. Joseph Callaghan, presided, and the meeting opened with prayer, led by Rev. Father MacLellan, C.S.S.R., chaplain.

The minutes of the last meeting were read and adopted, and the treasurer's report showed a substantial balance. Following the reading of correspondence, reports of the membership and religious activities committees were submitted.

Plans were made for a Communion breakfast to be held at the Charlottetown Hospital.

Mrs. A. J. Kelly was voted as delegate to the Maritime Council of Catholic Nurses' Convention in Sydney in June. Miss Mabel Stordy was appointed as a Councillor to the M.C.C.N. for a two-year term.

Following adjournment of the meeting a discussion took place on parliamentary procedure, led by Sister Mary Stanislaus, C.S.M. A vote of thanks was presented to the speaker by Mrs. Mary Maddigan.

Lunch was then served by Mrs. George MacDonald, Mrs. Cletus Murphy, Miss Mary Carroll, Miss Shirley Pollard, who were in charge of refreshments.

Supplementary Estimates In Commons Tabled

OTTAWA, (CP)—Finance Minister Abbott tabled in the Commons Wednesday supplementary estimates for the 1953-54 fiscal year totalling $41,237,118 which he said was the smallest supplementary listing in seven years.

The $41,237,118 in extra estimated expenditure brings the government's total estimates for the present fiscal year to $4,446,213,354.

This compares with 1952-53 expenditures totalling $4,326,812,000 which included supplementary estimates of $77,680,383.

The biggest supplementary item was additional expenditures of $5,589,004 estimated by the public works department. They included $4,112,500 additional for acquisition, construction and improvements of harbors and river works with the biggest share, $1,285,000, earmarked for British Columbia and the Yukon.

Fine Job Of Reconditioning Naval Craft By Local Firm

A truly startling transformation has taken place in H.M.C.S. Westmount since she was first towed into port here in 1951, a paint-smeared battered remnant of a once great fighting ship.

Today she rides proudly under a smart navy coat of new paint and with a refit job inside that Mr. Alan Ferguson, president of Ferguson Industries, termed "one of the finest I have ever seen". From stem to stern and from the bridge to the engine room she is a new ship for all practical purposes. Mr. Ferguson's remark was a splendid tribute to the Island workmen who virtually remade the ship.

An outstanding feature of the change is the excellent cabinet work apparent throughout the cabins, messes and offices. The desks, built along the general lines of spinet desks, have support arms which automatically come out when the desk front is lowered into writing position. All the cabinet work was done by Island carpenters using materials purchased locally.

Engineer's Dream

The engine room is an engineer's dream come true, but only an engineer could fully appreciate the extent of the time and labor which went into the refitting of it. Every part is gleaming and the myraid gauges and valves appears ready for instant action.

The seamen's mess is arranged to accommodate 22 men and each has an individual locker under the seats where they sit for chow. Frames are all in place ready for the men to sling their hammocks and tables and benches ready for meals. The same thing holds true of the messes of the E.R.A.'s, the Petty Officers and the C.P.O.'s.

Galleys are fully equipped and a cook could step right in and prepare the meals at any time and there was many a reminiscent sigh from former navy men as they recalled the solid, substantial food they received on heaped up plates.

The hedgehog magazine is another work of art and a great deal of thought obviously went into planning of the "cages" which are so designed, especially for the Oerlikon ammo to take the different sizes of the Canadian or American types.

Ship Inspected

The management of Bruce Stewart Ltd. invited several guests to inspect the ship yesterday and a large number took advantage of the opportunity. Among those present was the last skipper the Westmount had before she was decommissioned. It was odd that her last captain, Lieut. Alistair MacLeod, should have a position in this city and then find that his ship was also here.

Among the distinguished visitors was His Honour Lieutenant Governor T. W. L. Prowse who was accompanied by his aides, Capt. J. J. Connolly, Lieut. Col. A. W. Rogers and Sqdn. Ldr. Alan Macmillan. The Lieutenant Governor inspected the ship and expressed his pleasure at the excellence of the work which had been done by local employees. He said if the firm and its workmen could turn out a job like that they certainly should have another ship.

Also present were Premier J. Walter Jones, Hon. A. W. Matheson, Hon. C. C. Baker, Hon. Dougald MacKinnon, Hon. Eugene Cullen and a large number of business and professional men of the city.

The arrivals were greeted at the gangplank by Lieut. Bert Campbell who introduced them to Mr. Ferguson. The latter entertained the visitors in the wardroom where a light lunch was served. Also attending the function was Mr. H. E. MacDonald, manager of the local plant, who has been in charge of the work since it was started. Mr. MacDonald conducted many of the visitors on a tour of the ship and kindly explained to them all that had been accomplished.

Stresses Work

Continued from page 1

A report will be submitted to the Minister of Public Works, Hon. Dougald MacKinnon, before any conclusion is reached but indications point to a programme whereby the Square will be topsoiled, planted with grass where required and then adequately protected by temporary wire fences in order to keep pedestrians from making short-cuts, which resulted in an eyesore for several years. An abundance of flowers and shrubs will probably be planted with a view to restoring Queen Square to the status of a beauty spot it once enjoyed, as a show place.
