MEETING LAST NIGHT.—The meeting in Philharmonic Hall last night, under the auspices of the Orange Lodge, was well attended. Rev. J. P. Ennis presided, and a list of names of the patrons were a number of names of the members. The speakers were Mr. J. J. Beckline, Grand Master, and Rev. A. F. Thompson, of Bathurst, N. B., and Rev. A. This is the 1895 model, and has all the latest improvements.

A BABY BRIDGE.—A farmer, crossing the Fullerton's Marsh Bridge this morning, had his load of hay tipped over the side of it, one of the wheels of his cart having unavoidably lurched into one of the many pits cut into the surface. This fact may give an idea of the care bestowed upon our roads and bridges by the Peters Government—in an off election year. Had it not been for the embankment raised along the side of the bridge by the Marsh Company, the horse, load and all would certainly have fallen over the side, about ten or twelve feet, and been precipitated into the water. This bridge and the Kelly's Cross bridge are described as "in an awful state." They ought at once to be repaired.

THE HALIFAX.—The steamer Halifax arrived from Boston via Halifax and Hakesbury at six o'clock last afternoon with a miscellaneous freight and a number of passengers. Capt. Ronald McMillan, who went to St. John, N. B., last week to inquire into the extent of the damage sustained by the Elliott in the conclusion with the Cuba, returned this forenoon in his steamer. He understands that the Elliott's de-planking, timbers and ceilings are considerably damaged, and extensive repairs will be necessary before she will be restored to her former condition.

The collision was occasioned by the master and pilot of the Cuba not observing the "rules of the road," and the owners of that steamer are therefore responsible for the damage to the Elliott. The Elliott will proceed at once to Pictou or Halifax to be repaired.

We claim to know a thing or two about babies, and believe they are entitled to more business consideration than some grown-up folks give them. A baby can't vote, but that's no reason why he shouldn't have a nice cake of soap, a bottle of perfume, a package of powder and a puff for his exclusive use.

MARK WRIGHT & CO., LTD. Who Sell at Selling Prices.

Honest Dealing! PROTECTION To the Public!

Several of our competitors, who call themselves honest men, are again engaged in a war of prices. We are unable to see how it is right to sell goods at one price today and a much higher or lower price the next day. We believe it is a dishonest practice. We believe they are not acting honorably to the public.

Our stock is fresh, clean, new, and worth what we ask for it. It is good value. But whatever happens, we will not allow others to undersell us, and to do so is to have our goods sold at a price which we do not give the assurance that we will meet all our prices by any other firm.

We do not want to be distributors of dissatisfaction. Our motto is "Honest Dealing and Honest Goods at Honest Prices."

W. A. Weeks & Co., Wholesale & Retail. Charlottetown, Oct. 3, 1895.

ITEMS FROM GEORGETOWN. The exhibition and races are over, and the town has resumed its quiet air. The exhibition was voted a great success in point of exhibits and attendance.

The large gathering was orderly and well conducted, and everything passed off quietly. The Scott Act is being enforced here. If there is any one in the liquor business at present he is extremely careful to whom he sells.

All who know Hon. Daniel Gordon will regret to hear that he is not in good health just now. He was able to be about on Wednesday, however, and presided with ability at the agricultural meeting in connection with the exhibition.

Hon. Mr. Gordon is one of the solid men of the eastern metropolis, and is always among the first to encourage every good movement. It is to be hoped that he will soon be able to present again.

His Honor the Lieutenant-Governor, with Mrs. Howland and party, were guests of the Hon. Daniel and Mrs. Gordon during their stay in Georgetown.

Musical and literary entertainment was given in the public hall on Tuesday night, in aid of the school library, organ, etc. The hall was thronged, and the programme prepared for the occasion was carried out in a manner most creditable to all concerned.

The recitations by Miss Flo McKenzie, of Charlottetown, were well given, and were also the vocal solos by Miss Clements, of Murray Harbor, and Miss Prizel. The school dialogue in costume was well presented, and provoked considerable merriment.

The piano solos by Misses Annie Macdonald and Florie Aitken were well played, and the band boys acquitted themselves creditably. There were also several choruses by the school children, which were sung in good style. Miss Winnie Poole, who trained the children, deserves the greatest credit.

Mr. D. A. McKinnon, M. L. A., presided at the meeting. The roof of the railway station at this place is in a bad way, and requires some attention at the hands of the proper authorities. The shingles are fast becoming heavily decayed, and the opening between the boards are many and extensive.

THE WORLD OF SPORT. The Turf.

At St. John, on Wednesday, in the 2 35 class, Little Locket won. Best time, 2:35 2/5. Mary Mae second, C. R. Bill's Bellnut third and W. S. Balcom's Erica Morgan fourth. Champagne captured the running race in straight heats, with Rock Lee, of Halifax, second; Jumpaway, third. Best time, 1:51 2/5. In the three-minute class Bijou won in straight heats; C. R. Bill's Bellnut, second; Jen M., third. Best time, 2:32 3/4. Providence and Hudson were entered in the 2:35 class, but neither started.

The races at New Glasgow, N. S., on Wednesday were well attended. All Bird, owned by E. Cameron, Charlottetown, won the three minute class in straight heats. Time 2:29, 2:44, 2:44. Clara C., owned by H. T. Sutherland, New Glasgow, was second, and Wild Ivy, owned by J. W. Cassidy, Tatamagouche, third.

I do not believe the trotter or the pacer is at his limit yet by a good deal," said Bond Doble last week. The two minute mark may not be reached this year or next, but I expect to see it reached. I might guess, but conjecture is not valuable. As between the pacers John R. Gentry and Robert J., if I were to become a partisan I should stand by the little gelding. Gentry is a well-made, game horse, but although differently named the less well-gated. Robert J. seems to have the speed without the effort. As to trotters, Alex is the most probable record breaker.

Nancy Hanks was seven years old when she trotted in 2:04. Alex was six when she trotted in 2:03. Alex is seven this year, and she is in excellent shape, so far as I have heard. It does seem to me that she ought not to be at the limit of her speed."

Following are the summaries of the athletic sports at New Glasgow, N. S., on Wednesday: 410 yard run—George Paris, Montreal, first; Fred Smith, Truro A. A., second. Time, 2:41 seconds. 1 mile bicycle—W. S. Archibald, Antigonish, first; Willard Murray, Stellarton, second. Time 2:39.

High jump—Harry McDonald, New Glasgow A. A., 5ft. 2in. 3 mile bicycle—W. S. Archibald, Antigonish, first; Willard Murray, Stellarton, second. Time, 9:01 3/5. Putting the shot—D. C. Ross, Blue Mount, 37.65 ft. first; Alex. McDonald, New Glasgow, 37.05 ft., second; Alex. McDonald afterwards made an exhibition throw of 38 ft.

100 yards dash—George Paris, Montreal, first; Alex. McDonald, Pictou, second. Time, 1:04 5/8 sec. 5 mile bicycle—W. S. Archibald, Antigonish, first; Willard Murray, Stellarton, second. Time, 15:12 2/5.

The Britannia has finished racing for the season, and gone into harbor at Cowes to dismantle. She was flying 40 winning flags, including her success in English waters this year. The Prince of Wales has presented Mr. Carter, her skipper, with a large silver jug, in recognition of the able way in which he has handled the yacht.

The races at St. John on Wednesday were sailed in a breeze of twenty miles an hour. The course was a triangular one of twelve miles. In the two sailboat race the Knox boat won easily. Two of the boats had to retire on account of the heavy sea. In the first class sloop the only boats appearing for the start were Elijah Ross' Maple Leaf and the Canham yacht. Learning the Maple Leaf crossed the line in 1h. 28m. 59". This race has to be re-sailed as the Maple Leaf turned the wrong way. In the second class sloop, Mr. Troop's Sunol won, with the Rose second. The other four boats starting had to drop out in consequence of the heavy weather. A protest has been entered against the Sunol on the ground that she did not go over the whole course, but at least accounts no action had taken in the matter.

A new use for the cycle has been discovered by the English press. It can be used as a portable typewriter.

You will Live to Regret it if you Pass this without Reading. It is an advertisement of FIBRE CHAMOIS, but is straightforward and honest and means every word it says. If you wish to obtain double the warmth and satisfaction from your fall and winter clothing, have your coats and overcoats made up with an interlining of FIBRE CHAMOIS.

It will make them windproof. Bitter winter winds cannot penetrate and cold raw days may be disregarded. It is light in weight, durable and not bulky, and, being porous, the natural moisture of the body is not checked. It is so inexpensive that your tailor should charge nothing extra. All this applies to Ladies' Jackets or Wraps or Children's Outer Garments as well. Patented July 1890, March 1895. 135

turned to admirable purpose by the electoral agent, or even the candidates for a country district over a wide area. He can bestride his wheel, and digested in knickerbockers an sweat, drop in on the unsuspecting villagers in their expansive and also most receptive moments and discuss the "situation" with profit to himself.

The St. James Gazette, referring to the defeat by the Cambridge-Oxford cricket team by the Philadelphians, remarks:—"These defeats of English athletes across the Atlantic are becoming monotonous. If there is one thing we could do we thought we could play cricket. America is now taking up that game, though it was never popular there, yet even at cricket they have contrived to beat us."

The Boston Standard claims to have inside information to the effect that the Corbett-Fitzsimmons fight will be pulled off at New York. It says that a party of sporting men have been in New Brunswick for the past ten days completing arrangements.

Another Liberal Protest. Sir.—In yesterday's issue of the Guardian I noticed several references to, or extracts from, a paper called The Templar, edited by W. W. Buchanan, Esq., of Hamilton, Ont. What was said by that paper was, no doubt, true, especially on the Prohibition question. What was said by the Guardian was good enough as far as it went, but it did not go far enough to suit many of the readers of the paper and the temperance people. Why did it not give to the public that portion of the letter that had reference to the Hon. L. H. Davies and his relation to, and dealings with, the subject of Prohibition? Was that part of the letter accidentally overlooked, or was it kept back for a purpose? I am glad, Sir, to see in your paper of last night that you did not overlook that reference that was made to our leading politician, and that you have placed him in his true colors before the public. Well might we ask, is it true that our Leader of the P. E. I. Liberal, who represents a Prohibition county, who should take a strong and decided stand for temperance in this city, which means a drinking club, over which the law appears to have no control? I have so far been a Liberal in politics; I am a lover of principle and truth. I despise false pretences and shams. Therefore, if the Hon. L. H. Davies is a friend of the saloon venter, and acts in opposition to the temperance people, it is high time the same should be known. Then we will govern ourselves accordingly, for such a man is not worthy to receive the support of the well wishers of state or church.

MARRIED ABROAD.—Concerning the marriage of Mr. Steve Saunders, formerly of Charlottetown, the Democrat, published at Everett, Wash., says: "Steve Saunders, editor of the Marysville Globe, and Miss Mary Swinerton, daughter of ex-Mayor Swinerton, were married at the residence of the bride's parents, in Marysville, on Sunday last, Rev. Richard Bushell officiating. Mr. Saunders is one of the brightest newspaper men in the state. His keen wit and clever paragraphing have won for him much admiration among the newspaper fraternity, and the readers of his bright, spicy local paper have shown their appreciation of his merits by giving him generous patronage. Miss Swinerton, the bride, is one of Maryville's most estimable young ladies, and is a great favorite among the young people of her acquaintance. Mr. and Mrs. Saunders left on the evening train for Victoria where they will visit for two or three weeks. The Democrat extends to them its best wishes and kindest regards."

Juvenile Dancing. "Nothing appears to me to give Children so much confidence and so to raise them to the conversation of those above their age, as dancing. I think they should be taught as dancing as soon as they are capable of learning it, for though this consists only in outward gracefulness of motion, I know not how, it gives them many thoughts and carries more than anything.—Locke on Education."
