SAFE BLOWING.—A Fredericton despatch says that an unsuccessful attempt was made to blow open the safe at the New Brunswick Railway Station, in that city on Monday night. A hole was drilled in the top of the safe and two others in the door for the purpose of shattering the lock. The explosion was not sufficiently strong to blow open the safe, and the robbers did not finish the job.

MOURNING GOODS.—Owing to the extraordinary good value in our Black Dress Goods this season, we have been almost completely sold out for the past three weeks. We have pleasure to inform the public that we are now receiving a large shipment of mourning fabrics and other goods, sent out by Mr. Paton, who is now in London, and will be pleased to show customers the very best goods that can be offered at bargain prices.—James Paton & Co. au22 3i

WON BY HARD WORK.—Mr. T. Doidge, of 372 Wellesley Street, Toronto, a fourth-year undergraduate at Toronto University, won "The Canadian Queen's" free trip to Europe by making over eleven hundred words from letters contained in the name of that magazine. Mr. Doidge worked over seventy hours to accomplish the task. He sails by the Parisian Sept. 3d, and will be abroad three months. The publishers of "The Queen" will soon announce another free trip to Europe word contest, with \$200 for expenses.

HE LOST THE OPPORTUNITY.—A useful hint to many young men may be derived from this little story which "The Springfield (Mass.) Union" prints: "Not long ago, a young man of this city had a most favorable opportunity to enter a business house in this state at a large increase over his present salary, with a prospect of soon getting a place in the firm. His recommendations were first-class, and the officers of the institution were decidedly pleased with his appearance. They, however, made him no proposals, nor did they state their favorable impressions. A gentleman of this city was requested to ascertain where the young man spent his evenings, and what class of young men were his associates. It was found that he spent several nights of the week in a billiard hall on Main Street, and Sunday afternoon drove a hired span into the country with three other young men. He is wondering why he didn't hear from the house concerning the coveted position."

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. spl18'904yeadwlv1v

Editor—How do you like my column of "comments and clippings?"

Old Subscriber—Oh, very well. I think it might be improved by putting in more clippings and fewer comments.

The port of Vancouver, British Columbia, is fast progressing to a first rank. Three years ago it was made a customs port of entry, and comparing the statistics of trade entry, and in the years ending June 30th, 1888, and June 30th, 1890, these remarkable increases are shown: The value of imports and exports increased from \$834,439 to \$1,183,905, the number of vessels inwards and outwards from 1,523 to 2,783, and the tonnage from 821,035 tons to 1,624,052 tons, while the value of goods entered for consumption rose from \$50,519 to \$210,516. In four years the population of Vancouver has increased from nothing to 15,000.

SPECIAL DESPATCHES TO THE EXAMINER.

Ottawa Notes.

OTTAWA, Aug. 22.

The Scotch farmers' delegates sailed yesterday for Canada under Dominion auspices, to see the crops of Manitoba and the Territories.

Middleton's farewell to the people of Canada is all the talk here. His version of the fur matter has created a profound sensation, and the Grits are already chuckling in anticipation of the capital they expect to make out of it. They are, however, doomed to disappointment.

The secretary of the Dominion Rifle Association was notified to-day that the team from the man-of-war Bellerophon will not be able to compete for the coming matches. Dr. McEachern, Chief Veterinary Inspector, has just returned from the ranches, District of Alberta. He speaks highly of its prospects.

The Geological Survey is endeavoring to secure fuller and more authentic statistics regarding the mineral output of Canada than has heretofore been possible. Provincial governments will be asked to cooperate.

A Fatal Run.

READING, Pa., Aug. 22.

Mount Penn gravity railroad mountain route encircles Mount Penn 803 feet above Reading. Cars are taken from the city to the top of the mountain and the returning cars allowed to go down the mountain by gravity by another route to the point of starting. About 10.30 this morning a car containing about 18 passengers was taken from the station to the top of the mountain and when it reached the point where the gravity portion of the road commenced, the engine was detached. The car ran away while the passengers were still on board. The distance to the point of starting was five miles and this was covered by the runaway car in about three minutes. When the car reached the foot of the plane it jumped the track and rolled down a 50 foot embankment landing upside down, with the passengers inside. Four were killed and two injured.

Mates, St. John; 3rd Vice President, Mrs. John Clarke, P. E. Island; Treasurer, Mrs. B. Smith, Amherst; Corresponding Secretary, Mrs. John March, St. John. The Executive Committee are about the same as last year.

Frost in Manitoba.

WINNIPEG, Aug. 22.

After many close calls, Manitoba got a touch of frost last night. There were two degrees of frost in Winnipeg, and this was general throughout the Province. The damage to late grain will, of course, be considerable, but the great bulk of wheat is either harvested or sufficiently matured to resist the frost.

The Answer is given in Three Words:

MAGIC HEALER SALVE.

WEST CAPE, August 4, 1890.

MRS. ROSS.—I wish to inform you that your "Magic Healer" Salve has proved a sure cure for Salt Rheum. A young lady residing in my house tested the Salve, and found it the best article she ever tried, after using other Salves without doing any good. I recommended her to try the "Magic Healer," and before using half a box, the Salt Rheum disappeared. I cheerfully furnish the above facts, and remain, yours, ALFRED McWILLIAMS.
